I wrote pleading guilty to all charges  
I caught in this jail. And I'm entering another

**Addendum to Forensic Report**

**IDENTIFYING INFORMATION:**

**DEFENDANT:** Abdul Hakim Muhammad  
**DATE OF BIRTH:** 7/9/85                      **AGE:** 25  
**DEFENDANT'S HOSPITAL NUMBER:** 702421  
**CHARGES AND DOCKET NUMBERS:** Possession of Use of Weapons by  
Incarcerated Persons, Battery in the Third Degree (60CR10-1823)  
**DATE OF COURT ORDER:** 7/9/10  
**DATE OF EXAMINATION:** 8/13/10  
**PLACE OF EXAMINATION:** Forensic Unit of the Arkansas State Hospital  
**DATE REPORT SUBMITTED:** 8/16/10  
**REFERRED BY:** The Circuit Court of Pulaski County, 4th Division

The following information is an addendum to the Forensic Report dated 7/12/10. Information pertaining to the charges Possession of Use of Weapons by Incarcerated Persons and Battery in the Third Degree (60CR-10-1823) should be included in the original report. The additional information did not alter the opinions expressed in the original Forensic Report dated 7/12/10.

**INTERVIEW AND DISCLOSURE OF NON-CONFIDENTIALITY:**

Mr. Muhammad returned for a brief interview on 8/13/10. At the outset of the examination I reminded Mr. Muhammad of the nature and purpose of the examination, that his participation was voluntary and not confidential, that a report would be made to the court and that testimony may be required. I reminded Mr. Muhammad that he did not have to answer questions or make any self-incriminatory statements. I informed the defendant that, because he had been charged with a crime that could lead to the death penalty, anything he told me could also be used in determination of his sentence if found guilty. He indicated that he understood and was willing to be interviewed.

**FORENSIC EXAMINATION**

**OFFICIAL VERSION OF THE OFFENSES:**

The Pulaski County Sheriff's Case Summary documented the following:

George McFee stated on 10/24/2009 Abdul Muhammad cut his left hand with a sharp object while Mr. McFee poured juice at cell#T-305. Mr. McFee stated this

incident stemmed from Mr. Muhammad getting mad at him for talking during the news.

During a post Miranda interview with Mr. Muhammad, he admitted to cutting Mr. McFee on 10/24/2009. Mr. Muhammad stated he felt disrespected by Mr. McFee during an argument over Mr. McFee arguing during a news cast.

#### **DEFENDANT'S ACCOUNT OF THE OFFENSES:**

According to Mr. Muhammad, Mr. McFee had been arguing with another inmate. The defendant told him to be quiet so he could hear the news on the t.v. Mr. McFee began to curse him out and "talk trash."

Mr. Muhammad stated that he had taken a temple piece from his eye glasses and fashioned a shank by wrapping one end of the temple to form a handle. Mr. Muhammad stated he planned on stabbing Mr. McFee with the shank. He reported that he hid the weapon in his cell to avoid it's detection by jail staff. He waited five days until he had an opportunity to stab the alleged victim. When Mr. Muhammad saw that Mr. McFee was pouring juice to the inmates he "grabbed the weapon to stab him." When the flap to his door was opened, he thrust the weapon through the slot attempting to stab Mr. McFee.

When asked if, at the time of the alleged offenses, he understood possessing a shank and attempting to stab others was against the law Mr. Muhammad responded, "At the time? I don't recognize American law. But, yea, I knew it was against American law." The defendant stated, "He ran his mouth, blasphemed Allah. So, I stabbed him." Mr. Muhammad stated that he also attempted to stab the alleged victim to send a message to others in jail not to mess with him.

#### **MENTAL STATUS EXAMINATION:**

Mr. Muhammad is a male with fair personal hygiene. He wore a jail issue jumpsuit. His hands and feet remained in shackles during the interview. He had clean shaven head and unkempt beard. He talked in a conversational and respectful manner during the interview. He engaged well. He demonstrated a normal level of eye contact and psychomotor activity. He spoke in a normal rate and tone. He responded to questions directly and in a clear, understandable manner. We discussed events since his last interview at the Arkansas State Hospital. Mr. Muhammad neither reported nor demonstrated symptoms of psychosis, such as paranoia or hallucinations. He voiced no delusional thoughts. He reported no thoughts of harming himself. Based on interactions and general level of vocabulary used in the interview, Mr. Muhammad demonstrated his intelligence to be in the Average range of intellectual functioning.

## **FORENSIC OPINIONS:**

### **OPINION ON THE CURRENT MENTAL CONDITION OF THE DEFENDANT:**

Mr. Muhammad did not have any mental illness at the time of the alleged crimes or this evaluation.

Based on the above, he has no diagnoses:

Axis I: None

Axis II: None

Axis III: None

**OPINION ON THE PRESENCE OR ABSENCE OF MENTAL DISEASE OR DEFECT AT THE TIME OF THE ALLEGED OFFENSES:** It is my opinion that at the time of the alleged conduct, should the fact finder conclude that Mr. Smith committed the alleged offenses, he did not have a mental disease or a mental defect. This opinion is based on the following information:

1. Based on my examination, the defendant did not have a substantial disorder of thought, mood, perception, orientation or memory that grossly impaired judgment, behavior, capacity to recognize reality or ability to meet the ordinary demands of life at the time of the alleged offenses, indicating no mental disease.
2. Based on Mr. Muhammad's educational history, IQ testing and participation in this evaluation, he had a level of intelligence in the average range, indicating no mental defect.

**OPINION ON THE DEFENDANT'S CAPACITY TO APPRECIATE THE CRIMINALITY OF HIS CONDUCT AT THE TIME OF THE ALLEGED OFFENSES:** It is my opinion that at the time of the alleged conduct, **Possession of Use of Weapons by Incarcerated Persons, Battery in the Third Degree (60CR10-1823)**, should the fact finder conclude that Mr. Muhammad committed the alleged offenses, he did not lack the capacity to appreciate the criminality of his conduct. This opinion is based on the following information:

1. At the time of the alleged conduct, Mr. Muhammad had no mental disease or defect that would have rendered him incapable of appreciating his actions as unlawful.
2. Mr. Muhammad reported that he appreciated, at the time of the alleged events, that the alleged offenses were against American law. In addition, he demonstrated that he had the capacity to appreciate laws and rules by his attempts to avoid detection of the fabricated weapon by hiding it from jail staff.

**OPINION ON THE DEFENDANT'S CAPACITY TO CONFORM HIS CONDUCT TO THE REQUIREMENTS OF THE LAW AT THE TIME OF THE ALLEGED OFFENSES:**

It is my opinion that at the time of the alleged conduct, **Possession of Use of Weapons by Incarcerated Persons, Battery in the Third Degree (60CR10-1823)**, should the fact finder conclude that Mr. Muhammad committed the alleged offenses, he did not lack the capacity to conform his conduct to the requirements of the law. This opinion is based on the following information:

1. At the time of the alleged conduct, Mr. Muhammad did not have mental disease or defect that would have rendered him incapable of conforming his actions to lawful requirements.
2. Mr. Muhammad demonstrated that he had the ability to control his behaviors at the time of the alleged offenses of as evidenced by his ability to make a shank from objects available to him in jail, wait approximately five days until he had an opportunity to reach Mr. McFee, and wait until the specific inmate he targeted opened the flap door to his cell.
3. The defendant stated that he attempted to stab the alleged victim because "He ran his mouth, blasphemed Allah" and to send the message to other inmates not to mess with him. These are rational reasons for the defendant's alleged behaviors not related to mental disease or defect.

RESPONSE TO DISCOVERY MOTION

Come now the State of Arkansas by Larry Jegley, Prosecuting Attorney, and its response, states:

1. It is the long-standing practice of the Prosecuting Attorney of the Sixth Judicial District to have an "open file" policy whereby defense attorneys can inspect the entire file upon three days notice up to three days prior to trial.

2. The "open file" policy satisfies the Prosecuting Attorney's discovery obligations, pursuant to Rule 17.2(b) Arkansas Rules of Criminal Procedure.

**MOTION FOR DISCOVERY**

Defendant moves for discovery pursuant to the Arkansas Rules of Criminal Procedure and the Constitutions of the United States and the State of Arkansas whether the information sought is in the possession of the Prosecuting Attorney, ACIC, NCIC, Arkansas State Crime Lab, a Drug Task Force, or any other police or law enforcement agency (A. R.Crim.P. 17.3). Accordingly, the State should provide the following:

1. The names and addresses of persons whom the state intends to call as witnesses at any hearing or trial sufficiently in advance of that hearing or trial to permit preparation. A. R.Crim.P. 17.1(a)(i).
2. Any written or recorded statements or the substance of any oral statements made by defendant or a codefendant or a potential codefendant or any one given legal or de facto immunity to provide information or testimony. A. R.Crim.P. 17.1(a)(ii). This includes statements intended to be used as admissions. A.R.E. 801(d).
3. Any reports or statements of experts in this case, includes the results of

any physical or mental examinations, scientific tests, experiments, or comparisons. A R.Crim.P. 17.1(a)(iv).

4. Any books, papers, documents, computer records, photographs, video tapes, or tangible objects, including any recreations, whether generated animations or whatever, which the state intends to use at any hearing or trial in this case or which were obtained from or belong to the defendant. A. R.Crim.P. 17.1(a)(v).

5. Further, the state should provide similar disclosure of anything that it does not intend to use at any hearing or trial in this case because its non-use indicates a great potential that it is Brady material. *Brady v. Maryland*, 373 U.S. 83 (1963).

(a) Defendant specifically requests production of the notes of the officers from which reports in the file were produced. Those notes commonly include information about the leads that did not pan out and people talked to that may have known something else.

(b) The State must make a specific request for production of these notes from the officers because it will not be in an "open file", and a discovery response that merely directs defense counsel to come and copy their file does not comply with this request.

6. Any record of prior convictions of any person who may be called as a witness at any stage of this proceeding whether presently known or capable of being ascertained by an ACIC or NCIC check. A. R.Crim.P. 17.1(a)(vi).

7. Any inducements, promises of leniency, consideration (financial or otherwise) or anything else that is potential impeachment evidence against a confidential informant or any other witness. A. R.Crim.P. 17.1(b)(iii), (d); *Brady v. Maryland*, supra; *Kyles v. Whitley*, 514 U.S. 419 (1995); *Strickler v. Greene*, 527 U.S. 263 (1999); Arkansas Rules of Professional Conduct, Rule 3.8(d), including any written or oral agreements or any documentary evidence concerning an informant or “cooperating individual” that:

(a) provides for leniency, protection from arrest, prosecution, or forfeiture, sentencing recommendations, or anything of the kind from any past, present, or future criminal acts;

(b) provides for payment of anything of value for his or her services including proof of payment, IRS 1099s for their payments, informant’s tax returns;

(c) proof or summaries of the payments to the informant.

(d) Any psychiatric or drug rehabilitation history of informants.

8. The relationship between the state and any witness the state will call as a witness; e.g., employee of any governmental entity, informant status, witness in this or another case, a defendant or formal defendant in a criminal case in district, circuit, or federal court. A. R.Crim.P. 17.1(b)(iii).

9. Whether there has been any electronic (including audio, video, or digital) Surveillance or recording of conversations of the defendant (including surreptitious recordings of him while in a police interview room) statements or his or her premises,

copying of e-mail or similar electronic transmissions, consented to by one party to the conversation or not: A. R.Crim.P. 17.1(b)(ii); along with a description of the recording and copies of any transcripts.

10. As to any searches and seizures:

(a) Disclose and permit inspection, copying, or photocopying of documents of any material or computer or computer-like memory, disks, or hard drives concerning any searches and seizures of the defendant or his or her property or statements that he or she allegedly made. A. R.Crim.P. 17.1©.

Copying computer disks and hard drives requires copying “invisible” files that are not visible on the directory but which are still present on disks.

(b) If a search warrant was relied upon, provide a copy of: (i) the warrant, (ii) all materials used to obtain the warrant, and (iii) the inventory.

(c) If inventory search may be relied on as a justification for the search, please provide the police department’s policy on conducting inventory searches because it is the state’s burden to justify the search.

11. As to impeachment (“Brady”) evidence:

(a) Any other evidence or thing in the knowledge of possession, or control of the state (A. R.Crim.P. 17.3) or its agents which tends to negate the guilt of the defendant as to the offense charged (including anything which tends to impeach a state’s witness) or would tend to reduce the punishment for the offense.

A. R.Crim.P. 17.1(d): *Brady v Maryland*, supra; *Kyles v. Whitley* supra; *Strickler*

v. *Greene*, supra: Arkansas Rules of Professional Conduct, Rule 3.8(d).

(b) Impeachment evidence includes statements of witnesses where they are even slightly inconsistent in their versions of events from one statement to the next (oral statement to written; two written statements; etc.). *Strickler v. Greene*, supra; *Kyles v. Whitely*, 514 U.S. at 452 (even if statements of not all witnesses are impeachable); *United States v. Sudikoff*, 35 F. Supp.2d 1196 (C.D.Cal. 1999).

(c) This includes any evidence that anyone else was at one time considered a suspect. *Fairchild v. Lockhart*, PB-C-83-272 (E.D.Ark.).

(d) The prosecuting attorney has a duty to inquire of the police to be certain that all potentially discoverable “Brady” material has been discovered, provided to the prosecutor by the police, and disclosed. *Kyles*, 514 U.S. at 437-38 (Brady includes material known by the police and not the prosecutor; “the individual prosecutor has a duty to lean of any favorable evidence known to others acting on the government’s behalf in this case, including the police.”)

(e) Negative evidence; e.g., as the results of any type of scientific test that failed to connect the defendant to the crime such as absence of fingerprints, physical, or serological evidence or presence of such evidence of another. *Patler v. Slayton*, 503 F.2d 472 (4<sup>th</sup> Cir. 1974).

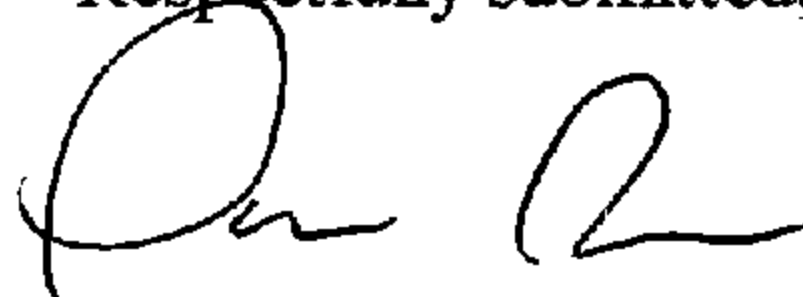

(f) The fact that a witness has testified falsely even in an unrelated case. *United States v. Mastir*, 547 F.2d 932 (5<sup>th</sup> Cir. 1977).

12. Any 404(b) evidence; A.R.E. 404(b); which the state intends to or may use against the defendant.

13. Any evidence which could be used in the punishment phase against the defendant under Ark. Code Ann. §16-97-103.

14. While it goes without saying that parties have a continuing duty to disclose material that comes into the party's hands after a previous disclosure (A.R.Crim.P. 19.2), defendant reasserts this right.
