**[FBI informants and spies infiltrate mosque, Government crosses the line in California](#)**

Filed under: [From the Desk of Imam Mahdi Bray](#) — Imam Mahdi Bray @ 12:12 pm

The American Muslim community is actively engaged in fighting terrorism and violence, regardless of the perpetrator. This being the case, why in the hell is our government sending to our mosques paid criminal agent provocateurs to incite violence and unlawful conduct?

Check out the piece below.

Quote of the Day:

Terrorist in the Masjid Captured

Who is this crazy violent-talking Muslim guy?

Up in the masjid trying to corner you and I?

Why, it's brother agent provocateur.

Wearing his kufi and camera and much more.

He's a masjid spy.

Bought and paid for by the FBI.
