

## Chapter of Honour

Out of revenge for prestige, patriotism and rebelling  
tyranny and suppression, I consider those mentioned below as my  
bitter enemies and they must be annihilated & exterminated.

1. The First Enemy: Americans - Britons - French (though the French  
now seem friendly after Chirak's visit to Palestine) and the  
Zionists. These 3 Big Powers are the first enemy to the Palestinians  
ever since their three-partite Declaration in the early fifties,  
and they are responsible for turning our people, the Palestinians,  
homeless. The Zionists are the paw that carried out their savage  
aggression. My restless aspiration is to murder as many of them  
as possible, and I have decided to strike at their condens  
in New York, and at the very Empire State Building in particular.  
The Zionites have usurped my father's land at Abbasiya near  
Lydda Airport and which is now worth ten million US dollars at least.
2. The Second Enemy: a gang of rogues who attacked me on  
Saturday 26/6/1973 at my office in Gaza (Darakj), because I  
didn't agree to their command asking me to help them  
cheat in the final examination (awjih). They were seven, and  
I have so far identified two of them, viz.: Ammar Khalza (1)  
Darweesh and Mohammed Awnath (the latter has a shop for  
selling water-pipes in Gaza (Zaitoun). If I could identify the  
others, ready to pay a reward for knowing them, I will kill  
all of them in revenge for this brutal attack, if I had the  
chance after the first strike.
3. The third one: A ranking officer in the Egyptian Police  
Force, who had insulted and beaten me savagely for some  
passport formalities when I was in Cairo in the early  
eighties and without any justification. I didn't know  
his name, but I located his residence at Sobki Street  
at Dokki in Cairo, near Egypt Farm Company, and he  
must be killed with his brother who helped him.

• 4. The Fourth Target: Three students in Cherkasy town in Ukraine: Mohammed Al-Hadeedy, Sami Abu 'Amra and Mahmoud Al-Mohrasib (the latter's residence telephone in Gaza is 861168), all of Gaza, because they had beaten and blackmailed my son Al-Anbeer. Sami Abu Amra usurped ₩250 from my son and brutally beat him when he was sick. The first two: Hadeedy and Abu 'Amra must be killed.

It is to be made clear that any act of provocation or offence against me, or any attempt to impede my course of action shall be vigorously combatted whatever the consequences may be.

It is to be placed on record that I must have carried out the first action a long time ago, but I waited up all through this period with family obligations, observing certain commitments; at first towards my late parents, brothers and only sister, and later towards my children in an endeavour to help them lead a better life and with dignity. Now the American people must understand this message which runs deep in the blood of every real Palestinian.

I have written this Charter while I am in full senses and consciousness, aiming at informing all who may heed it with the pros & cons and facts of the matter that led to this course of events, reiterating that we will never yield to any oppression or humiliation.

Either a life of Dignity & Glory or utter death  
Gaza, 1st January 1996  
(This is the original date  
of medication).
