

Charter of Honour

Out of revenge for prestige, patriotism and retarding tyranny and suppression, I consider those mentioned below as my bitter enemies and they must be annihilated & exterminated -

1. The First Enemy: Americans - Britons - French (though the French now seem friendly after Chirak's visit to Palestine) and the Zionists. These 3 Big Powers are the first enemy to the Palestinians ever since their three-partite Declaration in the early fifties, and they are responsible for turning our people, the Palestians, homeless. The Zionists are the paw that carried out their savage aggression. My restless aspiration is to murder as many of them as possible, and I have decided to strike at their own den in New York, and at the very Empire State Building in particular. The Zionists have usurped my father's land at Abbasiya near Lydda Airport and which is now worth ten million U.S. dollars at least.

2. The Second Enemy: a gang of rogues who attacked me on Saturday 26/6/1993 at my office in Gaza (Daraj), because I didn't agree to their command asking me to help them cheat in the final examination (Tawjihi). They were seven, and I have so far identified two of them, viz: A--- K--- D-- - and M---A--- (the latter has a shop for selling water-pipes in Gaza (Zeitoun). If I could identify the others, ready to pay a reward for knowing them, I will kill all of them in revenge for this brutal attack, if I had the chance after the first strike.

3. The third one: A ranking officer in the Egyptian Police Force, who had insulted and beaten me savagely for some passport formalities when I was in Cairo in the early eighties and without any justification. I didn't know his name, but I located his residence at S--- Street at D--- in Cairo, near Egypt Farm Company, and he must be killed with his brother who helped him.

4. The Fourth Target: Three students in Cherkassy town in Ukraine: M--- Al-H---, S--- A--- A--- and M--- Al-M--- (the latter's residence telephone in Gaza is ---), all of Gaza, because they had beaten and blackmailed my son Al-Ameer. S--- A--- A--- usurped \$250 from my son and brutally beat him when he was sick. The first two: H--- and A--- A--- must be killed.

It is to be made clear that any act of provocation or offence against me, or any attempt to impede my course of action shall be vigourously combatted whatever the consequences may be.

It is to be placed on record that I must have carried out the first action a long time ago, but I was tied up all through this period with family obligations; at first toward my late parents, brothers and only sister, and later toward my children in an endeavour to help them lead a better life and with dignity. Now the American people must understand this message which runs deep in the blood of every real Palestinian.

I have written this Charter while I am in full senses and consciousness, aiming at informing all who may read it with the pros & cons and facts of the matter that led to this course of events, reiterating that we will never yield to any oppression or humiliation.

Either a life of Dignity & Glory or utter death.
