

DECLARATION OF SPECIAL AGENT BRENT E. POTTER

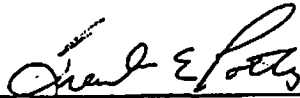

1. I am a Special Agent (SA) of the Federal Bureau of Investigation (FBI), United States Department of Justice, and I am assigned to the Chicago Division of the FBI. I have been employed by the FBI as a Special Agent for approximately the last five (5) years. The following statements are based on my own investigation and information I received from others, including other law enforcement officers.

2. A confidential source (CS) provided information to the FBI and the Office of the United States Attorney for the Northern District of Illinois concerning the Global Relief Foundation (GRF), including original pamphlets and newsletters which appear to have been produced by or at the behest of GRF. These items, including the titles "Stop the Bloodshed" and "Al Thilal," were primarily written in Arabic and some appeared to be undated. Based upon examination of similar documents recovered during the course of FBI investigation, as well as the context of the events described in the items provided by CS, I estimate that these documents were produced during the 1994 to 1996 time frame.

3. The Arabic writing in these documents was translated to English by Language Specialist Akram J. Bahadri, FBI, Chicago Division.

4. I declare under penalty of perjury that the foregoing is true and correct.

Global News, an explanation of Zakat (*Charity*) guidelines:

Zakat, it's guidelines, it's disbursement, and it's calculation ,

Thanks be to God of the universe, as they should be for the sake of His grandeur, and the greatness of His rule, and peace be upon his noble Prophet, and upon all of his family and companions.

Know of Brother/Sister that Zakat is God the Almighty's right in your wealth, and it is one of Islam's five pillars. It's disbursement is specified in God the Almighty's words, (*Quranic verse*).

The poor (those who do not have money, they do not have a source of income, or their earnings are very minimal), the indigent (those whose needs are barely met, and sometimes not), those who work on it (those whom the Imam used to collect the Zakat and to distribute it to those who deserve it), those whose hearts are in harmony (those who have entered Islam recently, in order to make them steadfast), on the necks (for the manumission of slaves), the overwhelmed (those who have many debts), for God's cause (the Jihad, they (the Zakat funds) are disbursed for equipping the raiders, for the purchase of ammunition and food, and for their (the Mujahideen's) transportation so that they can raise God the Almighty's word and protect the gaps), the wayfarer (the traveller who is in need of money and is unable to access his own). Imam Malek said "the type of need, of these eight categories, should be investigated, and the Zakat disbursed for the most urgent", and it is likely that the most important of disbursement of Zakat in our times is on the Jihad for God's cause, because it represents protecting the (*Islamic*) Nation and it's dignity, and defending the honors of Muslims and their holy sites. The most important of what Zakat should be paid on, are two items:

1. Currency: Zakat should be paid if you have exceeded the Nisab (3 ounces of Gold=\$1,200, approximately), and one Lunar year has passed since you acquired them. 2.5% is due on your total wealth to include, your checking and savings accounts, money which you have lent to someone and which will be returned to you, deposits which you pay when renting your house, tax refunds, and other similar entitlements.

GRF-00652

2. Business transactions: The merchandise which is being sold, such as household items, foods, cars, etc. must be appraised at their purchase price at the time of Zakat payment. 2.5% is due on the total value, if one lunar year has passed since you acquired them, and you have exceeded the Nisab at the time of Zakat payment.

We invite you oh brother/sister in God, to pay your obligatory Zakat, and to make the Global Relief Foundation your messenger of goodness, and we will, God willing, disburse it as specified in Bosnia, Kashmir, Afghanistan, Tajikistan, and Lebanon. You can specify which of our Zakat-eligible projects your Zakat and gift should be spent on-by using the envelope specified for such use. For more details on the calculation of Zakat, please call us at 708-233-1473.

**Note:**

1. To obtain the value of Nisab, please check on the value of an ounce of Gold at the time of paying your Zakat.
2. We ask that you use the table on the facing page to calculate your Zakat, and to specify in the memo section (of your check) that you are paying your wealth Zakat, Fitr Zakat, or a gift.
3. Checks should be payable to the Global Relief Foundation.

Global News, an article promoting support for Afghanistan:

Afghanistan, the wronged issue

\*Afghanistan has historically played a critical role in central Asia.

\*Islam came to Afghanistan during the rein of Omar Bin Al-Khattab, peace be upon him, and it became the gateway (of Islam) to the land of Khurasan (the ancient name of the region).

\*During the modern era, Britain was dealt a humiliating defeat in 1919. India was defeated as well, and it was invaded more than 19 times by the known Afghan leader, Ahmad Al-Ghaznawi. Maybe Britain's division of the area's geography, and the creation of Pakistan was to separate Afghanistan from the Indian borders, and this is a testimony of the toughness and danger of the Afghans in the area.

\*In the sixties, pro-east and pro-west secular movements appeared, and were represented by the communist and social parties which began to intensify its activities through the students' unions at the University of Kabul.

\*At the same time, the nucleus of the Islamic movement was formed in 1968 by twelve youths at the University of Kabul, among whom was the Engineer Qalbuddeen Hikmatyar. Other Islamic personalities that are known today, joined at a later time.

\*In October 1978, and with the direction and support of the Russians, Taraqi led a coup against King Dawood, and established the first republican communist government in Afghanistan.

In December 1979, the Russian forces invaded Afghanistan in order to support the communist regime in Kabul, and to reach the warm waters and petroleum sources.

\*On 2/15/89, the Red Army was forced to withdraw from Afghanistan in disappointment and defeat. This was the last nail which the Mujahideen pounded into the coffin of the Soviet Union which suffered a fatal blow, and the communist ideology was defeated, with God's blessing, and at the hands of the Afghan Mujahideen, and the non-Afghan Ansar Mujahideen.

GRF-00654

\*Following the defeat of Communism, the west took it upon itself to destroy the fruits of this blessed Jihad, and the international conspiracy began to halt the establishment of an Islamic nation, by exerting international pressure on the Mujahideen to share the rule with the Communist regime.

\*The conspiracy was revealed in its worst forms on 4/26/92, when the United Nations orchestrated the resignation of the Communist president Najeebullah, and announcing the Communist/Shiite/Masood coalition. One of the coalition's top priorities was preventing the Mujahideen, especially the forces of Hikmatyar, from entering the capital, Kabul.

\*In spite of the strength of this coalition which was supported internationally and regionally, the Hizb-e-Islami (Islamic Party) forces, under the leadership of Hikmatyar, was able to dismantle this coalition by neutralizing the Uzbek militias, and making the pro-Iranian Shiite forces attack each other.

And the fighting is still on-going between the two sides..The coalition forces which want a democratic nation, and the other side which will accept nothing less than an Islamic nation; this after the masks fell and the ranks became distinguishable.

\*The need is unimaginable..the handicapped..the daily injuries..the mines (left by the Russians)..education..medicine..food..

Global News, an article promoting support for Kashmir:

Muslim Kashmir: And the turn of the Hindus has come

\*Kashmir is a historic Islamic land which was usurped by the Hindus unjustly when Indian forces occupied the land of Kashmir in 1974.

\*Since the beginning of the Indian occupation, the role of the Islamic movement in Kashmir has been to strive to enlighten the Muslims through the construction of schools and model institutes, through the propagation of Islam, and through demanding the independence of Muslim Kashmir or annexing it to Pakistan.

\*The Kashmiri Islamic movement commenced its armed Jihad against the Hindu forces in 1990, and it has made numerous sacrifices in order to liberate what has remained in the hands of the Hindus of Kashmiri land, which is estimated to be 63% (of the total area of Kashmir).

\*The oppressive practices of the Indian authorities against the Muslims defy description due to their enormity and ugliness, and they do not target only the Kashmiri. The Hindus have declared this an ideological war which targets Islam and the Muslims in all of the Indian sub-continent.

\*The union between the aims of the Indian Hindu authorities and the new world order was the result of having assigned the role of uprooting Islam, to India. This in turn led to robbing the Kashmiri people of its right to self determination, and led to India's absorption of 63% of the land of Muslim Kashmir.

Generous brother/exalted sister, this is an invitation for you to do what God has commanded. Would you be in the first ranks of giving and sacrifice, and to take some of the responsibility.. (Quraanic verse).

Global News, an article promoting support for a Quraan memorization school in Peshawar, Pakistan:

The best of you is he who learns the Quraan and teaches it. *(a verse from the teachings of the Prophet Mohamed)*

The Quraan memorization school in Peshawar, Pakistan

One day I met one of the brothers on my way to the mosque to perform dusk prayer, and he said "I saw an amazing thing today."

I said "May it be good God willing" and he said "By God brother, today I felt as if I was living during the time of the companions and followers *(of Mohamed)*." I said "brother, you have gotten me interested, will you explain?" He said "I was on my way to the market, and I decided to make a stop at the mosque and say my prayers, then be on my way." He stopped for a moment, as if recalling the details of what he was about to say, then he took a deep breath and said "when I was near the mosque I heard a sound much like that of the buzzing of bees, coming from the direction of the mosque. It was faint at first then it increased in volume, until I entered the mosque's outer yard and it became like thunder filling the air. Then I started to distinguish the individual voices and phrases, and I saw that it was a large group of Afghan children of all ages, each of them with a Quraan in his hands, reading in unison with the rest of his brothers. When I looked at their faces, I felt the warmth of the light which was radiating from them. When I asked, I was told that these were students of the Quraan memorization school which is located next to the mosque. My friend paused, then he continued "by God brother, I can not describe to you my feeling when I saw these kids. I wished that I had wings so that I can fly to our countries and our mosques and tell the people, this is how we must raise our children. I wished that the Muslims in all of the countries on earth were with me at that moment so that they could see what I saw and hear what I heard. A pride like no other. By God, a generation such as this, being raised among the houses of God, and under the shadows of God's book. How I wish that it *(Islam)* tame the earth and rule it.

"Muslim brother, Muslim sister,

The Prophet of God, peace be upon him, said -The best of you is he who learns the Quraan, and teaches it-..And we, at the Quraan

GRF-00657

memorization school, which is sponsored by the Global Relief Foundation are very committed to raise a generation of reciters of God's Book, who will also be very knowledgeable about other religious sciences, so that they can be a treasure of Afghanistan of the future, and leaders of the Daawa (propagation) march, and carriers of the flags of Islam and Jihad, and be keen and aware.

The sponsorship of one student for an entire year does not exceed \$190, and we invite you to invest one, five, or ten sponsorships in the future of Afghanistan, in the future of the coming Islamic rule, God willing. So don't let this opportunity pass you by.

Global News, an article promoting support for Tajikistan:

"Tajikistan, the forgotten issue"

\*Tajikistan occupies a strategic position in central Asia, where the vital land route connects Pakistan and Russia, through Afghanistan.

\*Among Tajikistan's most important exports are silk and cotton, and hydro power is considered to be the most important local energy sources, which provides a cheap and clean source of electric energy.

\*The victory of Islam in Tajikistan will have a tremendous regional and international impact, because of Tajikistan's location between China, Pakistan, and Afghanistan. The concentration of Islam in these neighboring countries (Pakistan, Afghanistan, Tajikistan) is the true danger which the east and west must calculate for, and fear that it may grow.

\*10,000 Russian troops continue to be stationed at the border between Tajikistan and Afghanistan, in order to prevent the resupply of the Tajik Mujahideen across the Afghan border.

\*In spite of the fall of the Soviet Union, the Communist hold on Tajikistan remains strong, as an attempt to stand in the way of the anticipated Islamic tide, and in order for it not to become a source of concern for Moscow.

\*The Moscow-backed Communist regime killed and shed the blood of approximately 100,000 innocent, raped Muslim women, and exiled more than 100,000 families to Afghan territories; all of which was done to slow down the Islamic Jihadist movement which opposes the government in Dushanbe.

\*The Tajik Mujahideen and the non-Tajik Ansar Mujahideen continue to directly affect the Tajik Communist entity, and its internal and external policies.

The rays of the new dawn are radiating from eastern Khurasan (the region's ancient name) which was and will remain, God willing, as a cavalry of the most high palace. Support your brothers in their hardship. Stand with the oppressed, and God will aid the servant as long as the servant aids his brother.

Al-DhilaL (*The Shadows*) newsletter, issue #1, August 1996

The pains of peace

Written by Raji Fathallah

Thanks be to God, and peace be upon his servants

The Muslim stands bewildered due to the speed and danger of developments regarding the issue of Muslim Bosnia and Herzegovina. Suddenly, and following strong suggestions that negotiations have failed, everyone announced that a format to settle the issue has been decided upon.

President Ali Izzat Begovic likened the matter to "someone who has to drink the cup of poison." Following this, President Clinton announced his commitment to send American forces to guarantee the implementation of the articles of this treaty, and to support the peace efforts.

As soon as the news were leaked, the media commenced its ruthless attack against the "Ansari" presence in Bosnia, of Mujahideen who had come from all corners of the world, and most of whom were graduates of the Afghani Jihad school. "They represent the worst nightmare for the American forces that are heading to Bosnia." This is how a report by the Reuters agency described them (*the Mujahideen*). American Defense Secretary William Perry declared that he received assurances from the Bosnian government that all of them (*the Mujahideen*) will be deported.

We consider the Ansar in Bosnia, Arab and non-Arab, to be among those who took the reins of their horses, and who, having heard of the terror there (Bosnia), they flew to it, intending to die (*illegible*), and they, with God's blessing, carried the day in the victories of the Bosnian army, especially recently in the areas of Voscha (*phonetic*) and Maglaj. This is why, a follower of the recent events must see that the Eastern and Western nations' race to take the warring factions with the Muslims at their forefront, to the negotiation table, and to force them to sign the peace treaty, is nothing but a step which was made necessary by the achievements of the Bosnia army, of which the Ansar represent the spearhead. Therefore it became essential to quickly limit this dangerous progress, during which the Muslims

GRF-00660

regained a good percentage of the areas which were under Serbian control, and which warned of establishment of a stronghold of Islam in the heart of Europe. The world kept quiet about the Serbs for many years, as they were annihilating the Muslims with their military might, however all of their attempts and conspiracies were destroyed upon the rock of "Allahu Akbar" (God is Greatest), and the Bosnian people began to embrace its Islamic identity, and the eyes of its sons opened up to the values of Jihad and love of martyrdom. Stopping this tide became a must.

They said to the Serbs, we gave you ample time and you did not succeed, therefore leave the matter to us now so that we can make the dagger of economic pressure, sink the weak nation with debt and interest, deprive it of raw materials, and combine all of this with the spreading of the poisons of moral decay, so that the Bosnian people can return to its deep sleep, the gifted ones (what is left of them) will immigrate, the people becomes occupied with making a living, and the people will begin to despise its Muslim rulers, so that we can install the government that we want, without resistance, and we will flood it (Bosnia) with aid and assistance, and the people will be drugged and start to die a slow death, as many other peoples have died before it.

The ethnic cleansing war in Bosnia has not ended, it has only put a new mask on, and took on a different appearance, and a new dimension. This war will not end unless one of two things happen; that the entire Muslim Bosnian people is annihilated in its entirety, or that it (the people) will follow the leaders of heresy upon this earth..(Quraanic verse)..The challenge that is facing us today is nothing less than the challenges of yesterday, even though it differs in appearance. Today Bosnia needs -after (in addition to) God the Almighty's blessing- the Islamic capital that aims to operate the factories and employ the labor force, both of which Bosnia has plenty of. It (Bosnia) also needs the missionaries who will instill in the Bosnians their (Islamic) identity, and who will establish the schools which will raise a faithful Islamic generation.

So let this treaty be like that of the Hudaibiyya\*, during which we can prepare the legions of the promised liberation, through the building of the Bosnian Islamic identity..(Quraanic verse)..

*\*The Hdaybiyya treaty of 627 A.D., which Mohamad entered into with his enemy the Quraysh tribe when he was stopped from entering the holy city of Mecca. The treaty lasted for ten years and it served to spread Islam and to multiply the forces which Mohamad eventually used to liberate Mecca with.*

(Page 2)

Thanks be to God, the Lord of the universe, thanks that are worthy of the glory of His face, and of the greatness of His domain, and peace be upon all of those who have thanked Him.

It is the tragedy of a Muslim people which is being slaughtered in full view of the world, it's honor is being violated, and it's land is being plundered, it is a painful reality which I hope it will awaken the Muslims from the deep sleep, and ignite the spirit of belief in their hearts like an ember, in solicitude for their sisters' honors, and for their brothers' blood, in an area where the presence of Islam is not desired...It is Bosnia and Herzegovina. Following the failure of communism to extinguish the light of Islam there, today the Serbs and Croats under the banner of the cross are attempting to uproot Islam from this area...from the heart of Europe, (Quraanic verse).

This booklet is a display in pictures of some of this tragedy's chapters. The pictures which we have been able to obtain following an exhaustive effort, is but a drop in a sea, and the outpouring of wrath, in the hope that they are effective and representative of the enormity and atrocity of the hideous crimes. This humble work is a screaming call to those with a living conscience, to the vigilant minds, and to the enlightened hearts. It is a ringing call for help, "Oh my Islam, Oh my (Islamic) nation" is directed to you beloved brother, and exalted sister, hoping for your assistance in keeping Islam in the heart of Europe. It is a call for help emitted by the throats of those who were raped, amidst the piles of corpses and the rivers of blood, and amidst the shooting flames and smoke clouds, and here it has reached you..what are you doing?

Global Relief Foundation opens the door of assistance and support for you. Make it your ambassador of goodness, and messenger of mercy to your brothers in Bosnia..Give a little..Send your tax-exempt donation today, and don't procrastinate..God loves those who are charitable, and the last of our prayers is that Thanks be to God, the Lord of the universe.

Who will you leave childhood in Bosnia to?

What people are these who behead the innocent children, from ear to ear?

What people are these who take pleasure in cutting off their (the children's) heads, without pity or mercy?

What people are they who cut two fingers of each hand so that it will display the crusader trinity sign?

What people are they who have fun in throwing the children's skinny bodies in the air so that they fall on their bayonets?

What is the fault of these innocent? They are being killed, disfigured, displaced, and deprived of their mothers' and fathers'

bodies are the battlefield in the cause of Greater Serbia. The author wrote stories, the horror of which causes the hair to stand. The author wrote "the Serbs use three methods in their aggression against women and children, as part of their ethnic cleansing strategy:

First: Through sexual abuse, by raping young girls, including those still nursing. I spoke with a thirty year-old Bosnian woman whose name was Aida. She told me: One of my father's friends who is a doctor came to visit us at the house, and he was in a very nervous and agitated state. He would cry for a while, then he would scream and wail. When my father asked him about the reason, he said that a girl, the age of roses, who could not have been more than eight years old, and I (the doctor) was told that she was gang-raped by the Serbs. When I (the doctor) examined her, I found out that she had severe internal bleeding, and that her insides were torn to a such a degree that treating her was impossible. I (the doctor) stood in shock, not knowing what to do as she laid in front of me shaking and twisting from the pain, so I injected her with a substance which killed her immediately; something which I (the doctor) did as an act of mercy", then he started crying.

Second: They separate the women from their husbands, fathers, and brothers, and they take them to special women's detention camps, which are called rape camps, and are frequented by Serb soldiers who pick and choose what they desire of Muslim women, enjoy them, then take them back to the camp. And if a woman gets pregnant as a result of the rape, she is not allowed to abort and is forced to give birth...

Zeeba, who is twenty-six years-old tells her story, and says: The Serbs come to the camp, and when they see that a woman has been impregnated by the murderer, they call for her and tell her " you will be giving birth to a little Chetnik" (a Chetnik is the Serb soldier), and the rapes go on night and day.

And how I (the author) was so affected by the story of twenty year-old Nadia, and I can not forget the pained look in her eyes.

They kept her in the rape room for three continuous months with a group of women and children, and none of them was allowed to leave the room. And on Christmas day, eight Serb soldiers came and said "now we celebrate", and they raped Nadia in succession and in front of everyone.

Third: Following investigations conducted by the European community, they issued a report which stated that "rape is a part of a policy of torture, and it is being carried out with a conscious determination which aims to terrorize and insult the residents of Muslim cities and villages, and force them to abandon their homes and lands, after showing the force of the conquering army."

"A secret document from the files of John Major"

From the Prime Minister, 10 Downing Street, London 2 May 1993

To Douglas Hogg, Foreign and Commonwealth Office, London

Dear Douglas,

Thank you for your report on the current, as well as past situation in the Bosnia-Herzegovina region of the former Yugoslavia. As you are well aware from the previous discussions, both within the cabinet and at other times, Her Majesty's

GRF-00667

government has not changed its position on any of the following policies:

1. We do not agree now or in the future to arm or train the Muslims within Bosnia-Herzegovina with military hardware.

2. We will continue to help impose and enforce the U.S. embargo on weapons to this region. While we are well aware that Greece, Russia, and Bulgaria are supplying the Serbs with weapons and training them (on these weapons), and that Serbia and Germany, Austria, Slovenia and even the Vatican are doing similar efforts on behalf of the Croats within the region, it is of paramount importance that we make sure that no such efforts are successful on behalf of the Muslims within the region, which are made by Islamic states and groups. To this end and until the final outcome of the situation on the ground, i.e. the dismemberment of Bosnia-Herzegovina and the destruction of any possibility of it becoming an Islamic nation inside Europe, which can not be tolerated, we will continue to follow this policy. Further, the mistake of training and arming the Afghan fighters against the forces of the former USSR and their becoming so-called Afghan fighters in other parts of the world, as in Bosnia-Herzegovina, will not be repeated with the Muslim population in Bosnia-Herzegovina...

3. Until the situation in what was once known as Yugoslavia is settled we must, at all costs, make sure that no Islamic state, and especially Turkey, can have a role in the West's policy action in this area until Bosnia and Herzegovina cease to exist as a nation, and its Muslim population is forced out of it completely...in the best interests of Europe of the future, a Europe whose value system is, and must remain based on a Christian civilization and ethics.

This view, I must inform you, is also felt in every other European and North American government, therefore, we will not intervene in this region to save the Muslim population or push to lift the arms embargo on them.

We must make the Muslims in the west realize that they can not oppose our view of the world in the New World Order...

(Quraanic verse)

"Oh Muslims, the Jihad is your life, the Jihad is your dignity, and your existence is fatefully connected with the Jihad" (Sheikh Abdallah Azzam)

Although there is little ammunition, the Muslims Mujahids were able to win clear victories which the western media is trying to ignore. The Muslims have come to their God in great numbers during this crisis, they went to Him, and relief upon Him, and learned that there is no savior except for Him, and in spite of the treachery of the European nations, the United Nations, and America, and the denial by the so-called "Islamic" Arab and foreign governments, the flags of Jihad rise and wave their declaration that (Quraanic verse) "If you make God victorious, He will make you victorious and steady your feet."

Stop the bloodshed

Oh Muslims, this work is a screaming call to those with a living conscience, to the vigilant minds, and to the enlightened hearts.

It is a ringing call for help, "Oh my Islam", so will someone answer? Endeavor to perform the financial Jihad for the victory of the weak in the heart of Europe, in Bosnia and Herzegovina.

Al-Dhilal (*The Shadows*) newsletter, pages 5 and 6, an article about the experience of a Jihadist doctor in Bosnia

Sheikh Abdallah Azzam says, "few are the ones who have the principles, and a few of these few are the ones who shun this world in order to propagate these principles, and a few of these elite are the ones who give their blood and souls for the sake of making these principles and values victorious. So they are a few of the few of the few." Al-Dhilal had the honor of meeting with one of these few, brother Dr. Abdel Rahman.

The first thing that attracts you to him is his fresh face and his broad smile, then it is his abundant politeness and extreme shyness. And if you start talking about Bosnia and about the Mujahideen, the battles, and the acts, he captivated you to the point of wishing that he never stops talking.

Dr. Abdel Rahman is an Arab doctor who answered his God's call: (Quraanic verse), and raised himself above the heaviness of flesh and blood, and he toured\* the earth in search of the life of dignity and honor until his travels landed him in the Mujahideen Battalion in Bosnia. Al-Dhilal met with him so that he can talk to us about his experience:

Q: Please tell us briefly about the internal situation in Bosnia based on your personal experience.

A: --In the name of God, and peace be upon the prophet of God. The Bosnian people is a people which only recently experienced freedom, and which was oppressed by the communist occupation for a period of approximately fifty years. During this period, the criminals tried to erase it's Islamic identity which it continued to preserve, thanks be to God. After the Bosnians declared their independence from Yugoslavia, they were surprised with the ruthless attacks by, first the Bosnian Serbs, and later by the Croats in the worst crusader war which has been waged against the Muslims in this century. Later on, there was a form of truce with the Croats, which was named federalism, and which failed as an attempt to group many conflicting points.

As for president Ali Izzat Bigovitch's government, it is widely popular and it has been, and continues to be, severely pressured by the west to halt the growing spread of Islamic revival, which

is represented by the Muslims youth who fill the mosques and carry arms in the face of the infidels and the aggressors; the revival which you see the features of in the scarfs adorning the pure Bosnian girls, these features which the western media try to hide, while concentrating on the lowest of people, who can be found in any Muslim, and non-Muslim country.

Q: What is your information about the Mujahideen battalion, its establishment, and it's relationship with the army?

A: The nucleus of the Mujahideen battalion was formed by young men who believed in their God, and came from earth's east and west to defend Islam and it's people, and they proved their courage and steadfastness through trials.

Following their rescue of 13 Muslim prisoners who were captured by the Croats during the war with them, they were able to prove to the world their strength and organization, which on 9/8/93, led the Bosnian government to welcome and recognize them as a battalion that is attached to the army. And in fact, the Mujahideen battalion earned numerous awards and decorations for it's discipline and military superiority while it was a fighting element of the army's third division. The victories were repeated and the number of Bosnian volunteers increased, and the battalion was upgraded to regiment three months ago.

Q: Explain to us the role of the Ansar in the regiment, and their military and propagational impact.

A: God the Almighty said: (Quraanic verse)..So, just as God revealed the Book and the scale, he revealed the iron, because the propagation of Islam must have men who defend it with the iron (arms), and in fact the brother Mujahideen established their organization based on this principle (fighting and propagating); fighting the sinners, and calling the lost to the straight path. They also translated many of the mothers of Islamic books, into the Bosnian language, and they established a religious school which each month graduates hundreds of Bosnian Mujahideen who have received beneficial religious knowledge. And they sent the missionaries to the villages and towns, and even to other military units.

GRF-00673

As for their military activities, it suffices to say that they, with God's blessing, have not fought a battle without victory being on their side. God said: (Quraanic verse)..and because they have men who love death, as their enemy loves life.

Examples of the battles which they fought are:

The Visoko Glava (phonetic) battle for which the battalion earned a decoration for being the best fighting battalion in the Bosnian army, due to the difficulty of the mission and the brilliance in it's execution.

The Al-Fath Al-Mubeen battle during which important mountains in the region of Ozrin (phonetic) were liberated.

The Al-Karama battle, during which God returned the dignity to the Muslims, hundreds of Serbs were killed and many were captured, Muslim brothers who had been enslaved by the Serbs were liberated, and the Muslims confiscated many light and heavy weapons.

The Bosnian Al-Badr battle during which the strategic Balyanik (phonetic), was liberated, followed by the opening of the road between Tuzla and Zavidovitch (phonetic), and Visutcha (phonetic) was liberated. Thanks be to God, approximately 500 Serbs were killed during this battle, and many were captured.

Q: What is the number of Ansar martyrs, and did you witness any miracles?

A: The number is approximately 100, and we ask to accept them all as martyrs. As for the miracles, there were many and I witnessed them when I smelled the pleasant odor of the blood of brother doctor Abu Baker Al-Leebi, may God rest his soul, and I will never forget the appearance of brother Abu Al-Abbas Al-Madani when he bid the world farewell smiling, after he was killed, may God rest his soul, and accept them all as martyrs.

Q: Please tell us about some of your medical observations while you worked in Bosnia and Herzegovina.

A: Actually there are many painful incidents, the most severe was of the Bosnian brother who came to us complaining from a headache and stomach pains. After I examined him and asked him a few questions, it became apparent to me that he was suffering from a very severe psychological shock. This was due to his

physical torture at the hands of the Serbs while he was their prisoner. They cut his stomach and extinguished their cigarettes in his wound, then they beheaded his mother, father, sister, and brother. And after they beheaded his sister, they inserted a metal rod through her mouth and out of her behind, then they grilled her in front of his eyes and they wanted to force him to eat a piece of her flesh, and when he refused they smashed the bones in his hand, and they did not let him go until he was severely disturbed so that he would talk about these atrocities to others. As for another story, it is that of one of the Turkish brothers who was injured during one of the battles. When I asked him if he wanted a sedative for his pain, he refused in the hope that he may strengthen his faith by withstanding the pain of his injuries.

Q: How do you see the future of the Ansar in the shadows of peace?

A: Unfortunately, the enemies of Islam know more about the Ansar than the Muslims do, and they know about their military and propagational role there, therefore when they (enemies of Islam) failed in breaching their ranks and in instigating division between them and the Bosnian people, they exerted pressure on the Bosnian government in order to stop the war after they (the Muslims) gained the initiative and switched to the attack to reclaim their rights. This is why they (enemies of Islam) wanted to stop them (the Ansar) and to take that pure seed from Bosnia.

And even if they succeed in doing this, the seeds which the Mujahideen left in that blessed land will, God willing, be fruitful because it was watered with the precious blood of the Mujahideen, and the effect of your brothers' Jihad will not be erased from that land until the day of judgement, God willing.

Q: We know that the sources of support for the Mujahideen regiment is almost non-existent. What is the brothers' most urgent need there?

A: Brother, war and Jihad always consume money and men, and that is why the Jihad verses encouraged the Jihad with wealth and with one's self, so that there is always a continuous fuel for worship and the duty which the Muslims have lost. As for the needs, and as I said, there were approximately 100 casualties during the past summer alone. The family of each brother who had one should be supported, especially those which lost the only income earner.

There are the widows and the orphans, there are the needs of the students in the religious school, and the sponsorship of missionaries in towns and villages, there are hundreds of wounded who government hospitals can not treat, sometimes due to the procrastination of many highly specialized Muslims who do not help their brothers, which forces the brothers to send some of the injured to hospitals in European nations at their own expense.

Q: Is there something that you would like to tell Muslims?

A: I hope that God will inspire the Muslims to be worthy of responsibility during these dangerous years of our history, which hold a lot promise. The Islamic volcanoes have begun to erupt and the Islamic flood has begun and neither man nor demon will stand in its way because it is the call of the Most Compassionate which was spread by men who followed the good ancestors (Quraanic verse)..Therefore, the wise one will follow the caravan before it is too late. Let us assume our responsibility and not forget our brother Mujahideen in our prayers, in our support with words and hearts, and to support (them) with the self, the wealth, and the expertise. In ending, I call upon all of the Islamic thinkers and missionaries to come to the land of Bosnia to benefit from this major experience of their brothers in the Mujahideen battalion (Quraanic verse)..

You have God, oh Bosnia of Islam

Written by Raji Fathallah

Thanks be to God, and peace be upon his servants

Who of us was not frightened by what he heard and seen about the fall of Srebrenica at the hands of the malicious Serbs. Who of us was not burned by the tears of the orphans, the old, and the widows as they streamed from eyes filled with terror, fear, and defeat. Who of us did not feel his heart being squeezed in anguish and sadness, and his insides being torn apart in pain and agony at seeing these scenes which embody the new level of shame and disgrace which we have deteriorated to. Each one of the tears of these poor ones should serve as a slap against the face of any one of us, to awaken us from a sleep which the love of this world and hating death has sank us into. Each one of their cries must be returned with the echo of conscience inside of us, if we have any conscience remaining. Oh my Islam, oh my Islam, oh my Islam...

(*Poetry verses, author is unknown*)

These are the lands of the Muslims  
Some are openly being squeezed  
While others are being robbed  
The-defenders have failed,  
(*For they are*) either asleep on a pillow  
Or angry and bitter  
The language of swords solves every issue  
So leave talk to an ignorant who boasts  
I searched between the lines and I could not find  
That the lions willingly offer to be hunted

The Jihad has been legalized in Islam for the purpose of lifting injustice from the self and from others..(*Quraanic verse*)..And no excuse from it was given except to those who are blind, cripple, or sick..(*Quraanic verse*)..So, how can we read the Quraan, and go over these verses, and remain still? Or are these words not meant for us? Maybe they (*the verses*) were for one of the generations, or meant for a certain era which has passed? May God

GRF-00680

forgive us, for the Jihad is ongoing until the day of judgement, and that is why the God of honor made this eternal appeal: (Quraanic verse)..and He said (Quraanic verse)..and our Prophet said (verse from the teachings of Mohamed)..as if he, peace be upon him, connected all of the religion (Islam) with Jihad..So, I wonder when we will awaken, and when will we be overwhelmed with anger for God and His religion, and when will we go forth to defend our rights and our honors?

(Poetry verses, author is unknown)

Will the life of Muslims be good when the Muslim women are taken prisoner in every place  
Don't God and Islam have a right which the young and old must defend  
SO tell those who can see, wherever they are, obey God, shame on you, obey

And God the Almighty linked the Jihad with one's self, with the Jihad with one's wealth in more than one location in the holy Quraan, therefore whomever is unable to perform the Jihad with the self is not excused from performing the Jihad with his wealth, and he should commit to perform the Jihad with the self because (verse from the teachings of Mohamed) and in another (verse from the teachings of Mohamed).

To make these poor in Bosnia victorious, is a duty which God has made mandatory for us, and which we must perform in every way. Therefore brother, we (GRF) will not tell you "donate", but we tell you "give of what is most precious", and satisfy God's right in yourself and your wealth, and Global Relief Foundation opens this door for you. Take the initiative and do not procrastinate. The Foundation's address is GRF-Bos (Bosnia), P.O. Box 1406, Bridgeview, IL 60455

... ويستبيحون نساءكم ...

نشرت مجلة " تقرير واشنطن لشؤون الشرق الأوسط " في عدد إبريل/مايو ١٩٩٣ مثالا  
 بهيوان : " اجساد المسلمات هي ارض المعركة في سبيل صربيا الكبرى " ، روت فيه كاتبة المقال  
 قسما يقف لها شعر الرأس من شدة هولها فتقول " ان الصرب يستخدمون ثلاث ابراع من  
 الإغتصابات على النساء ، الاطفال من ضمن استراتيجيتهم في حرب الإبادة :

أولا : يخلون قتيلا جنسيا ، وذلك باغتصاب الهبات المسحور وحى الرضيع منها . تحدثت  
 مع امرأة بوسنية في اللاجئين من عمرها اسبعا عابدة ، قتلت لي : " نجا ، أحد أسدفا ، والدي ، وهو  
 طيب ، يزونا في الليل وكان في حالة اعياء ، وعصية شديدة ، فكان نازة بيكها ونازة يصرخ ويورلر ،  
 وعندما سألته والدي عن السبب قال له ، جي ، لي بغاية في عمر الزهور ، لا تتجاوز الثامنة من عمرها ،  
 وقبل لي أنها راحت اغتصبا جنسيا من قبل الصرب ، وعندما كفت عليها وجدها تصاني من  
 بزوب داخلي شديد ، وقد تزقت اشيا ، ما إلى حد يستحيل ما ليته ، فزقت مذمولا لا أدري ماذا أفعل  
 وهي أحاسي ثقلي وتفتض من الألم فمقتها بأداة ففتت عليها فوراً وما فعلتها إلا رحمة بها : ثم  
 أذهب في الحكا .

ثانيا : يفرقون بين النساء ، وأزواجهن وأطفالهن ، ويصرفهن إلى معتقلات خاصة  
 بالنساء ، أسبعا معتقلات الإغتصاب ، يتردد عليها الجنود الصربيون فيختارون ما طالب لهم من  
 المسلمات ويلتذون بهن ثم يرجعونهن إلى المعتقل ، وإذا حملت المرأة من الإغتصاب ، لا يسمح لها  
 بالإباض ، بل يجبر على الرضخ ...

وثالث : قتلها ، وقتلها ، وهي في السادسة والثلاثين من عمرها فتقول : " يأتي الصرب إلى  
 المعتقل ، وعندما يرون امرأة مسلمة حمل من المسح ، ينادونها ويقرنون لها " يستبيح لنا وقتلك  
 منير " (القتل هو الجندي الصربي) ، والإغتصابات مستمرة ليلا ونهارا .

رغم أنرت بي قصة "ناونا" وهي جنينة في العشرين من عمرها ، لا أستطيع أن أنسى نظرة الألم

## Women's Bodies a Battlefield In War for "GreaterSerbia"

In its April-may 1993 issue, "The Washington Report on Middle East Affairs" published an article by Grace Halsell under the title "Women's Bodies a Battlefield In War for "Greater Serbia". In this article Halsell narrates some horrifying stories:

"I talked with a young and beautiful woman, a Bosnian from Sarajevo. Her first name is Aida. She is blonde, slender, about 30. As she talked, I wrote her words: " A physician who is a friend of my father came to my father's house one evening extremely distressed-crying, screaming, wailing. He had treated an eight-year old girl after she had been gang-raped by Serbians. She was torn apart inside. She was bleeding so badly he couldn't stop it. She was in great pain and couldn't be repaired. He told my father he had injected her and killed her to relieve her suffering."

In addition to the mutilation of small girls, the Serbs have a second method of using women as a weapon of genocide. They keep women separated from their husbands or their potential husbands. They do this by holding the men in concentration camps or by killing them. And, meanwhile, the Serbs hold in captivity women they repeatedly assault sexually. They are forcing the women to give birth to what they term "little Chetniks" - or Serbian soldiers.

I can never forget the pained look in the large, dark eyes of a young woman I will call Nadia. She is 20, petite, standing perhaps five-feet-one. She is Muslim by religion-most of the rape victims are. When I talked with her, in a refugee camp, I was with a Bosnian woman physician named Arma, who acted as interpreter. Nadia was seated by a window and it was a bitter cold day.

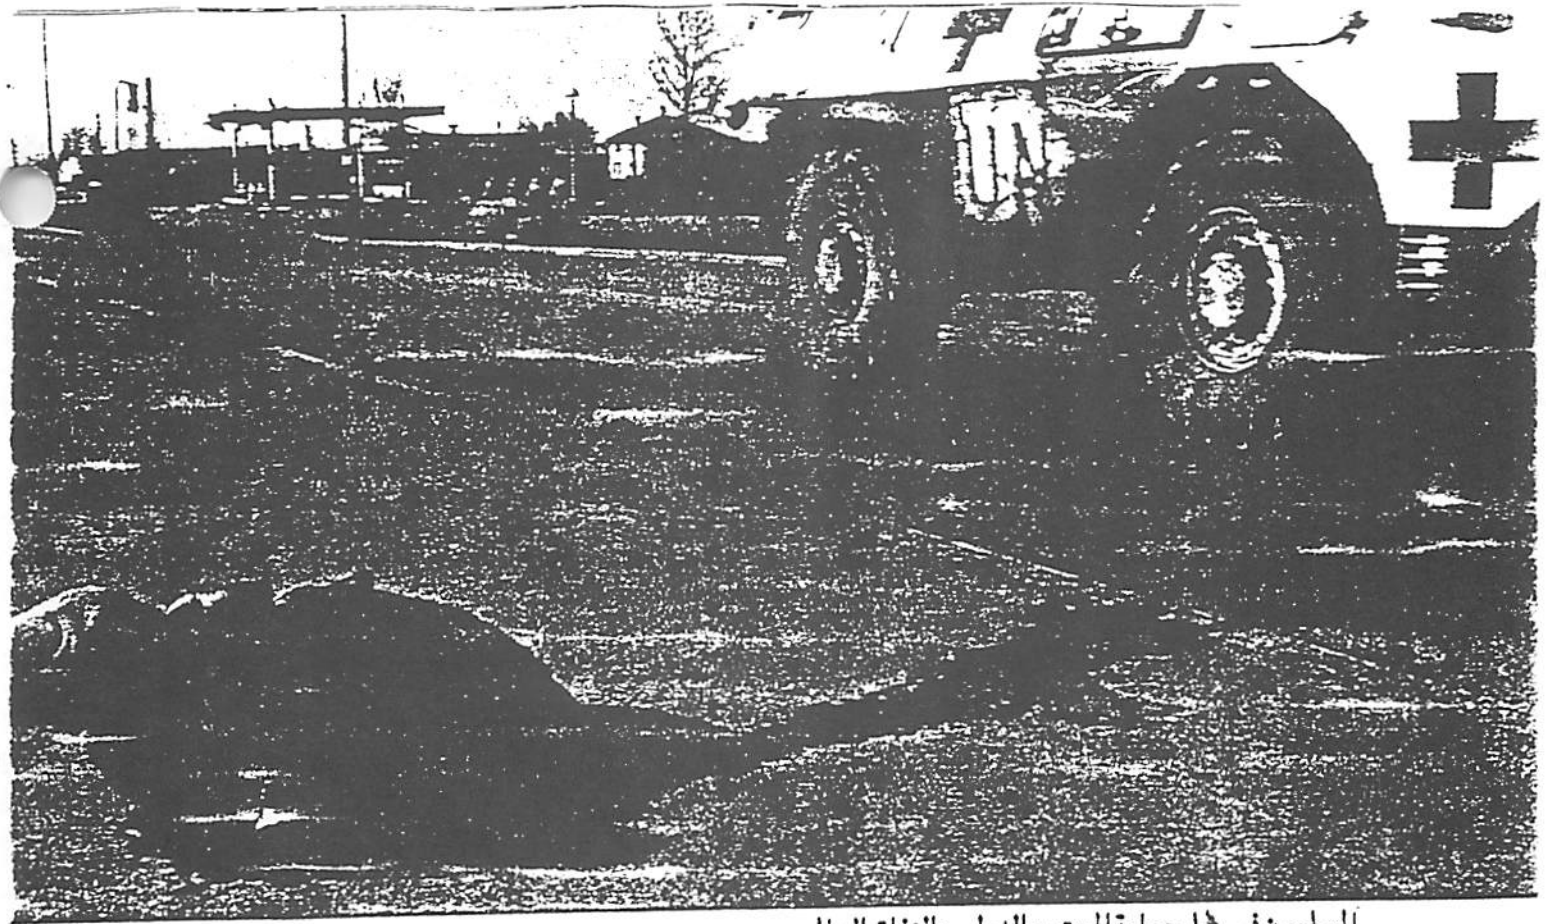

"Aren't you cold?" Arma asked. "How could I feel anything so unimportant as that?" Nadia replied. She was reliving here nightmare. When the serbs assaulted her village, she and others ran to the hills. Among them were three 12-and 13-year old boys. The Serbs found the group. "Before my eyes," Nadia says, the Serbs began shooting the boys. "Don't kill them!" Nadia shouted, running to defend them. A Serb knocked her unconscious. When she awakened, she was in a room with one of her arms tied to a bed post. She was in a rape camp.

"I was kept in that room for three months. It was mostly walls. It had a concrete floor. And straw on the concrete. Other women and children were there. None of us were permitted to leave the room. "Even on Christmas day," Nadia said, "eight Serbs came, saying 'Now we celebrate.'" All eight gang-raped Nadia that day".

من راسم الوزراء . ١٠ دأ ونغ ستريت لندن ١٩٩٢ / ٥ / ٢  
إلى دوغلاس هونغ إدارة الشؤون الخارجية والكمون ويلث لندن .

عزيزي دوغلاس ،

اشكرت على تقريرك الممتع عن الوضع الراهن ، والوضع السابق في منطقة اليوسنة والهرسك من يوغوسلافيا السابقة .

كما تعلم جيدا من المناقشات السابقة في مجلس الوزراء وغيره ، فإن حكومة صاحبة الجلالة لم تغير موقفها في شأن أي من السياسات التالية :

١ نحن لا نوافق الآن ولا في المستقبل على تزويد المسلمين في اليوسنة والهرسك بالسلاح أو تدريبهم عليه .

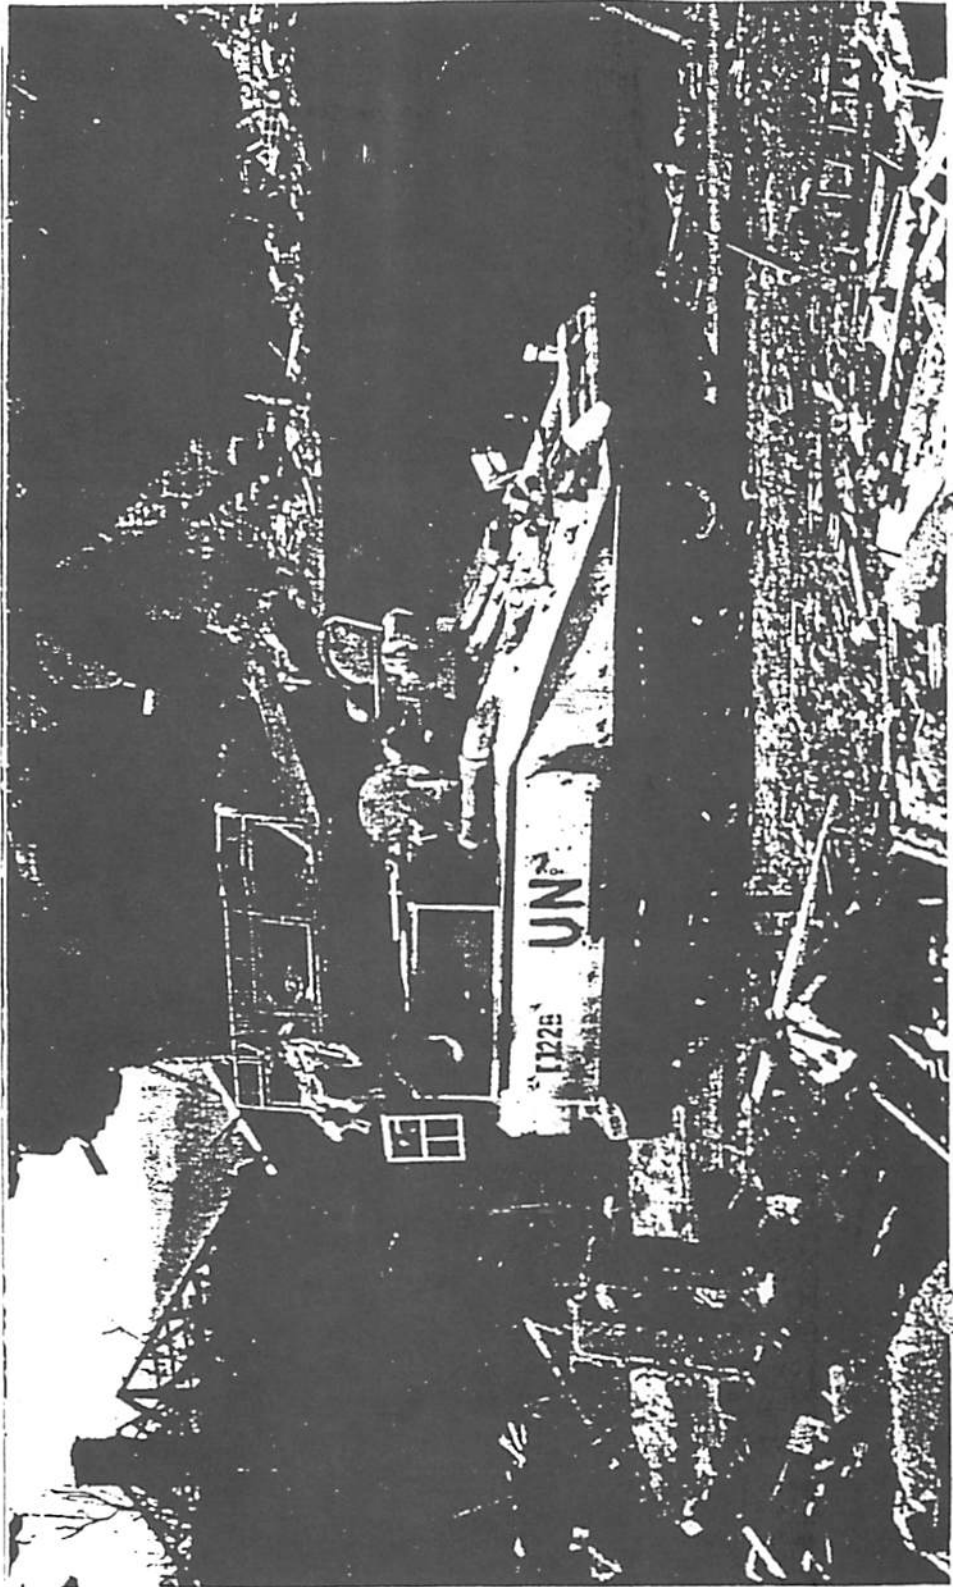

٢ سنستمر في المساعدة على فرض وتنفيذ حظر الأمم المتحدة على توريد السلاح إلى المنطقة ، وببما نعلم جيدا أن اليونان وروسيا وبنغلاديش والصرب بالسلاح وتدريبهم عليه ، وأن ألمانيا والنمسا وسلوفاكيا ، وحتى الأمايكان تقوم بالعمل نفسه بالنسبة للكروات في المنطقة ، فإن من الأهمية القصوى أن نتأكد من عدم نجاح محاولات من هذا القبيل تقوم بها دول أو مجموعات إسلامية لمصلحة المسلمين في المنطقة .

من أجل هذا ، وحتى يتجنب الوضع النهائي على الأرض ، ألا وهو تجزئة اليوسنة والهرسك ، وتحطيم أي احتمال لأن تصبح دولة إسلامية داخل أوروبا ، مما لا يمكن تحمله ، فبينا نستحضر في الجاه هذه السياسة ، كما أن خطا توريد وتسليح الحاربين الألمان بحاربة قوات الإتحاد السوفياتي السابق ، الذين أصبح يطلق عليهم مقاتلي الألفان في أجزاء أخرى من العالم كما في اليوسنة والهرسك ، هذا الخطا لن يتكرر مع الشعب المسلم في اليوسنة والهرسك . . . . .

٣ إلى أن تتم التسوية النهائية لما كان يعرف بيوغوسلافيا ، فإن علينا ، ومهما كان الثمن ، أن نتأكد من عدم السماح لأية دولة إسلامية ، وخاصة تركيا ، أن يكون لها دور في أعمال السياسة الأخرية في هذه المنطقة . . . . . إلى أن تصبح اليوسنة والهرسك غير موجودة كدولة ، ويصبح سكانها المسلمون مهجرين منها بشكل كامل . . . . . لمصلحة أوروبا والمستقبل أوروبا والتي ينبغي نظام التقييم فيها على " لخصارة النصرانية والاختلاق النصرانية " ، ويجبان تبني ذلك ، وعلى أن اعلمنا أن هذه الخطوة تجدها عند كل الحكومات في أوروبا وأمريكا الشمالية ، لذلك فإن نتدخل لإيقاف الشعب المسلم في هذه المنطقة ، ولن نخطئ في الخط عن تزويدهم بالسلاح .

يجب علينا أن نختم المسلمين في الغرب ، يدركون أنه ليس في مقدرهم محارضة نظر تنازلي العالم في " النظام العالمي الجديد " . . . . .

A Secret Document from the Files of John Major

Douglas Hogg  
Foreign & Commonwealth office London SW1A2AH

Dear Douglas

Thank you for your report on the current, as well as past situation in the "Bosnia-Hercegovina" region of the former Yugoslavia.

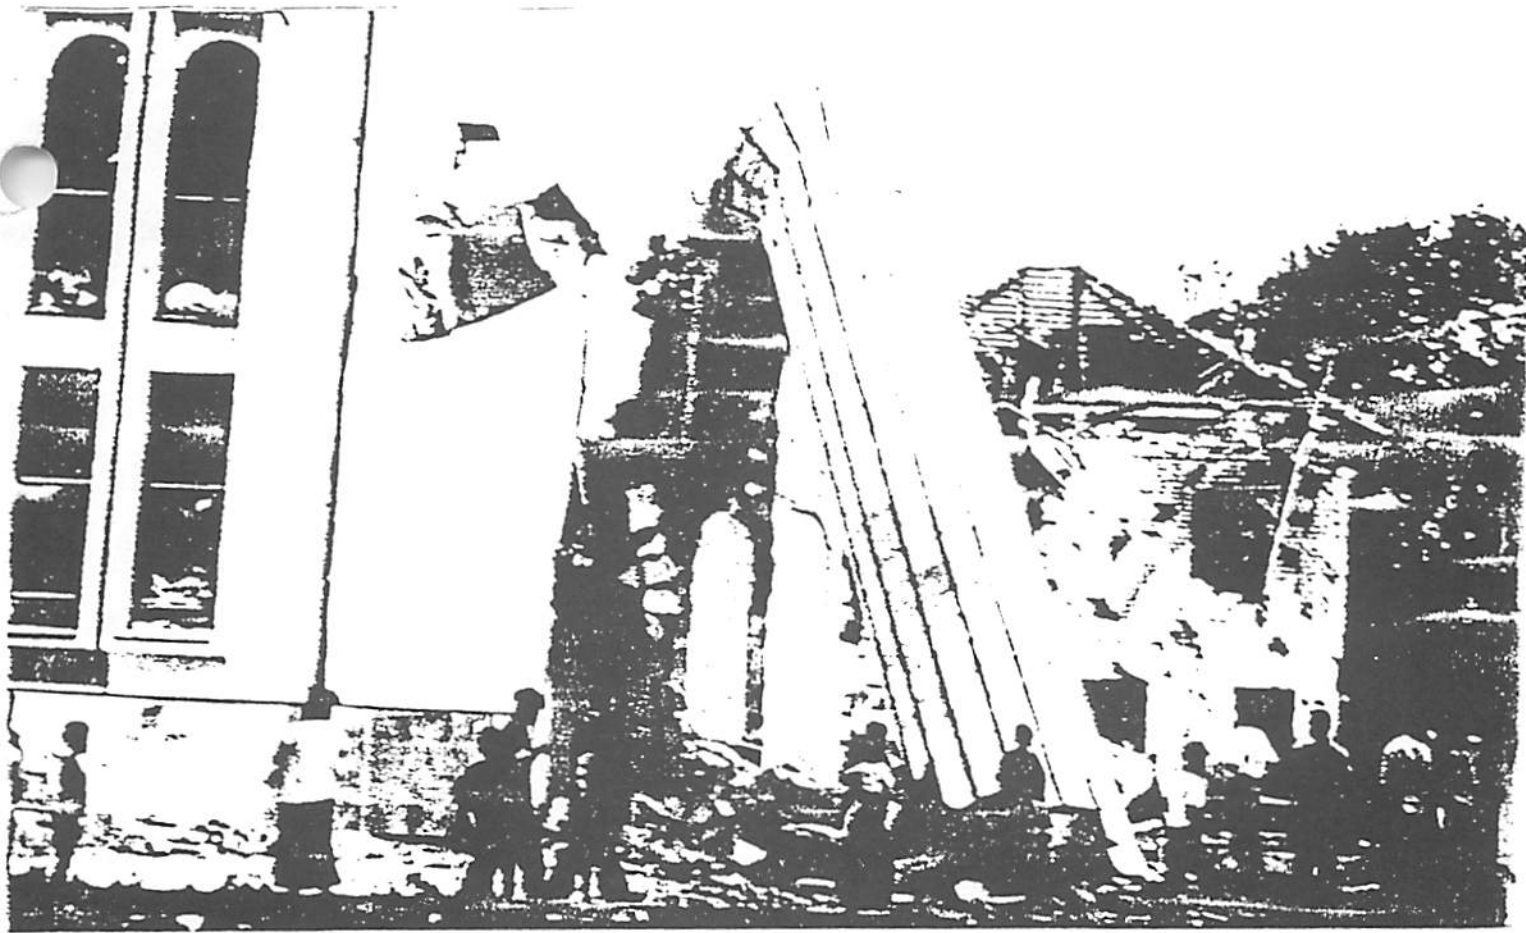

As you are well aware from previous discussions, both within the "cabinet" and at other times, Her Majesty's Government has not changed its position on any of the following policies:

- 1) We do not agree now or in the future to "arm or train" the Muslims within Bosnia-Hercegovina with military hardware.
- 2) We will continue to help impose and enforce the U.N. embargo on weapons to this region. While we are well aware that Serbia and Germany, Austria, Slovinia and even the Vatican are doing similar efforts on behalf of the Croatian and H.V.O. forces within the region, it is of paramount importance that we make sure that no such efforts are successful on behalf of the Muslims within the region from Islamic States and Groups. To this end and until the final outcome of the situation on the ground i.e. the dismemberment of Bosnia-Hercegovina and its destruction as a possible "Islamic State" within Europe, which will not be tolerated, we will continue to follow this policy. Further, the mistake of training and arming the Afghan fighters against the forces of the former USSR and their becoming so-called "Islamic Fighters" now in other parts of the world, as in Bosnia-Hercegovina, will not be repeated with the Muslim population in Bosnia-Hercegovina ....
- 3) Until the situation in the former Yugoslavia is settled we must at all costs make sure that no state that can be deemed "Muslim" is allowed any say on the West's policy action in this area, especially that of Turkey ... in the best interests of a stable Europe in the future, whose value system is and must remain based on a "Christian-Civilisation" and ethic.

This view, I must inform you, is also felt in every other European and North American government, therefore, we will not intervene in this region to save the Muslim population or push to lift the arms embargo on them.

Signed, John Major

"أيها المسمون، إن حياتكم الجهاد، وعزكم الجهاد، ووجودكم مرتبط ارتباطاً مصيرياً بالجهاد" (الشيخ عبد الله عزام).

مع قلة العتاد ... إستطاع المسلمون المجاهدون إحراز انتصارات واضحة يحاول الإعلام الغربي تجاهلها ، فلقد أقبل المسلمون على ربهم أفواجا في هذه المحنة، ولجأوا إليه ، وتوكلوا عليه ، وعلموا أنه لا منجى منه إلا إليه ، ورغم مكر دول أوروبا والأمم المتحدة وأمريكا وتنكّر الحكومات العربية والعجمية المُسمّات "إسلامية" ... إلا أن رايات الجهاد تعلوا خفاقة لسان حالها يقول "إن تنصروا الله ينصركم ويثبت أقدامكم".

## Together, We Strive

*It is not news that the Muslim Ummah has become a "punching bag" of sorts for all other nations of the world, most of whom either want to, or are in the process of settling old scores with the Muslims. Tragedy upon tragedy has befallen us like links in a long chain of horror, death, and destruction.*

*Muslims are being victimized all over the world. The time and place may differ, but it is always the same story that is being told, one of mass massacres, of rape and sodomy, of mass displacement, and of flagrant human rights violations. Muslims are being deprived of their most basic human rights. Rights which are taken for granted in other parts of the world. The misery and suffering go far beyond the boundaries of words and prose, and transcend the limits of imagination.*

*As the wounds and suffering widen, so does our responsibility towards the underprivileged of our brethren, for Allah (SWT) will ask each one of us, about every soul that is being butchered, and every sister that is being raped, and every child that is being orphaned, let not our answer be like that of the unbelievers in Surah Yaseen "Shall we then feed those whom, if Allah so willed, He would have fed Himself." but rather let us be among those whom Allah (swt) describes as "Those who in charity spend their wealth, by night and by day in secret and in public, have their reward with their Lord. On them shall be no fear nor shall they grieve." (2-274)*

*It is towards this end that we at Global Relief Foundation strive. We are your personal messenger service to the Muslims of the world, please do not let us face a muslim in need empty handed. Together, hand in hand, with the grace of Allah (swt) we can take concrete steps towards "Easing the Pain" and hopefully together in the Hereafter we shall be "Sharing the Gain."*

# Mazboud Charitable Clinic (MCC)

Mazboud - Lebanon

After all kinds of support were stopped, and due to the tight economical situation in Lebanon, MCC is in a very critical financial position, and is threatened to close down, after 15 years of service to the Muslim community, during which the clinic developed into a center of Da'awa and propagation of Islam.

Through the grace of Allah(SWT), all patients are treated free of charge, and their number soared to 500 monthly.

Brothers and Sisters, your contribution to the Clinic will help keep its doors open to the underprivileged and needy as well as maintain its role as aighthouse radiating Da'awa on Mount Lebanon.

Together with the blessings of Allah, we can support this effort and enable this good to continue and spread, through ... GRF.

## نداء للحياة

يا ايها الذين آمنوا استجيبوا لله وللرسول إذا دعاكم لما يحييكم ، واعلموا ان الله يحول بين المرء وقلبه وأنه إليه يحشرون .

نداء علوي، حري أن يهتز له الكيان البشري من أعماقه مليا ومجيا ، ولأننا منيا ، قبل تقليب القلوب وتقاء الحتم المكتوب .

ولقد زودنا رب العزة بأسباب النجاة ، ودنا على سبيل المحسوس عليها ، يا ايها الذين آمنوا هل ادلكم على آجازه تنجيكم من عذاب اليم ، تؤمنون بالله ورسوله ويا هدهون قبي سبيل الله باموالكم وانفسكم ذلكم خير لكم ان كنتم تعلمون ، يغفر لكم ذنوبكم ويدخلكم جنات تجري من تحتها الانهار ومساكين طيبة قتي جنات عدن ، ذلك الفوز العظيم . (المع/ ١٠-١١) ، واخبرنا سبحانه انه اشترى من المؤمنين انفسهم واموالهم بان لهم الجنة ، وان هذا المقعد قد اودعه افضل كنية المنزلة من السماء ، وهي التوراة والانجيل والقران .

لليعامل العائد مع ربه عند هذا التبايع ما اعظم خيره واجله ، فان الله عز وجل هو المشفري ، والتمن جنات النعم والتموز برضاء والتمتع برؤيته هناك ، والذي جرى على يده هذا المقعد هو اشرف رسله واكرمهم عليه من الملائكة والبشر ، وان سلمة هذا شأنها لقد هببت لآمر عظيم وغلب جسم .

قد هيؤوك لآمر لو لمثلت له نازيا بنفسك ان ترعى مع الهمل

لشهر المحبة والجنة هو بذل النفس والمال لآلها الذي اشترها من المؤمنين ، ولما كثر المدعون للمحبة ، ولولوا بلائمة البنية على صحة الدعوى ، ولولوا بعدالة البنية ، فآخر أكثر المدعين للمحبة ، لأن عند التبايع يوجب التسليم من الجانبين .

فهل وعينا عظيمة المشفري ولدر التمن ، وجملة قدر من جرى عقد التبايع على يديه ، ومقدار الكتاب الذي أنبت فيه هذا المقعد وهل عرفنا ان لهيئة قدرا وشأنا ليس لغيرها من السلع ، فإنه من الحسبان بين ، والذين الفاضل ان يبيعها بتمن بخرس مداهم معدودة ، فذهب لذاتها وشهوتها ، وتبقى جنتها وحسرتها .

لاستبقوا الخيرات اخوة الإيمان ، وهو لما فيه حياتكم وبنائكم . اتفقوا في سبيل الله ، فوالله ما أتقى عبد من نفع في سبيل الله إلا دعا له ملك اللهم اعط متفقا خلقا \* ، وما أسكن عبد نفع إلا دعا عليه ملك اللهم اعط مسكنا تلقا \* .

هذا نداء ، موجع الزكم ... نداء الحياة ... نداء النجاة ... لمن كان له قلب أو ألقى السمع وهو شهيد .

## Kashmir : A Land Forsaken

### Facts and Figures :

Population : 12,000,000 , 85% are Muslims.

1.5 million Kashmiris live in Pakistan.

Area : 86,000 sq.mil, 63% of which is presently under Indian occupation .

The Kashmir Valley is considered one of the most scenic beauties in the world. In Oct. 1947 India annexed Kashmir claiming a historical right to the land. In 1948 & 1949 India ignored all U.N. resolutions that called for the withdrawal of all foreign troops from Kashmir and to give the Kashmiri people the right for self determination. The U.N. never called upon the world community to enforce those resolutions, despite the two full scale wars that occurred between India & Pakistan in the sixties and seventies which had no impact on the Indian presence on Kashmir soil.

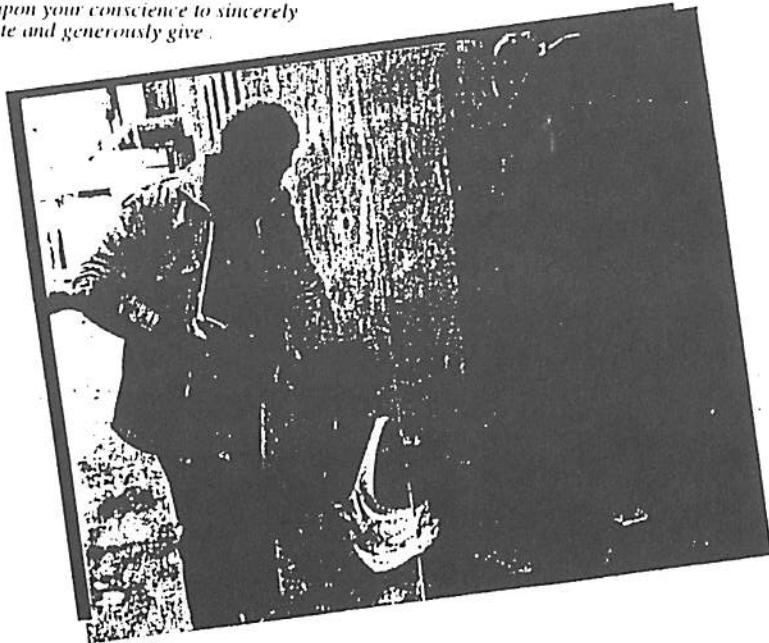

The following numbers speak for themselves in describing the current situation :

500,000 displaced families      40,000 Refugees

50,000 killed      100,000 injured

30,000 are in Indian prisons      Thousands of sisters are raped and some are then burnt alive.

We call upon your conscience to sincerely participate and generously give .

## كشمير المسلمة : وجاء دور الهندوس ...

\* كشمير ، أرض إسلامية تاريخية عريقة ، المنصبة الهندوس ظلما وعدوانا ، حيث احتلت القوات الهندية أرض كشمير سنة ١٩٤٧ .

\* تمثل دور الحركة الإسلامية في كشمير منذ بداية الإحتلال الهندي في السعي لنشر الوعي بين المسلمين من خلال إنشاء المدارس والمعاهد النموذجية ، ونشر الدعوة الإسلامية وتوحيد كلمة المسلمين ، والمطالبة باستقلال كشمير المسلمة أو ضمها لدولة باكستان .

\* بدأت الحركة الإسلامية جهادها المسلح ضد القوات الهندوسية سنة ١٩٦٠ ، وقدمت التضحيات تلو التضحيات من أجل تحرير ما بقي بأيدي الهندوس من أرض كشمير ، والذي يقدر بنسبة ٧٦٢ .

\* إن ممارسات السلطات الهندية الهندوسية القمعية ضد المسلمين تفوق الوصف ببشاعتها وقطاعتها ، وهي لا تستهدف الكشميريين لحسب ، بل قد أعلنتها الهندوس حربا عقائدية تستهدف الإسلام والمسلمين في كل أرجاء شبه القارة الهندية .

\* إن المحاد أهداف الهند والنظام العالمي الجديد في المنطقة تخضع عن إسناد الدور الرئيسي في اجتثاث الإسلام إلى الهند ، وهذا بدوره أدى إلى هضم حق الشعب الكشميري في تقرير مصيره وابتلاع الهند ٧٦٢ من أرض كشمير المسلمة .

أخي الكريم / أختي الفاضلة ،

هذه دعوة لكم لوسل ما أمر الله به أن يوسل ، فهلا تقدمتم السفوف في البذل والعطاء والتضحية ، والمشاركة في جزء من المسؤولية .

## TAJIKISTAN, The Untold Story

### About Tajikistan :

Location : Central Asia  
Size : 55,252 sq ml  
Capital : Dushambe  
Population : 5,210,000  
Major Religion : Islam  
Ethnicities : Tajik 62%, Uzbek 24%,  
Russian 8%

### History :

- \* The Arabs carried Islam to Tajikistan in early 7th century.
- \* In 1895 it went under Russian control.
- \* It became a Soviet Socialist Republic in 1929, and in Sept. of 91 it declared its independence .
- \* In the past three years, the ruling communist regime, backed by Russian forces, has been trying to crush the Islamic resistance (Mujahideen) in a campaign of death and destruction that has resulted in the following :
  - 100,000 Killed (1.92%)
  - 300,000 Refugees (6.72%)
  - Tens of thousands suffered permanent injuries.

Tajikistan is rich in natural resources such as water and minerals which makes Russia reluctant in easing its grip over it. Furthermore, the increased Islamic militant insurgency poses a direct threat to Russia, a country with fresh memories of its humiliation in Afghanistan. These factors combined, have had a devastating impact on the people of Tajikistan who were already living in near poverty conditions and are now exiled in neighboring war ravaged Afghanistan.

Our Prophet (PBUH) decreed that: "Allah supports His servant as long as his servant is lending support to his brother".

Your generous support can and will make a difference with the grace of ALLAH (SWT). Send your contribution today.

## طاجكستان، اية المنسية...

\* تحتل طاجكستان موقعا استراتيجيا في منطقة وسط اسيا، حيث الطريق البري الحيوي الواصل بين باكستان وروسيا مرورا بآفغانستان.

\* من أهم صادرات طاجكستان، الحرير والفلان. وتعتبر الطاقة المائية من أهم مصادر الطاقة المحلية، مما يوفر لها طاقة كهربائية رخيصة ونظيفة.

\* إن انتصار الإسلام في طاجكستان سيكون له بعدا منلقوي ودولي كبير، بسبب وجود طاجكستان بين الصين وباكستان وآفغانستان، لاجتماع هذه الدول المتجاورة من وسط اسيا على الإسلام (باكستان، آفغانستان، طاجكستان)، هو الخطر المحدق الذي يتوجس القرب والشرق من نموه وبحسبون له ألف حساب.

\* مازالت 10,000 من قوات الجيش الروسي تقبع على الحدود بين طاجكستان وآفغانستان لتحويل دون وصول الإمدادات للمجاهدين الطاجيك عبر الحدود الآفغانية.

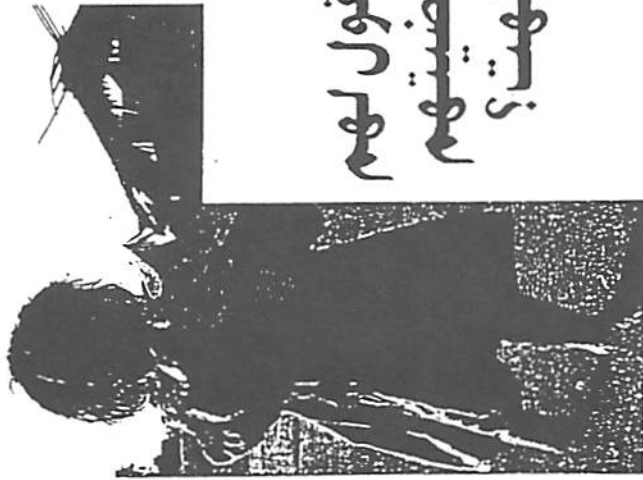

\* بالرغم من سقوط الاتحاد السوفييتي إلا أن قبضة الشيوعية لا زالت محكمة على طاجكستان في محاولة للوقوف في وجه المد الإسلامي المرتقب وحتى لا تنحول إلى مصدر قلق لموسكو.

\* قام النظام الشيوعي المدعوم من موسكو بسفك الدماء وقتل حوالي 100,000 من الأبرياء، واغتصاب النساء المسلمات، وتهجير ما يزيد على 100,000 عائلة إلى الأراضي الآفغانية، وذلك كله لوأد الحركة الإسلامية الجهادية المعارضة لحكومة دوشنبه.

\* لا يزال المجاهدون الطاجيك والمجاهدون الأنصار من غير الطاجيك، يؤثرون بشكل ملحوظ ومباشر على الكيان الشيوعي الطاجيكي وعلى سياساته الداخلية والخارجية.

gime was installed by Russia  
through a coup

• In Dec 1979 Russia invaded  
Afghanistan

• On Feb 15, 1989 Russia pulled  
out after a historical defeat by the  
Mujahideen

- The war resulted in:  
- Five million refugees, three  
million in Pakistan, and two  
million fled to Iran
- 1.5 million killed, and  
600,000 handicapped
- Millions of mines and landmines  
traps left by Russians

• On Feb. 26, 1992 a UN backed  
coup replaced the puppet com-  
munist regime.

• The new regime, led by General  
Ahmad Shah Masoud in alliance  
with the ex regime's communist  
Generals, called for a secular  
democratic government. The Is-  
lamic Party led by Gulbuddin Hek-  
matyar, calls for the establishment  
of an Islamic government and  
State

The need in Afghanistan today is  
for greater than past years. This  
is mainly due to cutbacks in relief  
activities and programs and a  
sharp decrease in the number of

## افغانستان... القضية المظلومة

أعلنت أفغانستان دورا حيويا في منطقة وسط آسيا غير التاريخ  
دخلها الإسلام في عهد عمر بن الخطاب رضي الله عنه، وكانت مفتاحا لبقية بلاد خراسان.  
في العصر الحديث، هزمت بريطانيا العظمى شر هزيمة في عام ١٨١٨، وكذلك الهند حيث  
نمراما القائد الأفغاني المعروف أحمد الشيرازي أكثر من ١٦ مرة، ولعل التقسيم البريطاني  
لغزالية المنطقة وإشلاء دولة باكستان كان لتعمل أفغانستان من الحدود مع الهند وهذا من  
الشواهد الحية على شدة بأس وخطورة الأتقان في المنطقة

في الستينات ظهرت تيارات علمانية موالية للثوب والشرق متضعة بالأحزاب الاشتراكية  
والشيوعية التي بدأت بتصعيد أنشطتها من خلال إجماعات الطلبة في جامعة كابل

بالتقابل، بدأ قيام الحركة الإسلامية يتطور وتشكلت تياراتها المنظمة عام ١٩٧٨ على يد التي  
عشر شابا في جامعة كابل، كان من بينهم المهندس للثوب والشرق، والتفت بهم بعد  
ذلك بقية الشخصيات الإسلامية المعروفة اليوم

في أكتوبر ١٩٧٨، قام تيرافي بالانقلاب على الملك داود وأسس أول حكم جمهوري  
شيوعي في البلاد، وذلك بإجراء ودعم من الروس

في ديسمبر ١٩٧٨ اجتاحت القوات الروسية المعانسان لتسحق الشيوعية في كابل ثم  
الوصول إلى المياه الدافئة وساحل النمل

في ١٩٨٨/٢/١٥ لم الجيش الأحمر على الانسحاب من أفغانستان جزرا أديبال الحمية  
والهزيمة، وكان هذا هو الوند الأخير الذي دمه المجاهدون في نفس الجهاد السوفيتي والذي

أسباب منه مغلقت فكانت الهوية التاريخية للعقيدة الشيوعية، بفضل الله، على أيدي المجاهدين

بعد هزيمة الشيوعية في عهد الثوب يتفرض نتائج هذا الجهاد المبارك لبيدات الأزمة الحالية

## مدرسة تحفيظ القرآن

بيشاور - باكستان

لتقيت أحد الإخوة ذات يوم في طريقني إلى المسجد لأداء صلاة المغرب، وإذا به يبتدرني " لقد رأيت اليوم عجبا " قلت " عسى أن يكون خيرا إن شاء الله " .  
قال " والله يا أخي لقد شعرت هذا الصباح وكأنني أعيش في زمن الصحابة والتابعين " . قلت " شوقتني يا أخي ، فهلا أوصحت عن مقصدك؟ " قال " كنت في طريقني إلى السوق ، فنويت أن أجعل المسجد محطة أصلي فيه الضحى ثم نطلق لشائي " ، وسكت هنيهة ، وكأنه يسترجع تفاصيل ما هو بصدد أن يرويها ، ثم أخذ نفسا عميقا وقال " عندما اقتربت من المسجد سمعت صوتا أشبه بطنين لنحل ينبعث من صوب المسجد ، بدأ خالقا ثم أخذ يزداد قوة إلى أن دخلت باحة المسجد الخارجية فأصبح دويا يملأ الدنيا ، إلا أنني بدأت أميز الأصوات والعبارات ، فإذا هي مجموعة ضخمة من الأطفال الأفغان من جميع الأعمار ، كل يد وضع مصحفا بين يديه واستغرق في القراءة جهرا بانتظام بديع مع بقية إخوانه . وجوه عندما نظرت إليها شعرت بدفء النور المنبعث منها ، ولما سألت سبيل لي هؤلاء طلاب مدرسة تحفيظ القرآن الكائنة بجوار المسجد " . وألحرق ساحتي قليلا ثم أردف " والله يا أخي لا أستطيع أن أصف لك شعوري عندما وقع نظري على هؤلاء الفتية ، تمنيت لو أن لي جناحين لأطير بهم إلى بلادنا ومساجدنا وأقول للناس ، هكذا يجب أن تربى أولادنا ، تمنيت لو أن المسلمين في كافة أقطار الأرض كادوا بجاني في تلك اللحظة ليروا ما رأيت ويسمعوا ما سمعت ، فخر ما بعدة لخير ، والله إن جيلا مثل هذا يتربى في رحاب بيوت الله ، رحمت ظلال كتاب الله ، لحرى أن يطوع الأرض ويحكمها " .

أخي المسلم / أختي المسلمة ،

قال رسول الله صلى الله عليه وسلم " خيركم من تعلم القرآن وعلمه " (رواه البخاري) . ونحن في مدرسة تحفيظ القرآن التي ترعاها مؤسسة النجدة العالمية ، حريصون كل الحرص على تربية جيل من حفظة كتاب الله ، حاصلين على حيز وافر من العلوم الشرعية الأخرى يكونون ذخرا لأفغانستان المستقبل ، وقادة لمسيرة الدعوة ، وحملة راية الجهاد والإسلام على بينة وبصيرة .

إن كفالة طالب واحد لمدة سنة كاملة لا تتجاوز ١٩٠ دولارا ، ونحن ندعوكم لاستثمار كفالة ، أو خمس ، أو عشر كفالات في مستقبل أفغانستان ، في مستقبل حكم الإسلام القادم إن شاء الله ، فلا تدعوا الفرصة تفوتكم .

"Indeed , the most pious amongst you is he who learns Qur'an and teaches it to others" (Narrated by Imam Bokhari)

Due to the urgent need and extreme conditions, and since most of the hospitals and laboratories have either completely shut down, or reduced their services, and since the number of the Afghan refugees in Pakistan is about 3 million, living in miserable conditions in their camps, where health services are non-existent and sanitation is unheard of, and where dirt and pollution lead to the spread of disease and epidemics.

Based on this painful reality, GRF has established the "Central Clinical Laboratory", in Peshawar / Pakistan, where the major concentration of refugees and hospitals are located.

The Lab is equipped with the most advanced technology available, and is operated by the most experienced technicians, some with graduate degrees.

The Lab was able, with the grace of Allah (SWT), to become the most dependable to hospitals in the area, in a very short period, due to its excellent services, efficiency, and professionalism.

The Lab conducts an average of 1350 tests monthly in the following areas:

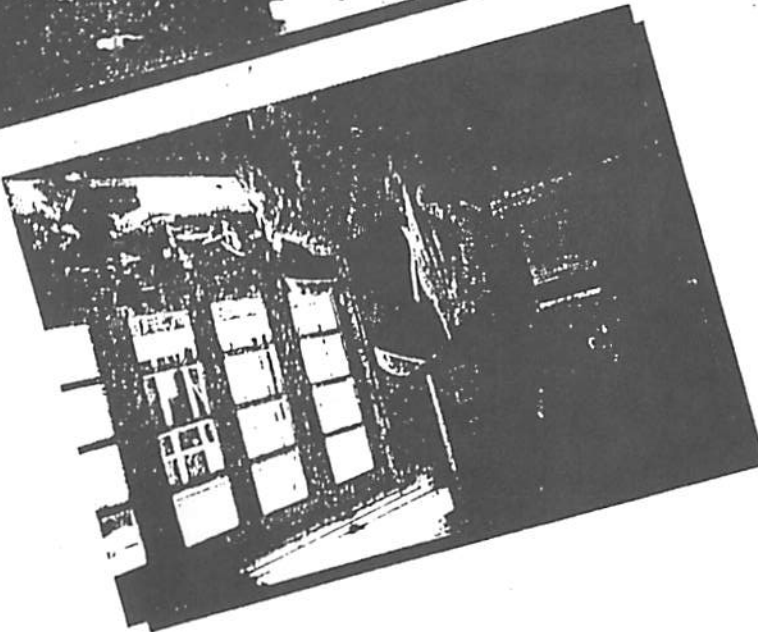

- 1) Clinical Chemistry
- 2) Hematology and blood Bank
- 3) Clinical microscopy
- 4) Microbiology and Serology

Currently, GRF is studying the possibility of starting a comparable facility in Khushfjo Abad - Kashmir, where the highest concentration of Kashmiri refugees is located.

**"Breaking The Siege of Silence"**  
Excerpts from a letter from Sarajevo

It is cold in Sarajevo, and people are hungry again. All hope has been buried. We hear people say, "Sarajevo is abandoned, left alone." It's remarkable how people who say such things really don't have a clue. The world at least the part that makes decisions-was never with Sarajevo or Bosnia to begin with. To say we've been abandoned now only adds insult to injury. Some may remember the recent image of that seven-year-old boy who was hit in the face by a sniper's bullet in the middle of Sarajevo, holding on to his mother's hand as they ran past a UN armored personnel carrier. As the boy lay dying, his face turned toward the asphalt, his left hand raised to his head, soaked in his blood. His name was Nermin Divovic. He wasn't killed by surprise, by a shell. He was sought out by a Serb sniper who waited, got him into his telescopic sight, looked at his face and then pulled the trigger. Then the same sniper shot Nermin's mother in the stomach so she would not die immediately, but would watch her son die first.

That is the reality of Sarajevo and Bosnia and Herzegovina, the place where UN Secretary-General Boutros Boutros-Ghali says that a war is being waged. The army of Bosnia and Herzegovina has invested the following in Amur: half a uniform, one blanket, a dozen cans of food and an insignia. His mother provided the rifle sight and shot in the face, is not Side A or Side B. This is human misery, and the account has not begun to be scolded. That's what happens, it's worth knowing. There is no other way out.

## الزكاة

### حكمها - مصارفها - كيفية حسابها

الحمد لله رب العالمين كما ينفي جلال وجهه وعظيم سلطانه والصلوة والسلام على نبيه الكريم وآله وأصحابه أجمعين.

أعلم أخي/أختي أن الزكاة هي حق الله تعالى في ذلك، وهي أحد أركان الإسلام الخمسة. وتتمثل مصارفها في أوله تعالى: (لما الصدقات للفقراء والمساكين والعاملين عليها والمؤلفة للذين آمنوا ولذي السبيل الحرمة من الله، والله عليم حكيم). الفقراء (الذين لا مال لهم ولا كسب أو لهم كسب ضليل جداً). المساكين (الذين يملكون ما يقع دونهما من كفايتهم ولا يكفونهم). العاملون عليها (الذين استمروا مع الإمام لمجمع الزكاة ودفعها إلى مستحقها). المؤلفة للذين آمنوا (الذين دخلوا في الإسلام حديثاً لتثبيتهم). في الرقاب (الإعتاق العبد). الفارمين (الذين أنقذتهم الديون). في سبيل الله (المجاهد، ومصرف لتجهيز القراء وشراء المتاد والأغذية ووسائل النقل لهم من أجل إعلاء كلمة الله تعالى وحماية الثغور). ابن السبيل (المسافر الذي احتاج مالا ولا يستطيع الوصول لبلده). ولأن الإمام مالك \* يجهت ويتحرى موضع الحاجة من هذه الأصناف الثمانية لتصرف إلى أمها \* . ولعل من أهم مصارف الزكاة في زماننا هذا هو الجهاد في سبيل الله لأن فيه منة الأمة وعزتها والدفاع عن أعراض المسلمين ومقدساتهم. وأهم ما يجب فيه الزكاة أمران:

1. الأوراق النقدية: إذا تجاوزت النصاب ( ٢ أصات ذهب = US \$ ١٢٠٠ تقريباً) ومضى عليها حول (عام هجري) ففيها الزكاة. ويجب إخراج إثنان ونصف في المئة ( ١.٥ / ) من مجموع أموالك بما في ذلك الحساب الجاري (Checking) والمدخرات (Saving) والمال الذي استدانته منك أحدكم وتامل أن يرد إليك والمربون أو الوديعه (Deposit) عند استئجار مسكنك مثلاً والضرائب المستحقة لك (Withheld Taxes) وما شابه من المستحقات لك.
2. عروض التجارة: يجب تقييم البضاعة المتاجر بها من أدوات منزلية وألحمة وسيارات الخ بيسر الشراء عند وقت دفع الزكاة ويخرج إثنان ونصف في المئة ( ١.٥ / ) من القيمة الإجمالية إذا حال عليها الحول وبلغت النصاب وقت إخراج الزكاة.

## The Challenges Of Peace In Bosnia

As everyone else, we followed the Dayton talks on Bosnia very closely. After twenty one days of hard negotiations everything seemed deadlocked, and the talks appeared to be heading for a dead end. Then suddenly, it was declared that all the parties involved have reached a settlement. Dayton was a success. For us as a relief organization working in Bosnia, it was a sigh of relief. We have seen, first hand, the extent of devastation the war had on Bosnia and Herzegovina. The damage was not confined to just steel and stones, but was also manifested in the character and morality of the people. The international impotence in the face of Serbian defiance and arrogance is much to blame for their atrocities against the people of Bosnia. With the peace treaty signed, the wounds may stop bleeding for now, but the scars will run deep into generations to come.

*The Islamic Library Of Sarajevo*

War took a terrible toll on the people of Bosnia, more so on the children, but peace may prove to be a more agonizing experience. One which will add insult to injury. The challenges presented to us as Muslims today are by no means less than those that confronted us when Muslims were being slaughtered by the dozen everywhere in Bosnia. To destroy is easy, anyone can do it. But the process of rebuilding is slow and long. It takes vision, commitment, and perseverance to endure the strains, and to overcome the hurdles and obstacles along the way.

Bosnia today, calls for us more than it ever did before. As a country it suffers no shortages of industrial plants or man power. It only requires target-driven Muslim capital to get the stacks smoking. Also, the schools, hospitals, and other areas of the infrastructure require our immediate attention.

Many have foresaken Bosnia in the time of war. Let us help it face the challenges of peace.

## Investing In The Future

Faizullah Kakar, PhD\*

Among the numerous challenging problems post war Afghanistan is facing, is the lack of trained individuals for the reconstruction and rehabilitation of the country. Due to the Soviet invasion and occupation of Afghanistan for ten years, the educational, health, and economic infrastructure of the country was destroyed and remains in ruins.

War lays waste to many valuables but the most terrible among them is the waste of "minds". Hundreds of thousands of Afghan children have grown to adulthood in Afghanistan without any education (formal and informal). These are totally illiterate. Furthermore the illiterate youngsters who were brought up under the conditions of war are different from pre-war illiterates. The pre-war illiterates, though they could not read or write, possessed the skills of farming and raising livestock or other apprenticed skills, but the current generation knows only one thing well, how to use military weapons.

Thus Afghanistan is certainly facing a complicated crisis. On one hand, the country is in ruins, on the other hand there is neither the personnel nor the economic strength to rebuild it. Very few of the Afghan who had training prior to the war (1979) have remained in the country. Many of the educated Afghans have either become casualties of the war or migrated abroad, and many of those remaining have reached the retirement age.

A few thousand Afghans who were fortunate enough to acquire a high school education inside or outside Afghanistan are desperately seeking university-level training, but for financial reasons they have great difficulties reaching their goal. It was the preception of the dire need that the Islamic University of Afghanistan (IUA) was established in 1989.

IUA is located in Peshawar, Pakistan, near the Afghan border and it currently has four college: Medicine, Engineering, Agri-

culture and Usuluddine Walsharia. IUA is a university with a new vision and a special student body. The students are mostly the orphans of the Afghan jihad martyrs whose education had been supported in Peshawar during the war and who have now reached the university level.

IUA researchers has analyzed the social changes in the Afghan society brought about by the 17 years of the war and have noted that the old wholesome way of solving problem, peacefully through mediation by elders and religious scholars has given way to other means. Realizing that their graduates whether working as doctors or engineers will act a role models for the rest of Afghan society, the IUA Academic Council decided to teach a course to all its students on how to resolve conflict through negotiation. IUA would like to promote this peace building course in other educational institutions in Afghanistan as well.

Another course required of all students is Islamic Studies. The University administration strongly believes that one reason for the misguidance of the Afghan elite who pave the way for the coming of the Soviets to Afghanistan was their lack of understanding of Islam. All students, regardless of area of concentration, study Quran, Islamic traditions, manners, history, and civilization.

IUA has graduated doctors, engineer teachers, agriculturists, and judges, but currently the University is facing a severe financial crisis which has caused the University to close one of its colleges, the College of Education. The University is requesting Muslims to invest in the future of Islamic Afghanistan by supporting financially the distinct University which serves the sons of Jihad martyrs.

Please send your tax-deductible donation to GRF and specify that is for IUA.

\* Dr. Kakar is the Deputy Minister of Public Health, and The Chancellor of IUA. He is also the Founder and Chairman of RACA (Research and Advisory Council of Afghanistan).

## Mazboud Charitable Clinic

The MCC treats more than 500 patients monthly, some of whom are chronically ill, and provides free medication to all. It also offers a comprehensive child care program including immunization. The medical staff consists of six physicians specializing in Pediatrics, Cardiology, Internal Medicine, and Gynecology.

In addition to being a fine medical institution, MCC has also assumed the responsibility of calling Muslims to their Islam. It has rapidly become a lighthouse emanating Da'awa and helping Muslims cling to their Islam.

## Da'awa Fund - Lebanon

Anyone who knows anything about Lebanon, knows the importance of Da'awa in that poor, war ravished country. The most obvious reasons are: 1) The existence of a non Muslim population which can be called to Islam, and 2) the many potholes that Muslims can fall into in a country where moral and social corruption is the norm.

The need for the presence of scholars and Da'iahs (preachers) in the people's daily lives is enormous. To teach, to lead, and to play the role model.

There is no shortage of scholars in Lebanon, but due to the severe economic conditions these scholars are busy earning a living and have absolutely no time for their primary goal in life.

With the grace of ALLAH, you can provide this opportunity to them by sponsoring a Da'iah so he commits 100% of his time to Da'awa. It costs a mere \$200/month. The rewards are countless! Please put LDF in the memo on your check.

## وللقارئ كلمة!

الأخوة القائمين على نشرة الظلال حفظهم الله تعالى  
السلام عليكم ورحمة الله وبركاته وبعد.

إن خطبات الفرح والسرور التي غصرتني وأنا أقرا بشركتكم  
المباركة لهي أعظم من أن توصف. وأضح من أن تسطر بيان نقد  
عائيت الأمرين في هذه البلاد منذ وصولي من غياب الكتابات لثبات  
ذات الطرح الإسلامي الهادف والصريح. إن ما تسرونه في  
نشرتكم. سواء كان على هيئة أخبار متفرقة عن المسلمين في تعلم.  
أو على هيئة مقالات نقدية وتحليلية. فهو من أعظم الأشياء التي تمنع  
-بإذن الله- على الشبث على هذا الدين العظيم. ومقاومة تيارات  
الانحلال والفساد التي يبعث بها هذا المجتمع المتهاك. هذا فضلاً عن  
معرفة أخبار المسلمين في العالم الإسلامي بشكل منتظم وعن طريق  
كتابات موضوعية وشامنة. إن الطالب المسلم في بلاد الغرب يعيش  
في حالة من التعمش نثر الكتابات التي تضرحونها. أو يطرحها  
غيركم. وذلك نظراً للتحديات الفكرية والثقافية والاجتماعية التي  
يواجهها. ونظراً لضعف الحضور الإعلامي المتميز للعقول والأقلام  
الإسلامية الناضجة.

في الختام أسأل الله لكم التوفيق والسداد فيما تكتبون. وأن يعيكم  
على مواصلة عطائكم الذي يعتبر امتداداً لدعم قضايا المسلمين  
وتحقيق مبدأ الجسد الواحد.

أخوكم في الله ومحبيكم
