Body if you're asking me what I think about the Mujahideen of ad-Dawla al-Islamiyyah then they're our brothers and the Khilafah has returned and the glory of Islam has returned and they rule by the Shari'ah and there success in small numbers is a proof for them and I have seen all their daleel refuting ALL the allegations thwarted against them by the Ulema as well as the secularist among the Taghut lands.

Body I was stuck between a rock and a hard place thinking.

On one hand, there is the opportunity to be stationed and establish a community of "green birds" in shaa Allah and finance and work from within the heart of the taghut. On the other hand, I risk being put on the no fly zone because the entire Ummah except ad-Dawla and it's supporters is in a state of fitnah and would run with my words to the authority to have me imprisoned or put on the no fly zone where I wouldn't be able to leave this country. And shams is right next door and is the only place on earth where you can speak the truth about ad-Dawla and not be jailed.

Body Knowledge should not be taken from the present ulema who are living under taghut

concerning Jihad or matters pertaining to establishing the Khilafa or Shari'ah as they have concealed the truth and replaced it with slander. They have refused to produce da'eel for their speech and only spread corruption. They've refused to lift their pens against the taghut rulers whom which they live under and have deviated from honesty in al-Islam.

Body Indeed, the people have made many false accusations which were unfounded and were blatant lies about our aqeedah. They accused us of making takfeer on all Muslims in general, and they accused us of justifying the blood and properties of Muslims, and they accused us of forcing the people to join the State using the sword (violence). To address these statements, this is our explanation to deny their accusations, so that there is no longer any reason for them to spread lies and doubt about us.

FIRST

We believe and we enforce the destruction and annihilation of all forms of shirk, and the prohibition of anything that leads the people into shirk.

Imam Muslim has narrated in Saheeh Abi Al-Hayyaj Al-Asadiy, he has said, has been said to me by Ali radiyallahu anhu, remember that I will be sending you as Rasululllah sallallaahu alaihi wa sallam has sent me, "Do not leave the sculptures unless you destroy it, and do not leave the graves to be worshiped and glorified unless you destroy it. "

SECOND

We believe that the Rafidha (Shi'a) are a group of shirk and apostasy, they are also a group that are opposed to the complete implementation of the Islamic Shari'a law.

THIRD

We believe the practitioners of witchcraft are apostates and have become infidels and it is an obligation for us to kill them, and their repentance is not accepted in the courts (of dunya). Omar bin Khatthab radiyallahu anhu has said: "The punishment for a magician (one who deals in witchcraft) is to decapitate (slaughter) them with the sword".

FOURTH

We do not make takfeer on the Muslims that pray facing the qibla because of their sins, such as adultery, drinking khamr and stealing, as long as they do not claim it is halal for them to be doing so. Our belief in faith is the middle path (tawasuth), between khawarij who are ghuluw (excessive in the matters of religion) and between ahlu irja who aremufrithin (people who are careless and lax or give too much tolerance).

And those who profess the syahadatain and reveal to us his Islam, and do not perform any act that takes them out of the fold of Islam, then we treat them as we treat the Muslims. And we leave what is in his inner heart to Allah.

And we believe that there are two categories of kufr, namely kufr akbar and kufr ashgar, and that the denial of the truth could be caused by one's belief, words, or actions. As for making takfeer on someone personally, this depends on the fulfillment of syuruth(requirements) and the absence of mawani' (instances that prevent takfeer).

FIFTH

We believe that tahaakum (referring to someone for judgement) is done only to the Shari'a of Allah ta'ala in every case of complaint arbitrated in the courts of the Islamic State. As for tahaakum to laws of the tawaghit, such as man-made laws, tribal laws and others, this negates one's Islam and leads to disbelief (nawaqidul Islam).

Allah ta'ala says, "And whoever does not judge by what Allah has revealed - then it is those who are the disbelievers" (Al-Maidah 5:44)

SIXTH

We believe in humbling ourselves before the Prophet Muhammad sallallaahu alaihi wa sallam, and that it is haram to ignore his words. And it is haram to make takfeer upon those who have earned the highest of degrees and the noblest of positions, of which are the four rightly-guided caliphs (Abu Bakr, Umar, Uthman & Ali), the sahabah (companions of the Prophet sallallaahu alaihi wa sallam), and members of his household.

Allah said "Indeed, We have sent you as a witness and a bringer of good tidings and a warner. That you [people] may believe in Allah and His Messenger and honor him and respect the Prophet and exalt Allah morning and afternoon." (Al-Fath 48:8-9)

The Prophet sallallaahu alaihi wa sallam recited this ayat (verse) to his companions: "Muhammad is the Messenger of Allah ; and those with him are forceful against the disbelievers, merciful among themselves. You see them bowing and prostrating [in prayer], seeking bounty from Allah and [His] pleasure. Their mark is on their faces from the trace of prostration. That is their description in the Torah. And their description in the Gospel is as a plant which produces its offshoots and strengthens them so they grow firm and stand upon their stalks, delighting the sowers - so that Allah may enrage by them the disbelievers. Allah has promised those who believe and do righteous deeds among them forgiveness and a great reward." (Al-Fath 48:29)

SEVENTH

We believe that secularism in its various forms and doctrines, such as nationalism, socialism and communism, is tantamount to kufr, it cancels one's shahadat and pulls the people away from the religion of Islam. And we believe anyone who is affiliated and participates in any political party/activity, such as the Ad-Dailamiy party, Al-Hasyimiy, and others has become an apostate. This is because these acts replace the law of Allah ta'ala, and handover the loyalty and power of ummah to the enemies of

Allah ta'ala such as the Crusaders, and the Shi'a Rafidhah.

Allah ta'ala says about the state of the person who agrees to replace even only one matter that is part of the law of Allah ta'ala, "And indeed do the devils inspire their allies [among men] to dispute with you. And if you were to obey them -in one matter only-, indeed, you would be mushrikeen." (Al-An'am 6:121)

As we believe that the ideology of the al-Islamiy party (a political party in Iraq) is of kufr and apostasy, there is no difference in this party, though the name is Islamiy, to all other ideologies of kufr and apostasy, such as the Ja'fariy 'Alawiy party. And the leaders of their party are all apostates, there is no difference between those who are in the government/parliament or those in the party branches. But we do not make takfeergenerally on all who are in the party, as long as there is no hujjah (argument/explanation) delivered to them.

EIGHTH

We believe those who defend the infidel/apostate rulers are also apostates, as are those who help them (rulers) with any type of defense or aid, such as clothing, food, medicine or anything else that can strengthen their position. So, his actions (helping apostate rulers) thus, will become the justification/reason for us to shed his blood (due to his apostasy).

NINTH

We believe that jihad fi sabilillah (fighting in the path of Allah) is an obligation upon every single Muslim since the fall of the caliphate in Andalusia (modern day Spain) in the effort to liberate occupied Muslim lands. And that the obligation of jihad is one that is constant, to be performed under the commands of a righteous leader or even one that is a fajir (sinner), and the biggest sin after kufr (disbelief in Allah) is to reject or hinder jihad fi sabilillah at a time when it is made wajib (obligatory) upon every single Muslim.

Imam Ibnu Hazm rahimahullah said: "There is not a sin after (the sin of) kufr which is worse, than the sin of one who prevents jihad against the disbelievers when it is commanded by Islam, and that is the hindering of the Muslims to perform jihad against the disbelievers with the excuse that a Muslim may be a fasiq (venial sinner), though this (character of a fasiq) is not considered as a justification (to prevent jihad)."

TENTH

We believe that when a country or a state is engulfed in the glorification of kufr, and what dominates in it are the laws based on kufr and not the laws of Islam, then these countries and states are dar al-kufr (land of disbelief). However, we do not declare takfeer upon every citizen that preside in that country or state.

And since the Muslim countries of today are ruled by the laws of the taghut (tyrants) and disbelief, we are convinced of the kufr and apostasy of the rulers of these lands and their military forces. And to fight them is more obligatory than to fight the leaders of the cross (Crusaders), and we give warnings and reminders that we will fight the forces (whose apostasy and loyalty to the disbelievers are clear) that fight the Islamic

State of Iraq, even if they call themselves with the names of the Arabs or Islam.

We advise and warn them, so they will not have to ransom sheep for their rulers, as that is only what they are worthy of, in the effort to rid Iraq of the Crusader powers.

ELEVENTH

We believe that it is an obligation to oppose the police and the military of the taghut and apostate governments, and what they have established in the form of corporations/firms such as oil companies and others. And we believe in the necessity of destroying and eliminating the agencies, boards and establishments that are clear to us will be means by which the taghut will rely on to maintain their grip on power.

TWELFTH

We believe that those from the ahlul kitab (people of the Book) and others besides them, from the Sabians and those who are in the territory of the Islamic State today are of ahlul harbi (people against whom fighting is enjoined) and that there is no option of dzimma for them. This is because they have violated the treaty that they previously made with the Islamic State, and if they want peace and avoid fighting then they are obliged to enter into a new treaty with the Islamic State and to agree on the regulations and rules until their terms come to end.

THIRTEENTH

We believe that members of other jama'at (group) of jihad who are fighting in various fronts are our brothers in religion, and we will never consider them as kafirs (disbelievers) or asfajirs (sinners), unless they delve into vice and deviate from the obligations of the religion in these times, because we consider them as brothers under the same banner (the banner of la ilaha illallah).

FOURTEENTH

Every group or individual who are allied with the rulers whom we are in war with, we consider them as those who are uncommitted towards us, the Islamic State. Rather, they are of evil and we reject them. Therefore, it is a matter of great concern in dealing with the rulers when making treaties/agreements without the permission of the Islamic State.

FIFTEENTH

We believe in treating with love the pious scholars who are truthful and to be humble before them, and to discard from them their mistakes and shortcomings, and to expose those who are supporting the plans of the taghut, or pretending and spreading falsehood about the religion of Allah.

SIXTEENTH

We hold that those who preceded us in (leaving for) jihad, they are those who are honored, and it is our responsibility to support (taking care and be of service to) the families of themujahideen and their properties.

SEVENTEENTH

We believe in the obligation to release the captives and the oppressed from amongst the Muslims from the hands of the kufar (disbelievers), by means of war or ransom. Rasulullah sallallahu alaihi wa sallam said: "Free the captives", and thus it is an obligation upon us to treat fairly the prisoners whether they are from the disbelievers or from the martyrs.

Rasulullah sallallahu alaihi wa sallam said: "Whoever provides for a fighter in the cause of Allah has actually fought, and whoever takes care of the family of a fighter has actually fought."

EIGHTEENTH

We believe in the obligation of providing the proper understanding and teaching the ummah regarding the matters of the religion, and when they have gained something from it, then it is for them a benefit in the dunya and the hereafter. And we make obligatory the seeking of beneficial worldly knowledge (such as science) which the ummah wishes and requires. And what is other than that is permissible, as long it does not deviate from the divine knowledge of revelation.

NINETEENTH

We believe it is forbidden those things that leads to heinous acts and the evil that it pulls into, such as the satellite channels (that perpetuate indecency and vileness). And it is obligatory for the women what has been commanded upon them from revelation, that is to cover themselves modestly as prescribed by the shariah. And it is obligatory for them to protect themselves from ikhtilat (free mixing between non-mahrams) so that they may safeguard their chastity.

Allah ta'ala said: "Indeed, those who like that immorality should be spread [or publicized] among those who have believed will have a painful punishment in this world and the hereafter. And Allah knows and you do not know." (An-Nur 24:19)

And lastly, all praise be to Allah, the Lord of the worlds, and Allah is fully in control over His affairs, but most men know not.

Delivered orally (recording) and written by:

Amirul Mukmineen Abu Omar al-Husainiy al-Baghdadi al-Quraisiy rahimahullah
(First Amir of the Islamic State)
