Dr. wants to speak to you about your mails to him, so please try to call him when you can. I am leaving Wed night YOUR time and will be at the location Thursday night your time. Pray that i make a lot of money on this project. Last night i had a dream in which i saw the grave of the Holy Prophet SAW. I also saw another kacchi grave and a man standing next to it. When I asked whose grave it was he said, "when you die you will be buried here." So I think this is a Mubarak dream. What do you think? Any thing else you want to say or tell me, do it now please. as i wont be able to communicate with you after tomorrow.

I think they r checking what M2 has revealed them,not the other matter,i hope so ..but ism should take it serious, no relaxation..i know ur other mail address,no need to use that address yet..first u visit MMP than we will discuss and c the concerned person if needed,and if your friends decline , we'll do that ,i have discussed with baray log...i am just coming from the funeral,may GOD forgive him and rest his soul in peace,everything went fine...how's the dr's reaction on what all is happening,is he terrified or relaxed...here all OK

Take care

Thank God, the Bbhai problem seems ok now. Bbhai called them and said that ism was where you are now and not where he lives. so they said to bbhai that its nothing serious just his named popped up and they need to check it. They also said that if ism is not here than tell him to visit the local office, where he is, if he has time. So i think that it is ok, just routine because of what m2 said before. Our doctor friend has gone to canada till 3jan with family. So i am here alone. Planning for MMP. send me info about it on other mail i gave you starting with "obli". if you dont have it i will mail you from it. Please keep trying for the plot as situation is desperate. How is your friend Harry. did you check the lady naipaul link. Maintain contact with your swedish friend. Ok take care,

Thank you for your very late response. Over here, in the city where Bughbai lives they came to his house asking about ismael. They said nothing serious just want to ask some questions. We should find out if wasi is also there guest or not along with chacha, if we can. Send me the info on the mickey mouse project later when i tell you. For now, should i leave here early or around the 14th like previously planned. Do that special thing you do and tell me. Keep trying for the plot please.

Sorry I missed your calls last night. Had to go see the Eagles game. (they lost). I checked out business opportunities here. They seem quite promising. I am going right now to see if I can put an ad for our company and also check the feasibility to open up an office here. Sun comes out at 8:30 am here. Have been reading your mails, really good. keep after that guy from wisconsin. (piece of shit).

Anyway thats it. I am 7 hours ahead of you. Ask the lady from francisco ave if my ticket is confirmed.

Dear Doc,

Congratulations on the inauguration of an Illinois President today.

Everything is fine here. I went to a newspaper to find out about advertising our company. I gave him my card so they might call any of the 3 offices to verify. Ask NY and Toronto offices to remember me. The rates are pretty steep, like 3000 dollars for the front page, for one time. The sales guys name was Martin and he asked for our email to give detailed prices. I gave our business email, so keep alert for his mail. Forward his mail to me so we can invite him for a visit to Chicago and make friends with him to get better rates. I have met a lady here who will be willing to help us the way Bharucha helps us. In return we have to arrange boarding for her for 2 weeks in June in New York. (Maybe she can stay with QR in newark)

You have slowed down on the Forum. When you write, always read it at least once to check for mistakes or to add better phrases or ideas.

Ok take care,

Dave

Please confirm on the receipt of these emails. Nice mail you wrote the wisconsin doctor. Agha came to his defense. In response to the wisconsin doctors remark that he doesnt want to discuss the 2 things, the bible and the Way, tell him you DO want him to discuss it so at least we are clear on his position. Maybe you can write down a few Yes or No questions for him to answer, like do you feel christianity was completed, do you think it can be improved upon, do you think it is safe and protected till the last day etc. If he answer no to any question then say that whoever say no to anyone of these questions cannot be a christian and anyone one who believes him to be a christian is himself a non christian. Ask him that word for word question again about our holy bible being the literal word of God, just to reconfirm.

I will leave this hotel thursday morning and go to another city in this country for my vacation. I havent decided which one, maybe arhus.

So please tell ALL our offices if they receive a call about me, to please confirm my job there.

Girls here are really hot. Just the both of us should come here minus our girlfriends to have a good time.

Take care,

Dave

Subject: will, Dave

Dear Doc,

As I am travelling and things are so bad these days, I would like to leave a few instructions with you in case of my death or if I am incapacitated for some reason:

First of all M2. Please get her to Canada as soon as possible. Till that time comes send her \$350 per month thru Pasha. Communicate with her thru him and dont give her your numbers, even if you call her, as the number doesnt show up on card calls. When she does get the visa give her Canadian \$6000 and ticket and instructions. Regarding M1, sit with her and decide whther she should return home immediately, or after 1 year, or after 2 years. We will play this by ear if i am incapacitated, if I die then use your best judgment.

I would like my sons to get into Aichison after their Hifz, so if you can swing it, great, and if not then whatever is the next best option.

Here is a list of my assets:

I have 2 shops in Dubai completely paid up. The larger one has 2 more years on the lease the rent is fixed at 23780 dirham quarterly. It was paid in Feb so you can figure out when next it is due.

The smaller one has 1 year on its lease. Rent is 12200 quarterly, paid in Jan so figure out the rest.

The guy managing these properties is Imran Lodhi and his number is 011-971-50-214-2936

he has 2 months rent with him for EACH shop now, that is of Oct,Nov,08 and of Jan, Feb,09. I let him keep it since I owe 166,000 dirham on the 3rd shop i am planning to buy. The balance of this payment, after deducting the 4 months rent will be paid after i sell this plot in Pakistan. Ahter that I will have to pay the balance on the 3rd shop by 2011 the amount is 166000 multiplied by 6. All these 3 shops are in Shazis name.

I have 117 acres land near Gharo. that whole situation will be explained to you by Solat when it becomes necessary. I will give you Power of Attorney to act and negotiate with JKS on my behalf or my heirs will give it to you if i am not around. Solat is 5% owner of that land and any deal that arises from it, though not on paper but it should be considered as such. This property is in my name.

The last thing is Abbas house, 60% of It is owned by me. Abba's share comes to about 21 marlas. I want my sons to keep that house at ALL costs. Once again Solat has all the necessary details pertaining to this house. I want this issue settled as soon as possible as i fear the other heirs of my father may have a change of niyyat after my departure or incapacitaion.

Here is the list of what i owe:

Jawaid Nawab: Rs.150,000

Hamzah:Rs.400,000

Chand bhai:Rs.100,000

Tahir Saleem:Rs.40,000

Thats all my old friend.

Salaamun Alaikum wa rahmatullah wa barakatu'

D

P.S. there are some small things which shazi can brief you about if necessary like some cash in dads account to be divided amongst us and about 3 acres of agriculture land of his or my car e.t.c. and one small plot in bahria town 50% of whici solats and the rst in shazis name. the value is only around 3 lakh now.

hi how r you

i red your mail and gave a cool thought to all this and i have got certain questions in my mind

- a. what all advantages we can get from this person except strengthening our cover
- b. will this all be generating any worthwhile information related to military or forces.
- c. is rana sahib interested and capable to handle this all.
- d. would rana sahib be getting any advantage of this all.

As per my analysis leaving aside rana sahib factor it would better to engage raja by helping him in getting seminars and confresses in usa it would save your time you will be in contact with him as well.

If he is of any other use to your organization you are at liberty to handle even without my information or as you desire .it will be better that before making any final decision if you ask opinion of your people as well.

Kindly let me know your analysis and then start working

Dear Mr.Rege,

So nice to finally talk to you after so many months. I have been doing some preliminary work on your projects. As I mentioned my Boss Mr.Sanders is vacationing in Spain but even then I did get to talk to him a little on this topic. He is very well connected with the government here as well as with a lot of Multi-national Companies. It will be very easy for him to find companies who want to invest in India, as long as it is beneficial for both of you. He will personally speak to you on this matter when he returns but he did ask me to get some more information from you, financially speaking, on how this would work. So please send me some more details.

Regarding the other matter, it also looks very promising. We could book halls in advance for you in multiple cities, like New York and Chicago, and guarantee large audiences. However my Boss suggests that, if it is possible, you should have some big name personality from your party to accompany you to America for maximum results. Would you be able to do that? This would guarantee all fund-raising activities to be a big success.

I will get more details for your personal matter as well. But certainly a man of your qualification in the IT field will have nothing but success here. We can explore all these possibilities when you arrive.

Thats all for now. I will also check Dubai for you. I should arrive there by the middle of June, just as the rainy season begins. 'Hope to see you then.

Take care,

David.

Regarding the other matter, it also looks very promising. We could book halls in advance for you in multiple cities, like New York and Chicago, and guarantee large audiences. However my Boss suggests that, if it is possible, you should have some big name personality from your party to accompany you to America for maximum results. Would you be able to do that? This would guarantee all fund-raising activities to be a big success.

I will get more details for your personal matter as well. But certainly a man of your qualification in the IT field will have nothing but success here. We can explore all these possibilities when you arrive.

Thats all for now. I will also check Dubai for you. I should arrive there by the middle of June, just as the rainy season begins. Hope to see you then.

Take care,

David.

No, I am just trying to engage this guy. If he can visit USA with bala or his son I will be able to make direct contact. We can even take care of them here if we want.

I will have Sanders call him, he might be able to get an investor, if not then at least we can arrange a fund raiser for him here. I am coming on 3 June. He has written mw another letter which I am forwarding also.

Take care. How is the Polar Bear cub.

Dear David,

Ok.Let your boss Mr.Sanders come from vacation then we will talk on that.Now you need explanation on financial aspect that how both of us get financially benefitted.right.Now there are many huge projects of constructions,dams,roads,flyovers,bridges,cannals,power,agriculture etc.these projects I have from govt. sector as well as private sector.If it is a govt. project then they come out with tendor and we have to bid for that.The lowest price gets the project.here we have to give under table money and manipulate the tendor.if it is a private sector project it is very easy as all of them are known to me.I tell you people the price of the project and we get it.Financially both of us get benefit as we get our consultancy charges.thats all.but even these consultancy charges ranges from few hundred lacs to few hundred crores of indian rupees.as the project is awarded to the concern people thats after signing the MOU with both the parties we get our consultancy fees.if its beneficial to get in US dollars then full amount you get and then you transfer half to me.And if it is beneficial to get in indian rupees then I get full amount and I pass half to you.For these activities I have my own trust registered under Indian laws.the purpose of this that we get benefit for these consultancy fees.I show here that i got donations for social work as education or medical.Thats gives me saving Income tax.

Same applies to what I asked to get donations from US.YOU can simply tell them you are generating funds for well fare of mumbai people for poverty,unemployment,childrens,old people,education,medical etc.For which they get proper authorised,leagal acknowledgment(receipt) of the same. If you are coming mid of june.I expect minimum of 10 lac US \$ of donations from your side.whether it is cash or cheque.Cash is better for me.as expalined above.ok.

About myself personnally.If I want to explore my self in US.WHats the probability???I am computer science degree holder.I have b.Tech in computers.I have over 16 yreas in IT.Currently I am working as CIO(chief Information officer)/Head IT and corporate commnication with on of the top most company in India.It is first Indian multinational.it is into consumer elctronics and home appliances,gas,power,petroleum,mobile sevicees,DTH(direct to home)cable services,retail segmatn.etc.If you have some contacts with top companies let me know.

About coming there for presentations I am preparing for it.I am considering you and Mr.Sanders suggetions also.

Looking forward for positive things

Dear Mr.Rege,

So nice to finally talk to you after so many months. I have been doing some preliminary work on your projects. As I mentioned my Boss Mr.Sanders is vacationing in Spain but even then I did get to talk to him a little on this topic. He is very well connected with the government here as well as with a lot of Multi-national Companies. It will be very easy for him to find companies who want to invest in India, as long as it is beneficial for both of you. He will personally speak to you on this matter when he returns but he did ask me to get some more information from you, financially speaking, on how this would work. So please send me some more details.

Duration: 00:07:00

[Beginning of Audio Session]

[Phone ringing]

UM2: Peace be upon you.

[Pause]

UM2: Hello.

[Pause]

UM2: --hello.

Wasi: How are you?

UM2: Doing well.

Wasi: What are the conditions, brother?

UM2: It's *normal* at our end for the time being.

Wasi: Is there any firing?

UM2: No, not towards us.

Wasi: Can you hear any voices besides ours?

UM2: Uh-uh.

Wasi: Um-hum. Do you see any *movement*?

UM2: All the *lights* are off near us

Wasi: What?

UM2: The *lights* of the surrounding area are completely off.

Wasi: The *lights* were off before too, right?

UM2: At first, just ours were but I opened *fire* on the sides yesterday.

Wasi: Hmm.

UNCLASSIFIED

UM2: So today--

Wasi: [OV] So now- -now they have cut off lights to the whole area?

UM2: No, no, just our lights went off yesterday [UI]

Wasi: Um-hum.

UM2: Yesterday, I--

Wasi: [OV] Okay.

UM2: --I opened fire on people watching from the windows. Many were hit. They were screaming; their voices could be heard. So today people have turned off the lights and [UI]

Wasi: Okay. [Pause] What is Umar [PH] doing?

UM2: I just put Umar to sleep. I told him to lie down for an hour.

Wasi: Okay, that's good. Also, discuss this among yourselves; if you are going to walk ahead, whenever you guys move, and if Umar is going to walk at the rear, then he should know that as soon as you guys switch places, or any difficulty comes up, the guy at the rear should finish off the hostage, if the guy in front can not do so.

UM2: Allah willing, Allah willing. No, actually--

Wasi: [OV] And the rest...

UM2: --my own planning [sic] is that if any firing takes place, we will clear it.

Wasi: Yes. Hold on one minute.

[Multiple voices in the background on Wasi's side]

Wasi: [Talking to individuals in background] Should they keep the hostages or kill them?

UM1: [UM1 in the background to Wasi] [UI] kill them.

Wasi: [Wasi to UM2] Okay, listen.

UM2: Yes, yes.

Wasi: Uh, get rid of them right now. Rid yourself of them, friend.

UNCLASSIFIED

[Multiple voices in the background on Wasi's side]

Wasi: The *assault* will start at any *time*, and they will be left behind.

UM2: No, Allah willing, at the moment, there is no movement by me.

[Multiple voices in the background on Wasi's side]

Wasi: Behind them--

UM2: [OV] [UI]

Wasi: --after approaching them from behind...after approaching them from behind, place the barrel on the backside of their heads and fire.

UM2: Allah willing, I will do it just like that.

Wasi: Alright?

UM2: Don't worry; my personal program is that as soon as some firing starts--

[Multiple voices in the background on Wasi's side]

Wasi: [SC] Huh?

[Multiple voices in the background on Wasi's side]

UM2: [SC] As soon as some firing starts...

[Multiple voices in the background on Wasi's side]

Wasi: Yeah... No, no, friend, don't wait [Pause] You know, when the, uh, firing starts, you won't know how it will happen and with what intensity, so instead of waiting, you should place them in such a way that the bullet doesn't *repel* [sic] against the facing wall and ricochet towards you. It should hit the glass outside or go in the air or go into a wall outside, something like that.

[Multiple voices in the background on Wasi's side]

Wasi: Or in the door and such...So do this task now.

UM2: Allah willing, Allah willing.

Wasi: I will hold, okay?

UNCLASSIFIED

[Pause]

[Voice in the background on Wasi's side]

Wasi: Are you doing it?

UM2: *Hello.*

Wasi: Do it, do it. I said, I'm listening, do it.

UM2: Should we open fire?

Wasi: Yeah, do it. Make him sit, have him face the front and place it on the back side of his head, then shoot.

UM2: Actually, I just put Umar to sleep. I was thinking that perhaps let him sleep for a little bit, since he wasn't feeling well.

[Wasi to UM1 in background]

Wasi: [Wasi to UM2] [UI] one minute, one minute.

Wasi: [Wasi to UM1 in background] Umar is asleep, and he will awaken. He just fell asleep [UI]

[Pause]

[Wasi and UM1 talking in background]

Wasi: [Wasi to UM2] Listen.

UM2: Brother Wasi, as soon as [UI].

Wasi: I will...I will wait and call you again after half an hour. You do it then, alright?

UM2: I am telling you that as soon as we stand up-we will [UI] --

[UM1 in background on Wasi's side]

UM2: Then Allah willing--

Wasi: [OV] Hmm.

UM2: --after we are all done here [UI].

UNCLASSIFIED

Wasi: No, friend, it's no use, it's just *tension* for no reason, we will worry, and your attention will be divided also. Since Umar is sleeping, its better that in half hour... or if Umar wakes up before that, then just do it at that *time* without waiting for me, and if he doesn't wake up, I will call you again in half an hour, Allah willing, do it then.

UM2: Okay, whatever you think is best.

[Background Noise]

Wasi: You know, w-w-whenever, uh, the *Army* attacks; they try to exert the maximum force. The biggest reason for using that force is that one doesn't get a chance to fight back. You will get busy in the fight, and from the back, they... Okay, even if you do it, you will have to go through a lot of *tension* and deal with a lot of anxiety. So it's better to rid yourself of this. It's a task, I mean, there is much to gain from it. So if that is left undone, then what's the use? That's the thing.

UM2: Allah willing.

Wasi: What?

UM2: Allah willing, Allah willing.

Wasi: So-so, I will in a little bit... Whenever I call you again, then, Allah willing, you do it.

UM2: Yeah, let brother Umar *relax* a little bit then Allah willing--

Wasi: I will call you again in a little while, okay?

UM2: Right, right. Peace be upon you.

Wasi: Recite your prayers, my brother.

UM2: Allah willing, Allah willing.

Wasi: Allah will take care of you, Allah willing. Peace be upon you.

Thank you for your very late response. Over here, in the city where Bugbhai lives they came to his house asking about ismael. They said nothing serious just want to ask some questions. We should find out if wasi is also there guest or not along with chacha, if we can. Send me the info on the mickey mouse project later when i tell you. For now, should i leave here early or around the 14th like previously planned. Do that special thing you do and tell me. Keep trying for the plot please.

Thank God, the Bbhai problem seems ok now. Bbhai called them and said that ism was where you are now and not where he lives. so they said to bbhai that its nothing serious just his named popped up and they need to check it. They also said that if ism is not here than tell him to visit the local office, where he is, if he has time. So i think that it is ok, just routine because of what m2 said before. Our doctor friend has gone to canada till 3jan with family. So i am here alone. Planning for MMP. send me info about it on other mail i gave you starting with "obli". if you dont have it i will mail you from it. Please keep trying for the plot as situation is desperate. Doc is very relaxed, he is trying to do Zihan saazi to me, asking if this happens you should act like this and if that happens you should do that and fear nothing except God.
I am very upset about dad passing away. Our fathers, mothers, children and ourselves, everything must become Fana one day no matter what we do. I spoke to him only a day before. The things i learnt from him nobody can tell me anymore. He was like an encyclopedia of information. The professor also sent somebody to see my brother to offer condolence as he could not come himself. Also i hear the PM came to our house for afsos today. Yes i am ready for MMP but I think it will be better to go after new year as everything is shut down from christmas to new year. Also doctor has gone to Canada with his family till new year so i need to consult him as well. I will spend a week or so the first time to get a feel of the property. If you have any other helpful info on this project, send it to me. If God wants i will return by middle of next month to you. If this Amal is maqbool and i get Ajr for it, I want my father to get that Ajr. Is this possible?
Please keep trying for the central park property.

I want to test her now since i will return in a short time. i think i will have her take a course when i leave again next time. I think i will leave here around the 3rd and come there by the 13th. How much time should i spend there? a week, 10 days or 2 weeks? Everything else is fine here. Keep praying for me.

Bye,
Dave

Your every good doing is definitely returns towards your deceased parents,if they had true faith. If possible ask M2 to join any educational course which she likes and it is better to keep her busy,if you doing azmaish than its ok...here all is fine.....take care

Doc is very relaxed, he is trying to do Zihan saazi to me, asking if this happens you should act like this and if that happens you should do that and fear nothing except God.

I am very upset about dad passing away. Our fathers, mothers, children and ourselves, everything must become Fana one day no matter what we do. I spoke to him only a day before. The things i learnt from him nobody can tell me anymore. He was like an encyclopedia of information. The professor also sent somebody to see my brother to offer condolence as he could not come himself. Also i hear the PM came to our house for afsos today Yes i am ready for MMP but I think it will be better to go after new year as everything is shut down from christmas to new year. Also doctor has gone to Canada with his family till new year so i need to consult him as well. I will spend a week or so the first time to get a feel of the property. If you have any other helpful info on this project, send it to me. If God wants i will return by middle of next month to you. If this Amal is maqbool and i get Ajr for it, I want my father to get that Ajr. Is this possible?

Please keep trying for the central park property.

Bye,
Dave

I think they r checking what M2 has revealed them, not the other matter, i hope so ..but ism should take it serious, no relaxation..i know ur other mail address, no need to use that address yet..first u visit MMP than we will discuss and c the concerned person if needed, and if your friends decline , we'll do that , i have discussed with baray log...i am just coming from the funeral, may GOD forgive him and rest his soul in peace, everything went fine...how's the dr's reaction on what all is happening, is he terrified or relaxed...here all OK

Take care
Pasha

Thank God, the Bbhai problem seems ok now. Bbhai called them and said that ism was where you are now and not where he lives. so they said to bbhai that its nothing serious just his named popped up and they need to check it. They also said that if ism is not here than tell him to visit the local office, where he is, if he has time. So i think that it is ok, just routine because of what m2 said before. Our doctor friend has gone to canada till 3jan with family. So i am here alone. Planning for MMP. send me info about it on other mail i gave you starting with "obli". if you dont have it i will mail you from it. Please keep trying for the plot as situation is desperate. How is your friend Harry. did you check the lady naipaul link. Maintain contact with your swedish friend. Ok take care,
Dave

Thank you for your very late response. Over here, in the city where Bugbhai lives they came to his house asking about ismael. They said nothing serious just want to ask some questions. We should find out if wasi is also there guest or not along with chacha, if we can. Send me the info on the mickey mouse project later when i tell you. For now, should i leave here early or around the 14th like previously planned. Do that special thing you do and tell me. Keep trying for the plot please.

Bye,
Dave
