2In the Name of Allah the Most Compassionate the Most Merciful

May Allah's peace, mercy and blessings be upon you. To the dear brothers:

I write you this message while I am longing to see you. How are you Mr. Engineer, Chawki? Hopefully everything is alright and in good health. How is your education going? Tell us about yourself, you can't imagine, my brother, just how much do I miss you and miss seeing your face. They told me that you will be coming to Lebanon if the opportunity allows, this will be great and we will be very happy to see you. As far as myself, I am doing well, and as I said, the only thing that I miss is seeing your beautiful happy face. I wish you eternal success and good health, and I send you my kisses.

My brother Bassam, how are you? Hopefully you are doing well and in good health. How is your work? I miss you brother and miss hearing your voice and seeing you. Your brothers told me that you will continue your school, I hope that you continue being in good health and that you accomplish all your goals, all with the aid of your prayers and ours. As far as myself, I am well and only miss seeing your face. I sent you the phone number to the company where I work, when you get a chance call me because I am eager to hear your voice. I will be happy to hear even one word. If you wanted to call, call whenever you want, but to be sure, call me between eight in the morning and seven in the evening. I am there in the morning for sure. I wish you luck and ask Allah to bless you and continue granting you good health.

Tell us about yourself. I so much miss you and your lovely laugh and beautiful happiness. You can't imagine just how much we missed you brother Mohamad. As for as myself, I am doing well and in good health and only miss seeing you. As far as work, I still work and I am happy. How many times have I told you to call me at the company, especially in the morning and I will be awaiting this call. As far as the tapes, I bought you these two tapes, "My master Abbas". I had them but did not listen to them but for two or three times and I lost them. But today Samyah looked for them and found them. I brought you "The Resistance" tape. I liked it and I hope you would like it too. I was going to buy you a tape for Al-Ghareed band, it is a very good tape, but the store was closed. If the guy does not come tomorrow morning, Samyah will go out and buy it for you. Every time there is a new lecture, I will tape it for you and send it with anyone. That is it as far as us. Don't mind me for not making a recording, I wanted to do so in the morning but I

forgot and when I came this evening, they told me that the tape was full. I became very upset.

When you used to call My uncle Abu Hussein's house, I would come back home and they would say if you had only came in 10 minutes earlier, your brothers called, so I would become very upset.

It just was not meant to be. My regards to Mohamad and Ali Fayez, give them my regards, and for you, I send you my kisses. I ask Allah to bless you all and grant you luck and that you will always remain together and that we may be happy one day for you as you find the woman who will make you happy.

As for us, there is a shortage of grooms due to the expensive life because no man can offered to open a house. The rent of a house, the least expensive one, is 200,000 Lira, and that is for one or two bedrooms.

That is all and may Allah's peace and blessings be with you.

Your sister who never forgets you, Hayam.
