These are top-working charitable societies and zakat committees in the Bank and the Sector.

As for the Zakat committees and the charitable organizations in villages which are not mentioned above, almost all of them are ours.

What is needed is to establish more charitable organizations and Zakat committees, especially in the Gaza Sector, in Rafah, the central camps and Beit Hanoun.
Also, to support the work of the charitable organizations in all regions of the Bank and the Sector.

As for the distributions of percentages, it has been modified to the following:

1- Upper Hebron 48
2- Northern Bank, Nablus, Jenin, Tulkarem and vicinity
3- Jerusalem, the southern and the central regions
4- Gaza Sector
5- Other regions

A request form is to be completed in its entirety and we want that all the projects be beneficial to our people in good and effective way. Other projects are to be donated to according to ability.
