- Client telephones the office on 8/30/83 with new address. It is not known whether CE spoke with client ~~directly~~ or just changed address.
- CA-1032 signed 7/6/83 is received by the Office and client rehanded eff 9/8/83.
- CA-1032 sent out dated 4/9/84, with no response.

and the change of address is to the address of

- C.O.A. is initiated by CE, certified by SCE  
on 5/7/85
- CA-1032 sent 10/23/85 with no response.
- CA-1032 sent 1/16/86 with no response
- Final request for completed CA1032 + ME, indicating  
the provisions of 8106(b) and 8103 of the FECA  
sent 7/29/86 by certified mail, with CE's desk  
number indicated for call upon receipt. Client  
did not call nor claim the letter.
- The last medical expense paid for the client on  
3/18/68
- Client was born ~~19~~ 5/2/3 and injured on 12/2/29.

Since the client has not submitted any medical  
last medical on file dated 4/23/75, procedurally, I  
should set up a 2nd opinion referral and if the  
client does not respond, suspend benefits until  
his physician ends. However, as you can see,  
it is highly improbable that client will report as  
scheduled. The facts of the case lead me to  
believe that the client may be dead. It appears  
that this case should be investigated by DIG  
or at ~~least~~ least tracers put on the previous month's  
compensation checks, or some other action. Please advise.
