The Honorable Barack H. Obama  
The President  
The White House  
Washington DC 20500

Dear Mr. President:

It is my understanding that your decision regarding whether to release a number of Chinese Uyghur detainees held at Guantanamo Bay into the United States is imminent. I have grave concerns about this action, which I believe could directly threaten the security of the American people.

Information I have received indicates that the Uyghurs may be more dangerous than the public has been led to believe. I write today asking that you declassify all intelligence regarding their capture, detention, and your administration's assessment of the threat they may pose to Americans, prior to any decision to release them. The American people deserve to have all the facts about these individuals before they should be expected to tolerate their presence in our communities.

I believe your administration also has an obligation to explain to the American people how you will monitor the Uyghurs' activities should they be released in the U.S. Additionally, all state and local law enforcement should immediately be notified of your intended decision, provided a threat assessment of the released Uyghurs, and informed of the federal government's plans to monitor their activities once released.

Following the precedent you have set in declassifying the Office of Legal Counsel interrogation memos, you have a moral obligation to declassify this critical information. The American people cannot afford to simply take your word that these detainees, who were captured training in terrorist camps, are not a threat if released into our communities.

Best wishes.

Sincerely,

Frank R. Wolf  
Member of Congress
