WAKE UP PLEEEASE : !!!!

Wake up pleeease

Wake up call to the world that is
 sleeping in darkness...
 closing its eyes
 and supporting the wrong...on the truth
 where is the justice that I used to
 hear about ... but I have yet to see...
 the world has become upside down...
 the Wrong became Right ...
 and the Right became Wrong...
 this is my fear...
 to live in a world with no justice and
 no respect to human lives..
 and when a nation stands up to defend
 itself they are labeled and called TERRORISTS.. maybe I'd rather
 be called as such..
 than die with shame...
 long live Palestine... Lebanon... Iraq...
 they expect them to say :**Oh thanks for killing my family and
 knocking down my house , i..m sure the refugee camp is very
 nice .. I can..t wait !!!!**

Allah

Never forget :

Never forget that at any time any one of us might be caught by death and, though being full of regret, might not have again the opportunity to correct the wrongs we committed in the worldly life. For this reason, we should lose no time in asking for repentance from Allah and living by His commands and the Sunnah of the Prophet (peace and blessings be upon him). This is the only way to be a servant upon whom Allah bestows His mercy and love. This is, again, the only way to attain Paradise, the eternal abode Allah prepares for His true believers.

our dream to free it

ALLAH (GOD) knows what is best for us
So why should we complain
We always want the sunshine
But He knows there must be rain.

We always want laughter
and the merriment of cheer
but our heart will lose
their tenderness
If we never shed a tear.

ALLAH tests us often
with suffering and sorrow
He tests us not to punish us
but to help us meet tomorrow.

For growing trees are strenghtened
if they can withstand the storm
and the sharpness of the chisel
gave the marble its grace and form.

ALLAH tests us often
and for every pain
He gives us
provided we are patient
Is followed by rich gain
So whenever we feel that
everything is going wrong
It is just ALLAH'S way to make our spirit strong.

What they say about the Quran : ::

The Koran admittedly occupies an important position among the great religious books of the world. Though the youngest of the epoch-making works belonging to this class of literature, it yields to hardly any in the wonderful effect which it has produced on large masses of men. It has created an all but new phase of human thought and a fresh type of character. It first transformed a number of heterogeneous desert tribes of the Arabian peninsula into a nation of heroes, and then proceeded to create the vast politico-religious organizations of the Muhammadan world which are one of the great forces with which Europe and the East have to reckon today.
 - G. Margoliouth Introduction toe. M. Rodwell's The Koran, New York Every man's Library, 1977, p. VII.

WHAT THEY SAY ABOUT ISLAM :

The rise of Islam is perhaps the most amazing event in human history. Springing from a land and a people [which were] previously negligible, Islam spread within a century over half the earth, shattering great empires, overthrowing long-established religions, re-moulding the souls of races, and building up a whole new world - the world of Islam. The closer we examine this development the more extraordinary does it appear.

A. M. L. Stoddard
Quoted in Islam: The Religion of All Prophets
Begum Bawani Waqf Karachi, Pakistan p. 56.

I am not a Muslim in the usual sense, though I hope I am a Muslim as one surrendered to God . But I believe that embedded in the Quran and other expressions of the Islamic vision are vast stores of divine truth from which I and other occidentals have still much to learn, and Islam is certainly a strong contender for the supplying of the basic framework of the one religion of the future.

- W. Montgomery Watt
Islam and Christianity Today; London 1983, p. IX.

[The] sense of justice is one of the most wonderful ideals of Islam, because as I read in the Qur'an I find those dynamic principles of life, not mystic but practical ethics for the daily conduct of life suited to the whole world.

- Sarojini Naidu
Lectures on "The Ideals of Islam."
Speeches and Writings of Sarojini Naidu Madras, 1918, p. 167.

WHAT THEY SAY ABOUT Muhammed (pbuh):

It is impossible for anyone who studies the life and character of the great Prophet of Arabia, who knows how he taught and how he lived, to feel anything but reverence for that mighty Prophet, one of the great messengers of the Supreme. And although in what I put to you I shall say many things which may be familiar to many, yet I myself feel whenever I re-read them, a new way of admiration, a new sense of reverence for that mighty Arabian teacher.

- Annie Besant
The Life and Teachings of Muhammad, Madras 1932, p 4

He was Caesar and Pope in one; but he was Pope without Pope's pretensions, Caesar without the legions of Caesar: without a standing army, without a bodyguard, without a palace, without a fixed revenue. If ever any man had the right to say that he ruled by the right divine, it was Mohammad, for he had all the power without its instruments and without its supports.

- Bosworth Smith
Mohammad and Mohammadanism, London 1874, p 92.

[The Pathway to Heaven](#)

"Hold tight to the Rope of Allah (SWT)" "Stay on the Right path" These phrases are often repeated. Easier said than done. . . This life is a test. If you want good at the end, you have to earn it. This life is short. The next life is eternal. It's Heaven or Hell . Allah (SWT), who knows us the very most, who created us, who knows the meaning of pain more than we ever will, and who knows happiness and pleasure more than we can imagine, will grant us the very extent of one of these things at the end-Heaven or Hell. So you came here choosing heaven. Well, yeah, no one wants to end up in Hell -not eternally- not ever. Just so you could get the feeling of how bad hell is, the prophet's uncle , Abu Talib, who did not become Muslim, was a great protector of the Prophet (SAWS). Allah (SWT) promised the prophet that only Abu Talib's feet would touch hell. It is explained in the hadith that this is not even a light thing, His feet will touch Hell -- so that his brain will boil- this is just one example. There are many examples of how bad Hell is in the Qur'an and ahadith. No, Hell is not a light thing. No, don't just say, "who cares, wherever I end

STOP Google from TAKING
youtubeISLAM.com

Google has sent shockwaves in the online Muslim community by wrestling to take over the popular Islamic video sharing website YoutubeIslam.com. The website run for over three-and-a-half years by Sheikh Yusuf Estes, a popular da'ee in America, is 100 percent child safe and visited by thousands of net surfers for videos on a variety of subjects.

Since earlier this year, Google has been trying to take control of the popular website and has stepped up its efforts as Ramadan approached.

Sheikh Yusuf has expressed concern at the possibility that Google may misuse the website by advertising inappropriate things and using it for un-Islamic purposes.

He calls on every Internet user to support his campaign by spreading the message and speaking up against the takeover, as time is running out.

"Without notification in advance, our server, Godaddy.com, sent an email stating due to a decision made by arbitration on the Internet, they are going to give our domain name to Google," he said.

WE MUST STOP Google from BULLYING and INTIMIDATING the owners of www.YouTubeIslam.com and the website hosts GoDaddy.com to hand over the rights to the well-loved website!

Look out for group messages and posts on what you can do to make a difference... because YOU can!

up ,I end up" BECAUSE you WILL regret it. Guaranteed. On the Day of Judgment, it is explained that the hair of babies will turn white from the fear --- even though they are INNOCENT, sinless, and promised heaven. It is explained that the father will run away from his son, son from his father, etc. That's how scary it's going to be. YOU NEED to know this, YOU NEED to WANT to get to heaven, to NOT want to be in Hell. why? Because , getting into Heaven is not easy and This life is short. Getting to heaven in the Next life is dependent on which path you took in this life. You have to stay on THE straight path, you have to HOLD tight to the Rope of Allah (SWT). Abu Hurayrah said that the Messenger of Allah, sallallahu alaihi wa sallam, said: "Hell has been veiled with desires, and Paradise has been veiled with hardships. As mentioned in this hadith, Paradise is surrounded with hardships. It's going to be hard. But if you are a true, good, patient Muslim, you'll be smiling the entire way [inshaAllah] So this pathway? It's straight, brings you RIGHT to heaven. Why is it hard? WHY is it so hard? Well, it really isn't too bad-it's just that HUMAN BEINGS tend to do stupid things. They tend to OVERLOOK the good they have; they get deeper and deeper till they are...deep. They start on this nice straight road, and then when they go over a tiny tiny bump--they're like "NO WAY" and they take a left to another street, another path, going away from the current STRAIGHT PROMISING PATH. The Qur'an (the words of god) The Sunnah(the way of Mohammed) (pbuh) These are the directions...Basically, if you follow these two things, you'll go RIGHT into heaven (inshaAllah). Follow everything in these 2 Sources, and you will find yourself on the Right path-inshaAllah. You can't go wrong. YOU JUST NEED A CAR. This has to be a good car though. You are the car. Your body, that is. You have to be strong, you have to be DEVOTED. With that strength and devotion you hold TIGHTLY to the Qur'an and Sunnah. TIGHTLY. You don't let it go. EVER. If someone ever comes into your way-A friend. (I should stick to the analogy shouldn't I?)let's see, a hitchhiker --- You DO NOT LET HIM IN!!!! If you do,

as'salaamu alaikum,

you better be REALLY strong, you can't let him bring you down. You have to make sure you'll be the one taking him. If you are weak, and he gets his way, he can steal your car and take you into different streets, so that you definitely won't get to where you wanted to. This is what a friend could do to you, they could take you right into the wrong path-the wrong places. (If you are VERY strong, you might be able to take HIM to the right place) -- BUT DON'T LET ANYONE GET INTO YOUR WAY. Shaytan will definitely be on that path, trying to get you to turn--BE STRONG. Thing with Shaytan, is he tempts you to go into the wrong paths, he tempts you to throw away the Qur'an and sunnah, to disregard it and say "ahh who cares" or "just this once" CAUSING YOU TO PULL OVER, TURN AROUND, OR TURN INTO ANOTHER DECEIVING AND ATTRACTING
