This fact was communicated to \_\_\_\_\_\_ on this date and she advised that she would relay the message to the group and they would discuss whether or not to go through with the training. When SA\_\_\_\_\_\_ first met with the Muslim Coalition of Connecticut in February, they concluded that this training would benefit FBI agents and staff working in the Muslim community. They saw the training as an opportunity to share their beliefs and offer guidance that would help bridge the gap between the Muslim community and law enforcement. They voiced their opinion that such training would be a step in the right direction for the FBI because it shows their willingness to be more open and learn about the culture and faith of Islam.

ിറ

The vast majority of SA s Muslim leadership liaisons are personally offended by, and strongly disagree with, the FBI's position not to have formal relations with state chapters of CAIR. They point out that this policy continues to significantly diminish the FBI's ability to liaison with the Muslim community. Muslims look to CAIR to provide basic civil rights support and education to their community, and therefore see them in much the same way the African American community views the NAACP.

Synopsis: Discussion regarding the FBI's relationship with the Council on American Islamic Relations.

The following are e-mail excerpts regarding SA Details: 's recent discussions on the relationship between the FBI and the Council on American-Islamic Relations. The Muslim Coalition of Connecticut and the Muslim Leadership Council of Connecticut have been discussing with SA the opportunity to provide training for staff and agents of the FBI. They will be discussing this topic at their next monthly meeting, Saturday, SA \_\_\_\_\_ has reminded them of the current FBI May 15th. directive not to have formal relations with members of CAIR, which includes not having CAIR members on FBI property providing training. This has raised some concern by a few Muslim leaders who sit on one or both of the above referenced Councils.

Following the attempted bombing in Times Square, SA forwarded a liaison e-mail to a few Muslim leaders referenced in a Connecticut Post article on Thursday, May 6th. The following is what transpired.

And thank you for your letter below,
I have no easy answer.
I can only share our mutual disappointment in the ongoing stalemate between
CAIR-National and our FBI office in Washington, DC.
It is apparent that until the stalemate ends, FBI Headquarters will continue to instruct all FBI field offices across the country not to have formal relations with their local CAIR Chapters. It is not a decision each field
office makes on their own. This mandate/order is given to us by FBI
Headquarters.
I certainly do understand, and applaud, that CAIR-CT has played a positive
role in addressing the community in Bridgeport following the recent Times
Square attempted bombing.
Respectfully,

I also have information to share regarding our Multi-Cultural Advisory Council which serves to clue us (the FBI) in to community cultural concerns. The thought is to have a Leadership Council member sit on this Advisory Council for us.

Also, I am not aware of any topics or information Kim has to share personally beyond what she and I've discussed to prepare me for your meeting next Saturday.

I look forward to answering more of your questions at that time.

Respectfully,

Thu 5/6/2010 2:08 PM

Thank you for your supporting words,

I don't mean to start a discussion via email but what if our leadership nominates a CAIR-CT person to sit on the Multi-Cultural Council?

You and the rest of our leaders were fantastic at the press conference. We have a lot of follow up work to do with not only our Muslim community but with a large network of interfaith leaders in the city of Bridgeport that Mayor Finch introduce me to yesterday afternoon. I would like to invite some of them to the ICNA/MCCT interfaith dinner.

Will talk soon. Best regards

CAIR-CT

Thu 5/6/2010 8:16 PM

Hello, The CAIR issue is always a fair discussion topic to me in any forum. I know that our Special Agent in Charge, Kim Mertz, is firm on following the FBI Headquarters directive not to have "formal" relations with CAIR due to CAIR-National's designation as an unindicted co-conspirator in the Dallas case involving The Hope Land Foundation. We have asked FBI headquarters to clarify "formal" and their instruction includes not having CAIR personnel on FBI property. That's the directive Ms. Mertz and our office has to live with and abide by.

So, in answer to your question, \_\_\_\_\_ we will not be allowed to have a CAIR representative on our Advisory Council, nor are we allowed to have a CAIR representative as an instructor at the proposed Islamic culture training session for our employees. And again, I very much look forward to the day when we are beyond all this posturing and can all just sit down and talk about how to make our communities a safe, peaceful, and healthy place to live and raise our children. My Sincerest Regards to you all,

From: [mailto:] Sent: Friday, May 07, 2010 6:22 PM To: Cc: Subject: A Matter of Concern

Dear Agent

As you may have noticed that CAIR-CT has been at the forefront in convincing Muslim communities to cooperate with law enforcement at the local and federal level and to come forward with any information that may be of assistance.

However, despite our best efforts I am deeply disappointed by the apparent regressive and adversarial stance that your office has taken in its dealing with CAIR and its local chapters, including CAIR-CT.

This is contrary to the spirit of our outreach to you and your office. It should not be lost upon you that it was a CAIR-CT initiative to link you with the Connecticut Muslim Leadership. On the contrary, your office has proceeded to exclude CAIR-CT in engagement with the Muslim community.

As I have highlighted to you in all sincerity that any and all effort to isolate Muslim communities from Organizations that represent them will not be successful and will not be condoned by the Muslim community at large. Pursuing this path will make render all FBI outreach efforts null and void.

I hope that my assessment of the situation is in error and your office is taking concrete to reverse its ill advised stance. I believe we have done all we can from our part. I cannot make further requests for our communities to continue on the path of engagement unless I see concrete corrective actions from your part in behalf of your office.

Kind regards,

Ladies and Gent,

Below is what I just sent to the Muslim Coalition of CT folks summarizing my meeting with them last Friday. They are looking forward to sharing their insights with us during this training session. ('Il be finalizing the topics later this week in a second meeting with them, creating a filer (that I will get approvals on from all of you), and pushing it out to likely attendees with the help of

On a second note, when I was with them last week they mentioned that they have scheduled a press conference that will take place at the Hartford Seminary on Friday, October 1, 3:00pm with a focus on "Islamaphobia." The CT Muslim community is feeling the increase in this phenomenon and they are seeking to spread the true message of Islam and the American Ideal of inclusivity and acceptance of diversity and will have a broad spectrum of public state and local officials and clergy from all major religions speaking/attending this conference. They asked if SAC Mertz would also make a brief statement. I spent much time with them explaining the need for us to appear absolutely impartial, and they understood why the rally on the capitol steps was not a venue conducive to our attendance. They are respectfully requesting that SAC Mertz or her designee provide a brief statement focusing on the fact that Hate Crimes/Clvil Rights violations will not be tolerated in CT and when such events fall under the jurisdiction of the FBI that they will be vigorously investigated and prosecuted through the United States Attorney's Office (SOMETHING LIKE THAT). They were initially focused on Hate Crimes, but I explained that federal statutes are limiting on Hate Crime violations and that we actually have much more power in the Clvil Rights violation arena. They said they would set it up for the statement to be made and no questions taken.

In short, they would be very happy with a simple and concise comment on our interest and dedication in combating Hate Crime/Civil Rights violations.

Let me know what you think. This meeting is just 12 days away.

Subject: Friday, 10/29

Thank you all for your time last Friday. Here is a summary of our discussions:

Seminar Title: "Bridging The Gap Between Law Enforcement and The Connecticut Muslim Community"

**Tentative Topics:** 

What can LEOs do to ease the anxiety many Muslims have with reporting suspected criminal activity? Demographics of Muslims in CT and the challenges that face Muslim Americans. Demystifying myths such as violent Jihad and oppression of women. PLEASE ADD YOUR THOUGHTS HERE - I think a list of at least six topics, one for each speaker would be much more appropriate

Invited LEO partners will include immigration and Customs Enforcement – ICE, Dept of Homeland Security – DHS, IRS, State Police, Local Police Dept heads, and FBI personnel. I have sent an e-mail to find out the capacity of the auditorium at the POST Academy and will have that info for us soon.

Yes, you can see that I'm trying to give the members a little time to get to know you after the meeting, so I've pushed the start time just 15 mins later instead of 30 as we decided. Is that realistic, or should we stay with a 245 start time? I'm afraid that If we end at five that most LEOs will just leave and get in their cars and go, but . . . maybe those are the people who would have left anyway. Let me know your thoughts, I really don't want you all rushing over after your prayers. I'd rather it be an enjoyable drive in anticipation of a good, mutually rewarding meeting.

I look forward to getting your topic suggestions later this week, Best to all,

Peace,

Ъб
