

In the Name of God, the Merciful, the Compassionate

We proclaim

Chairman of the Shura Council of the Islamic Front” Ahmed Issa al Sheikh
Chairman of the Military Body in the Islamic Front: Zahran Abdullah Alloush

Confirmation of our withdrawal from the Joint Chiefs of Staff for a long time, citing important matters:

Our affiliation with the Staff was only for the time in which there was a joint coordinating organization against the Assad-ite regime without its having any dependency on any other political body, whether this one or another, contrary to what has been announced recently by the Staff of the Coalition.

The Staff did not sign any pledge to any party about the form of the coming state. This was not one of the concerns or prerogatives for which it was formed. This is what we bear witness to before God to the best of our knowledge.

We stated previously that our withdrawal from it was for a variety of reasons mentioned at the time, and that the Staff has been incapable of operating or representing for a while, and any statement or anything else it issues, we are not concerned with at all.
