 Objet : Recommended resources to be reviewed/ vetted by SDUSD Curriculum Department

Many thanks, Andrew, for your time on the phone today, and especially for your invitation to share with you some of the resources our Committee has created/ compiled. We are delighted that the Curriculum departments will be reviewing these resources for potential use in our District!

As noted below, the resources available at the hyperlinks below are only the very beginnings of what could grow into a robust "Toolkit" for Teachers, Counselors, and Administrators.

In addition to the resources listed here, please know that Dr. Simone Arias will soon be sending you recommendations for more resources for the Middle and High School Levels.

PLEASE NOTE: We would love to have the books currently at IMC be reviewed ASAP, please: These books are included in the Text Kit resource at this link (previously sent, and below):

<https://addressingislamophobia.files.wordpress.com/2017/07/tigt-rev-5-22-17-text-kits-and-resources-to-address-islamophobia.pdf>

As noted in a previous e-mail, IMC orders were generously supplemented by Temple Beth Israel's donations. We even drafted a letter which could accompany the books to the schools, to help facilitate their full use. Would you like me to send that draft again? :-)

To the best of my knowledge, the following books are currently at the IMC,awaiting Staff action to release them to sites:

#### ELEMENTARY

20 copies / K-2: Rashad's Ramadan and Eid Al-Fitr

20 copies /

K-2: I'm New Here

141 copies / 3-5: Lailah's Lunchbox (a Ramadan-themed book)

20 copies /

Gr.'s 3-5: Four Feet, Two Sandals (including 6 copies which were already at IMC)

#### MIDDLE SCHOOL

92\* Grand Mosque of Paris: A Story of How Muslims Rescued Jews During the Holocaust  
(\* 60 of which were donated by Temple Beth Israel -- and, the last I heard, they were planning  
on ordering more copies with additional donations)

HIGH SCHOOLS

20 copies / Gr's. 9-12:  
Does my Head Look Big in This?

20 copies / Gr's. 9-12:  
Outcasts United

We are glad to support the District's efforts in this way, and we look forward to further connections!

**Subject:** RE: Lunch with Cindy and Andrew?

Hello all,

Let's aim for the 31<sup>st</sup> from 11:30am – 1:00pm , as Richard appears to be open and available to join for that date.

I will send out an invite with the location to be determined, as Hanif - while we greatly appreciate the offer of you hosting, Cindy's schedule is rather tight the first week of classes. Traffic around the lunch hour can sometimes be risky.

Thank you all for your help in getting this booked. I will update with more details as soon as possible.

Greatly appreciated,

Dear Superintendent Marten, Board Members, Ms. Monreal, Mr. Anjan, and Mr. Sharp,

Our Committee truly acknowledges the challenges and stress created by the backlash to the Board's 4-4-17 vote to address Islamophobia and the bullying of Muslim students --- and especially the ensuing threats and the lawsuit.

We offer you empathy, and we appreciated the Board's statements at the 7-25-17 meeting, adamantly asserting that our District will not be giving in to hate, and promising to move forward to protect all marginalized, vulnerable students. It is hard to imagine the pressure under which you have all been operating for the past few months. We will continue to actively encourage community members to speak up to express their appreciation and support.

Cindy, thank you again for your time earlier on 7-25-17; we were glad that Staci and Andrew were able to join us, as well. In that meeting, we all emphasized the need for clarity, transparency, timely communication, and collaboration. In that spirit, we wanted to send this to you right away, so that we can move forward together in a timely fashion for the benefit of all of our precious students.

We are still quite incredulous that no one connected with CAIR or our Committee regarding the E.2. item on the 7/25/27 board meeting agenda to give us a respectful, timely notice that Board action item E.2. included specific reference to the District's relationship with CAIR, changing that relationship in dramatic though unspecified ways. The wording to which I am referring is this: "**Finally, staff is redirected from forming a formal partnership with CAIR...**" It was devastating to only learn about this agenda item the day before, and just by happening to hear about it on the radio -- and then to learn Tues. evening that someone in the general public (a person who called to sign up to speak on the issue) was told about the agenda item earlier the previous week.

Below we've included some issues, concerns, and requests we have. We know that many, if not most of you, are taking a well-deserved Summer Break right now; we look forward to hearing from you as soon as possible after Aug. 7, regarding the scheduling of a Restorative Circle, disposition of the books at IMC, and especially the plans for action on the next steps outlined on 4-4-17. Thank you.

On behalf of our **CAIR Education Committee to Address Islamophobia in the SDUSD,**

for the protection and uplifting of all our students -- especially the most vulnerable and marginalized...

Respectfully yours,  
Linda K. Williams, **Redacted**

#### **Heads-up:**

**Upcoming article in a national magazine** about our committee's work with the SDUSD; this will include the entire journey from July 2016 to early August 2017:

By Aug. 11, Craig Frantz will be submitting an article (which our church was invited several months ago to write) to **The Messenger**, the national monthly magazine of the Church of the Brethren. The editor has been very interested in how this has been unfolding. I would love the article to have a positive conclusion of evidence of respect and collaboration. I'm re-sending you the letter which our local Church of the Brethren sent you in June, in support of the District's declared goal of addressing Islamophobia.

#### **Our request (first made 7-25-17):**

##### **Restorative Circle requested**

We are respectfully requesting the opportunity to meet face to face to repair the harm that has been done. To be authentic and effective, we request that the Restorative Circle include at least Superintendent Marten and Stan Anjan from the District. We will not invite the entire group of dedicated community volunteers who have been a part of our Committee's efforts for the past year, but to be authentic and effective, we would need to invite those who have taken the most active and repeated roles in meetings, collection and creation of resources, making presentations, attending press conferences, and working to provide books for the IMC. Our smaller core group would be comprised of about 15-18 people (though many others have contributed in various ways over the past year). Mr. Anthony Ceja, Senior Manager at the San Diego County Office of Education, has graciously indicated that he would be very willing to facilitate.

**Clarity:****Interfaith/ Intercultural Composition of our Committee**

Our CAIR Education Committee to Address Islamophobia in the SDUSD has always (since July, 2016) been both interfaith and intercultural. Over the past year, this was clearly expressed to the District in e-mails, in statements at the mic at Board Meetings, and in meetings with Linda Trousdale and Stan Anjan. We have been blessed to have leadership from CAIR in the persons of Hanif Mohebi and/or Lallia Allali at all our meetings. From time to time, other Muslims have been present. Please note that the vast majority of those those who have taken the most active roles in this committee have been Christians, Buddhists, and others with no religious affiliation; and, in addition to our valued Muslim friends, our group has been comprised of Latinos, African Americans, Asians, Native Americans ... and Anglos. Lallia also partnered with the Temple Beth Israel, which resulted in that Jewish group donating several hundred dollars' worth of the book: **The Grand Mosque of Paris: A Story of How Muslims Rescued Jews During the Holocaust**

**Clarity requested:****Books at IMC to address Islamophobia-- already vetted by IMC**

After the 4-4-17 Board vote, our Committee worked very hard to support the District's efforts and stated intentions to do the following:

- \* Provide resources and strategies to support students during the upcoming month of Ramadan
- \* Review and vet materials related to Muslim culture and history at the Instructional Media Center or in video libraries

**WHEN will those books be made available to start building harmony and understanding?**

We stand ready, as before, to facilitate that process in any way in which we can assist.

Our Committee members spent many hours reading and reviewing possible texts to recommend, and the books were then vetted by IMC staff for distribution by the IMC (as per District protocol).

Our Committee found and provided online resources to help support teachers. Please see the Text Kit resource at this link (previously sent): [Text Kits and Resources to Address Islamophobia](#)

<https://addressingislamophobia.files.wordpress.com/2017/07/tigt-rev-5-22-17-text-kits-and-resources-to-address-islamophobia.pdf>

Orders were placed, and, as noted above, were generously supplemented by Temple Beth Israel's donations. We even drafted a letter to accompany the books to the schools, to help facilitate their full use. To the best of my knowledge, the following books are currently at IMC, awaiting Staff action to release them to sites:

**ELEMENTARY**

20 copies / K-2: **Rashad's Ramadan and Eid Al-Fitr**

20 copies /

K-2: **I'm New Here**

141 copies / 3-5: **Lailah's Lunchbox** (a Ramadan-themed book)

20 copies /

Gr.'s 3-5: **Four Feet, Two Sandals** (including 6 copies which were already at IMC)

**MIDDLE SCHOOL**

92\* **Grand Mosque of Paris: A Story of How Muslims Rescued Jews During the Holocaust**

(\* 60 of which were donated by Temple Beth Israel -- and, the last I heard, they were planning on ordering more copies with additional donations)

**HIGH SCHOOLS**

20 copies / Gr's. 9-12:

**Does my Head Look Big in This?**

20 copies / Gr's. 9-12:

Outcasts United

And, last but definitely not least ---

**Clarity requested:**

## **April 4 Board Vote: Immediate Action Steps / Action Steps: Before the start of the 2017-18 school year / Steps Over Multiple Years**

We respectfully remind you that the following list of Action Steps are still in effect. Our Committee has worked diligently to assist the District in implementation; however, instead of being supported and appreciated, our efforts have actually been undone/ reversed by District Staff --- even though we communicated extensively to District Staff with ample lead time.

**Please let us know what the next steps are --- and when they will be taken --- to follow through with what the Board voted unanimously to do on 4-4-17.**

**Attachments:** Addressing Islamophobia SDUSD support letter 6-4-17.pdf

Dear Superintendent Marten, Board Members, Ms. Monreal, Mr. Anjan, and Mr. Sharp,

Our Committee truly acknowledges the challenges and stress created by the backlash to the Board's 4-4-17 vote to address Islamophobia and the bullying of Muslim students --- and especially the ensuing threats and the lawsuit.

We offer you empathy, and we appreciated the Board's statements at the 7-25-17 meeting, adamantly asserting that our District will not be giving in to hate, and promising to move forward to protect all marginalized, vulnerable students. It is hard to imagine the pressure under which you have all been operating for the past few months. We will continue to actively encourage community members to speak up to express their appreciation and support.

Cindy, thank you again for your time earlier on 7-25-17; we were glad that Staci and Andrew were able to join us, as well. In that meeting, we all emphasized the need for clarity, transparency, timely communication, and collaboration. In that spirit, we wanted to send this to you right away, so that we can move forward together in a timely fashion for the benefit of all of our precious students.

We are still quite incredulous that no one connected with CAIR or our Committee regarding the E.2. item on the 7/25/27 board meeting agenda to give us a respectful, timely notice that Board action item E.2. included specific reference to the District's relationship with CAIR, changing that relationship in dramatic though unspecified ways. The wording to which I am referring is this: "**Finally, staff is redirected from forming a formal partnership with CAIR...**" It was devastating to only learn about this agenda item the day before, and just by happening to hear about it on the radio -- and then to learn Tues. evening that someone in the general public (a person who called to sign up to speak on the issue) was told about the agenda item earlier the previous week.

Below we've included some issues, concerns, and requests we have. We know that many, if not most of you, are taking a well-deserved Summer Break right now; we look forward to hearing from you as soon as possible after Aug. 7, regarding the scheduling of a Restorative Circle, disposition of the books at IMC, and especially the plans for action on the next steps outlined on 4-4-17. Thank you.

On behalf of our **CAIR Education Committee to Address Islamophobia in the SDUSD,**

for the protection and uplifting of all our students -- especially the most vulnerable and marginalized...

Respectfully yours,  
 Linda K. Williams, [Redacted]

**Heads-up:**

**Upcoming article in a national magazine** about our committee's work with the SDUSD; this will include the entire journey from July 2016 to early August 2017:

By Aug. 11, Craig Frantz will be submitting an article (which our church was invited several months ago to write) to **The Messenger**, the national monthly magazine of the Church of the Brethren. The editor has been very interested in how this has

been unfolding. I would love the article to have a positive conclusion of evidence of respect and collaboration. I'm re-sending you the letter which our local Church of the Brethren sent you in June, in support of the District's declared goal of addressing Islamophobia.

**Our request (first made 7-25-17):**

**Restorative Circle requested**

We are respectfully requesting the opportunity to meet face to face to repair the harm that has been done. To be authentic and effective, we request that the Restorative Circle include at least Superintendent Marten and Stan Anjan from the District. We will not invite the entire group of dedicated community volunteers who have been a part of our Committee's efforts for the past year, but to be authentic and effective, we would need to invite those who have taken the most active and repeated roles in meetings, collection and creation of resources, making presentations, attending press conferences, and working to provide books for the IMC. Our smaller core group would be comprised of about 15-18 people (though many others have contributed in various ways over the past year). Mr. Anthony Ceja, Senior Manager at the San Diego County Office of Education, has graciously indicated that he would be very willing to facilitate.

**Clarity:**

**Interfaith/ Intercultural Composition of our Committee**

Our **CAIR Education Committee to Address Islamophobia in the SDUSD** has always (since July, 2016) been both interfaith and intercultural. Over the past year, this was clearly expressed to the District in e-mails, in statements at the mic at Board Meetings, and in meetings with Linda Trousdale and Stan Anjan. **We have been blessed to have leadership from CAIR in the persons of Hanif Mohebi and/or Lallia Allali at all our meetings. From time to time, other Muslims have been present.** Please note that the vast majority of those those who have taken the most active roles in this committee have been Christians, Buddhists, and others with no religious affiliation; and, in addition to our valued Muslim friends, our group has been comprised of Latinos, African Americans, Asians, Native Americans ... and Anglos. Lallia also partnered with the Temple Beth Israel, which resulted in that Jewish group donating several hundred dollars' worth of the book: **The Grand Mosque of Paris: A Story of How Muslims Rescued Jews During the Holocaust**

**Clarity requested:**

**Books at IMC to address Islamophobia-- already vetted by IMC**

After the 4-4-17 Board vote, our Committee worked very hard to support the District's efforts and stated intentions to do the following:

- \* Provide resources and strategies to support students during the upcoming month of Ramadan
- \* Review and vet materials related to Muslim culture and history at the Instructional Media Center or in video libraries

**WHEN will those books be made available to start building harmony and understanding?**

We stand ready, as before, to facilitate that process in any way in which we can assist.

Our Committee members spent many hours reading and reviewing possible texts to recommend, and the books were then vetted by IMC staff for distribution by the IMC (as per District protocol).

Our Committee found and provided online resources to help support teachers. Please see the Text Kit resource at this link (previously sent): [Text Kits and Resources to Address Islamophobia](#)

<https://addressingislamophobia.files.wordpress.com/2017/07/tigt-rev-5-22-17-text-kits-and-resources-to-address-islamophobia.pdf>

**Orders were placed, and, as noted above, were generously supplemented by Temple Beth Israel's donations.** We even drafted a letter to accompany the books to the schools, to help facilitate their full use. To the best of my knowledge, the following books are currently at IMC, awaiting Staff action to release them to sites:

**ELEMENTARY**

20 copies / K-2: **Rashad's Ramadan and Eid Al-Fitr**

20 copies /

K-2: **I'm New Here**

141 copies / 3-5: **Lailah's Lunchbox** (a Ramadan-themed book)

20 copies /

Gr.'s 3-5: **Four Feet, Two Sandals** (including 6 copies which were already at IMC)

## MIDDLE SCHOOL

92\* **Grand Mosque of Paris: A Story of How Muslims Rescued Jews During the Holocaust**

(\* 60 of which were donated by Temple Beth Israel -- and, the last I heard, they were planning on ordering more copies with additional donations)

## HIGH SCHOOLS

20 copies / Gr's. 9-12:

**Does my Head Look Big in This?**

20 copies / Gr's. 9-12:

**Outcasts United**

And, last but definitely not least ---

**Clarity requested:**

**April 4 Board Vote: Immediate Action Steps / Action Steps: Before the start of the 2017-18 school year / Steps Over Multiple Years**

We respectfully remind you that the following list of Action Steps are still in effect. Our Committee has worked diligently to assist the District in implementation; however, instead of being supported and appreciated, our efforts have actually been undone/ reversed by District Staff --- even though we communicated extensively to District Staff with ample lead time.

**Please let us know what the next steps are --- and when they will be taken --- to follow through with what the Board voted unanimously to do on 4-4-17.**

Not sure why they attributed that quote to me. That is the language in the Board item, as you read online, and not a quote.

In all my public statements I said, "We deeply appreciate the work done by CAIR to highlight the unfair bullying of Muslim students. We recognize their contribution and tonight, we are recommitting to the work to protect all students from bullying, including our Muslim youth."

And, I think the Board Members were very supportive of the work in all their remarks from the stage. Most of the media coverage that I saw reflected their support.

Looking forward to catching up soon with you, Andrea, and others.

District public information officer Andrew Sharp said the San Diego Unified never had a formal contract with the organization, and the report states that staff is being redirected from forming a formal partnership with CAIR and instead will form an intercultural committee that will include representatives of all faiths and cultures to provide the district input on cultural sensitivities and needs within the various groups.

Dear All,

Thank you again for your time and attention at our 1pm meeting today! I'm including those who joined us, and Godwin, who expressed his regret at not being able to be with us; I'm also including Stan, and also Hanif and Lallia, who were out of town.

Our Committee is comprised of a large number of interfaith, intercultural community volunteers (largely made up of retired educators/ administrators) who have been meeting since July 2016 when the 1st Board Resolution was passed.

Please see below the dozen resources which have been a result of our Committee's year's worth of passionate work to support the District's efforts to address Islamophobia and the bullying of Muslim students. Stan, I've shared these with you in the past.

This is just a beginning; it can serve as the beginnings of an online Toolkit to Address Islamophobia, and will be enhanced and enriched by a number of additional resources (e.g., assisting teachers in dealing with 9-11 related issues).

PLEASE NOTE: And/ all wording can be changed for how the documents are described, the label of this list, etc.

"Let's talk!"

Blessings, Linda K. Williams      **Redacted**

Thank you again for making everyone available on such short notice, Linda. I caught up with Hanif when his flight landed just now. I told him if asked about CAIR this evening, we will be ready to say the following:

We deeply appreciate the work done by CAIR to highlight the unfair bullying of Muslim students. We recognize their contribution and tonight, we are recommitting to the work to protect all students from bullying, including our Muslim youth.

Thank you again for everything,

**Subject:** Thanks for today's meeting! As promised--1st DRAFT -- Creating a Toolkit of online resources for Addressing Islamophobia!

Dear All,

Thank you again for your time and attention at our 1pm meeting today! I'm including those who joined us, and Godwin, who expressed his regret at not being able to be with us; I'm also including Stan, and also Hanif and Lallia, who were out of town.

Our Committee is comprised of a large number of interfaith, intercultural community volunteers (largely made up of retired educators/administrators) who have been meeting since July 2016 when the 1st Board Resolution was passed.

Please see below the dozen resources which have been a result of our Committee's year's worth of passionate work to support the District's efforts to address Islamophobia and the bullying of Muslim students. Stan, I've shared these with you in the past.

This is just a beginning; it can serve as the beginnings of an **online Toolkit to Address Islamophobia**, and will be enhanced and enriched by a number of additional resources (e.g., assisting teachers in dealing with 9-11 related issues).

PLEASE NOTE: And/ all wording can be changed for how the documents are described, the label of this list, etc.

"Let's talk!"

Our work is never about dividing people.  
Our work is to bring everyone together as Americans.  
That is what this work has always been about.  
Our children are Muslim Americans, and they deserve the same care and respect as all Americans.

I know you have received death threats

Hello again, Stan and Yvonne,

As per previous communications, we were looking forward to meeting this morning with Stan to help move forward with FACE/SDUSD's stated intent to address Islamophobia in our District. Yvonne, we appreciate your connecting with me this morning, to let us know that that meeting was cancelled.

Yvonne, you indicated that you would be rescheduling for a later date; thank you. Clarification, please --- at the IMC, you indicated that perhaps you would be our contact person with FACE; if that were to be the case, we would of course welcome you in that role! If Stan is still our contact person, then we look forward to hearing when we will be meeting with you, Stan.

Regardless, our Committee would like to be able to look forward to at least a monthly meeting so that we can assist the District in moving forward with all the goals and plans laid out in the 4-4-17 unanimous Board decision (attached, for your convenience). Of course, with 9-11 coming soon, it would be VERY much appreciated to meet more than once to help prepare to meet those needs.

Looking forward to hearing from you soon,

Linda K. Williams, on behalf of the Committee to Address Islamophobia in the SDUSD

6 of our Committee members were at the Ed Center this morning (Susan Thompson, Marilyn Lyons, Linda K. Williams, Hanif Mohebi, and John Michno -- with appreciation to Simone Arias for taking the photo!)

 Subject: CBO pre-meeting TOMORROW at 9 a.m.

Looking forward to seeing you all tomorrow at 9 a.m. at Tender Greens (<http://www.tendergreens.com/locations/366/downtown-san-diego>) for the CBO only pre-meeting. As always, this is a chance for the CBOs to get together and discuss any issues before they are raised directly with CIS. In this way we share information and find out about others who may be experiencing your same issue or have the same questions. This is also a great time to just come and meet other CBO'ers, regardless of whether you have any issues to raise.

See you tomorrow.

Dear Friend,

The SDUSD school board is under the illusion that they, along with CAIR, are pioneering a campaign to stamp-out "bullying and Islamophobia" for our schools.

This leaked 1989-video shows that decades before there were refugee children in San Diego, an "Islamophobia" campaign for our schools was already on the drawing board.

You need to understand what you're buying into when you partner with CAIR.

These videos are short.

Greetings, Stan (and possibly Yvonne! :-)

As per my voicemail just now, Lallia and I were wondering if you would like us to invite any additional Addressing Islamophobia committee members to the Tues. June 20 meeting 3-4pm :-) There are others who have also worked with us passionately on this, and whose enthusiasm, expertise, and experience you may very much enjoy benefiting from at this meeting.

We were thinking of possibly 8 more key people ... or perhaps fewer than that, if you'd like us to invite some, but not all.

**Of course, "it's your call," since you called the meeting! :-)** We didn't know how many people the room would hold, and/or if you wanted to keep Tuesday's meeting to just those already invited.

If (and only if!) you'd like to meet more of our wonderful Committee (most of whom are retired teachers and/or administrators), we could put the invitation out to as many more as you would like to have invited --- or no more, for this meeting, then figure out when a larger group may work well for you.

Thanks again for making the time to meet with us on Tues., and looking forward to hearing your preference re: the possibility of inviting others (or not!) :-)

Hope you have a wonderful, restorative weekend!!

Blessings, Linda K. Williams :-) Redacted

As I understand it, we'll be looking forward to meeting with you, Stan, some time after all the graduations are over on June 14 (whew! :-), and before Lallia leaves on vacation June 25.

So, of the 7 business days between then, hoping that there will be at least a couple of good options for dates/ times that will work for you, Stan! And, Yvonne, even though I remember you saying you'll be out of town for those dates, thanks in advance for helping coordinate the scheduling!

In addition to learning about where we are with this important work, and next steps for moving forward, I very much hope that we can do some calendaring (if that's a word!) for making sure we have a solid District-wide plan to ensure that 9-11-17 is MUCH more peaceful, harmonious, and respectful than past 9-11's have been!

See you tomorrow at 10am at the IMC! Blessings, LKW :-)

Hope your week has gone well! I checked my calendar, and I'm confused! I have 3 different things noted for June 7!

I'm confused, and am guessing I made a mistake in at least one or 2 of the following notes...?

- \* LCAP meeting, at which you indicated that our Addressing Islamophobia group would want to be present (and you'd let us know what time)
- \* I noted that you indicated that would be a good day for you to meet with us (?)
- \* I also have "10am IMC" with you going with us to the IMC to present the Grand Mosque of Paris books,

being donated by the Jewish temple group.

Thanks in advance for "un-confusing" me! Blessings, Linda K. Williams :-)

We would also like to thank you for your work on getting the selected books to help end the issue of Islamophobia. I agree, Carla! The SDUSD's FAQ's could/ would be great speaking points as well (I've copied and pasted and attached the whole list)--- and, I'm also including below the list of what the District Board passed on 4-4-17. I think it's pretty clear that this list --- and what the lawsuit claims will happen --- do not match up.

Here you go, all --- from 4-4-17 Board Doc's

Unbelievable! I will be there for the meeting tomorrow. We may want to reference the SDUSD webpage they set up to answer people's concerns about the anti-Islamophobia program. I've included the first two points from it:

<https://www.sandiegounified.org/addressing-bullying-muslim-students>

## Addressing Bullying of Muslim Students

The District recently announced an intent to take action specifically to address the bullying of Muslim students. The proposed action will be a part of the district's efforts to protect all students from bullying, intimidation, and discrimination. As we have done with other vulnerable segments of our student population, our intent in drawing attention to the bullying of Muslim students, in particular, is to raise awareness of the issue, and to promote tolerance and

understanding. Because we have received a number of questions regarding the District's intent, we have prepared answers to some of the frequently asked questions about this forthcoming initiative.

San Diego Unified follows California state curriculum provided in the [2016 State of California History-Social Science Framework](#).

## Why are Muslim students getting special treatment?

Muslim students are not getting special treatment. The District takes seriously the bullying of any student, and we have programs and procedures already in place to address bullying. The reason we are calling particular attention to the bullying of Muslim students at this time is that we have received reports from students and families who have expressed concerns about the safety of their students. We want to assure our students and families that our schools are safe places for all students. We know they cannot learn if they are afraid. This initiative to combat Islamophobia is focused on promoting awareness and understanding among students of different cultures, with the intent of eliminating the fear faced by children.

Warmly, Carla

Please also give examples of what the initiative is actually asking for. You gave some examples but elaborate on safe schools for "all students and families" explain that the rhetoric of our current president has caused much turmoil in our society as a whole and has now trickled into our public schools and we have to address this as a society of peaceful human beings.

Here is my talking points, I will start sharing with media.

#### Talking Points

- We all need to thank and honor the school district for trying to create a safe environment for all students. (it's a state law, AB2845)
- What is wrong with providing a safe learning environment for ALL children, including for American Muslims?
- What's the point of education, if we are afraid of teaching our kids how to treat all people/cultures with respect and dignity?
- They are looking for attention, and this is their chosen platform to spread their ignorance, hate, bigotry.
- It is an attempt to get the Courts to enforce their anti-Muslim views.

This is the press release from the FCDF, headed by conservative Christian attorney, Charles Li Mandri. He was also involved for years in the fight to save the Latin cross on Mount Soledad.

-----

News release: (Dated Monday. May 22)

The Freedom of Conscience Defense Fund (FCDF) filed a federal civil rights lawsuit today on behalf of a group of concerned parents against the San Diego Unified School District (SDUSD) challenging the constitutionality of the district's controversial "Anti-Islamophobia" program. Named defendants also include every member of SDUSD's Board of Education and Superintendent Cynthia Marten. In addition to six parents, FCDF is representing Citizens for Quality Education – San Diego (CQE-SD), a local grassroots organization dedicated to public school reform, and the San Diego Asian Americans for Equality (SDAAFE), which defends the interests of the Asian American community and promotes active involvement in public affairs.

Last month, SDUSD's Board of Education approved an "Anti-Islamophobia" initiative in a purported effort to combat bullying and harassment of Muslim students and their families. As part of the initiative, Muslim students will be provided with special religious accommodations; teachers must receive new training and resources on how to advocate for Muslims; and the school district must review and vet its curriculum to ensure that it promotes a positive interpretation of Muslim culture and history. Most controversially, the school district seeks to explore and engage in formal partnerships with the Council on American-Islamic Relations (CAIR), a self-described Muslim civil rights organization. Students of other faiths are excluded from this program, including Jewish students, who statistically face an overwhelmingly higher level of bullying and discrimination than do Muslims.

Charles LiMandri, FCDF's President and Chief Counsel, commented:

"As it stands, tens of thousands of Jewish, Christian, Buddhist, and Hindu students, as well

as other non-Muslim students, walk through the schoolhouse gate vulnerable and exposed to bullying and discrimination as a result of their religious beliefs. Meanwhile, Muslim students can feel safe as the School District's favored religious group, with the full power of the government and an outside Muslim advocacy group at their disposal. The School District's actions are blatantly unconstitutional and run contrary to America's enduring belief in religious equality."

Of particular concern is the School District's active collaboration with CAIR, which has longstanding, verified ties to radical Islam. For example, several of CAIR's top executives have been convicted of terror-related crimes, the FBI and U.S. Attorney's Office previously named CAIR an unindicted co-conspirator in the Holy Land Foundation terror case (the FBI has terminated any outreach activities with CAIR), and the United Arab Emirates has designated CAIR as a terrorist organization.

LiMandri commented:

"Despite its message of diversity and tolerance, CAIR's ultimate mission is to change American society and advance radical Islam. It is entirely reasonable for parents to question whether CAIR is pushing the School District to indoctrinate students with a favorable, one-sided teaching of Islam. Moreover, it is deeply troubling that School District officials have consistently dismissed parents' genuine concerns as bigoted, anti-Muslim rhetoric. That line of reasoning is akin to saying that the Constitution itself is Islamophobic."

On April 27, LiMandri sent a letter to all members of the Board, warning them that the "Anti-Islamophobia" program raises serious constitutional concerns and would likely result in a "needless, lengthy, and expensive court battle". LiMandri recommended that the Board rescind its authorizing vote and consider an alternative approach. However, the Board has indicated through various statements to the media that it intends to defend the program at all costs for the sake of "standing up to hate". Consequently, the local community began to mobilize an opposition, and parents sought out FCDF to help them challenge the School District's divisive program in court.

According to FCDF's complaint:

"Under the guise of this anti-bullying program, Defendants have fallen in with [Notes:CAIR] to set up a subtle, discriminatory scheme that establishes Muslim students as the privileged religious group within the school community. Consequently, students of other faiths are left on the outside looking in, vulnerable to religiously motivated bullying, while Muslim students enjoy an exclusive right to the School District's benevolent protection."

The School District, with over 125,000 students enrolled in its K-12 schools, received just seven reports of religion-motivated bullying from July 31, 2016, to December 31, 2016. The district did not disclose how many of those incidents were directed at Muslim students.

FCDF filed the complaint in the United States District Court for the Southern District of California. It is asking the court to declare that SDUSD and its officials violated plaintiffs' constitutional and statutory rights and to grant an injunction to preliminarily and permanently stop the implementation and enforcement of the "Anti-Islamophobia" program. In addition, FCDF is asking for nominal damages and an award of their reasonable costs of litigation, including attorneys' fees and expenses.

###

A PRESS CONFERENCE REGARDING FCDF'S LAWSUIT WILL BE HELD ON THURSDAY, MAY 25, 2017, AT 10:30 A.M. AT THE DOUBLETREE-HILTON HOTEL IN MISSION VALLEY, SAN DIEGO, CALIFORNIA.

Brother Hanif,

Please also give examples of what the initiative is actually asking for. You gave some examples but elaborate on safe schools for "all students and families" explain that the rhetoric of our current president has caused much turmoil in our society as a whole and has now trickled into our public schools and we have to address this as a society of peaceful human beings.

I will try my best to see you all there in sha Allah!

**Subject:** RE: federal lawsuit on SDUSD anti islamaphobia program

Here is my talking points, I will start sharing with media.

#### Talking Points

- We all need to thank and honor the school district for trying to create a safe environment for all students. (it's a state law, AB2845)
- What is wrong with providing a safe learning environment for ALL children, including for American Muslims?
- What's the point of education, if we are afraid of teaching our kids how to treat all people/cultures with respect and dignity?
- They are looking for attention, and this is their chosen platform to spread their ignorance, hate, bigotry.
- It is an attempt to get the Courts to enforce their anti-Muslim views.

This is the press release from the FCDF, headed by conservative Christian attorney, Charles Li Mandri. He was also involved for years in the fight to save the Latin cross on Mount Soledad.

-----  
News release: (Dated Monday. May 22)

The Freedom of Conscience Defense Fund (FCDF) filed a federal civil rights lawsuit today on behalf of a group of concerned parents against the San Diego Unified School District (SDUSD) challenging the constitutionality of the district's controversial "Anti-Islamophobia" program. Named defendants also include every member of SDUSD's Board of Education and Superintendent Cynthia Marten. In addition to six parents, FCDF is representing Citizens for Quality Education – San Diego (CQE-SD), a local grassroots organization dedicated to public school reform, and the San Diego Asian Americans for Equality (SDAAFE), which defends the interests of the Asian American community and promotes active involvement in public affairs.

Last month, SDUSD's Board of Education approved an "Anti-Islamophobia" initiative in a purported effort to combat bullying and harassment of Muslim students and their families. As part of the initiative, Muslim students will be provided with special religious accommodations; teachers must receive new training and resources on how to advocate for Muslims; and the school district must review and vet its curriculum to ensure that it promotes a positive interpretation of Muslim culture and history. Most controversially, the school district seeks to explore and engage in formal partnerships with the Council on American-Islamic Relations (CAIR), a self-described Muslim civil rights organization. Students of other faiths are excluded from this program, including Jewish students, who statistically face an overwhelmingly higher level of bullying and discrimination than do Muslims.

Charles LiMandri, FCDF's President and Chief Counsel, commented:

"As it stands, tens of thousands of Jewish, Christian, Buddhist, and Hindu students, as well as other non-Muslim students, walk through the schoolhouse gate vulnerable and exposed to bullying and discrimination as a result of their religious beliefs. Meanwhile, Muslim students can feel safe as the School District's favored religious group, with the full power of the government and an outside Muslim advocacy group at their disposal. The School District's actions are blatantly unconstitutional and run contrary to America's enduring belief in religious equality."

Of particular concern is the School District's active collaboration with CAIR, which has longstanding, verified ties to radical Islam. For example, several of CAIR's top executives have been convicted of terror-related crimes, the FBI and U.S. Attorney's Office previously named CAIR an unindicted co-conspirator in the Holy Land Foundation terror case (the FBI has terminated any outreach activities with CAIR), and the United Arab Emirates has designated CAIR as a terrorist organization.

LiMandri commented:

"Despite its message of diversity and tolerance, CAIR's ultimate mission is to change American society and advance radical Islam. It is entirely reasonable for parents to question whether CAIR is pushing the School District to indoctrinate students with a favorable, one-sided teaching of Islam. Moreover, it is deeply troubling that School District officials have consistently dismissed parents' genuine concerns as bigoted, anti-Muslim rhetoric. That line of reasoning is akin to saying that the Constitution itself is Islamophobic."

On April 27, LiMandri sent a letter to all members of the Board, warning them that the "Anti-Islamophobia" program raises serious constitutional concerns and would likely result in a "needless, lengthy, and expensive court battle". LiMandri recommended that the Board rescind its authorizing vote and consider an alternative approach. However, the Board has indicated through various statements to the media that it intends to defend the program at all costs for the sake of "standing up to hate". Consequently, the local community began to mobilize an opposition, and parents sought out FCDF to help them challenge the School District's divisive program in court.

According to FCDF's complaint:

"Under the guise of this anti-bullying program, Defendants have fallen in with [Notes:CAIR] to set up a subtle, discriminatory scheme that establishes Muslim students as the privileged religious group within the school community. Consequently, students of other faiths are left on the outside looking in, vulnerable to religiously motivated bullying, while Muslim students enjoy an exclusive right to the School District's benevolent protection."

The School District, with over 125,000 students enrolled in its K-12 schools, received just seven reports of religion-motivated bullying from July 31, 2016, to December 31, 2016. The district did not disclose how many of those incidents were directed at Muslim students.

FCDF filed the complaint in the United States District Court for the Southern District of California. It is asking the court to declare that SDUSD and its officials violated plaintiffs' constitutional and statutory rights and to grant an injunction to preliminarily and permanently stop the implementation and enforcement of the "Anti-Islamophobia" program. In addition, FCDF is asking for nominal damages and an award of their reasonable costs of litigation, including attorneys' fees and expenses.

This is the press release from the FCDF, headed by conservative Christian attorney, Charles Li Mandri. He was also involved for years in the fight to save the Latin cross on Mount Soledad.

-----  
News release: (Dated Monday, May 22)

The Freedom of Conscience Defense Fund (FCDF) filed a federal civil rights lawsuit today on behalf of a group of concerned parents against the San Diego Unified School District (SDUSD) challenging the constitutionality of the district's controversial "Anti-Islamophobia" program. Named defendants also include every member of SDUSD's Board of Education and Superintendent Cynthia Marten. In addition to six parents, FCDF is representing Citizens for Quality Education – San Diego (CQE-SD), a local grassroots organization dedicated to public school reform, and the San Diego Asian Americans for Equality (SDAAFE), which defends the interests of the Asian American community and promotes active involvement in public affairs.

Last month, SDUSD's Board of Education approved an "Anti-Islamophobia" initiative in a purported effort to combat bullying and harassment of Muslim students and their families. As part of the initiative, Muslim students will be provided with special religious accommodations; teachers must receive new training and resources on how to advocate for Muslims; and the school district must review and vet its curriculum to ensure that it promotes a positive interpretation of Muslim culture and history. Most controversially, the school district seeks to explore and engage in formal partnerships with the Council on American-Islamic Relations (CAIR), a self-described Muslim civil rights organization. Students of other faiths are excluded from this program, including Jewish students, who statistically face an overwhelmingly higher level of bullying and discrimination than do Muslims.

Charles LiMandri, FCDF's President and Chief Counsel, commented:

"As it stands, tens of thousands of Jewish, Christian, Buddhist, and Hindu students, as well as other non-Muslim students, walk through the schoolhouse gate vulnerable and exposed to bullying and discrimination as a result of their religious beliefs. Meanwhile, Muslim students can feel safe as

the School District's favored religious group, with the full power of the government and an outside Muslim advocacy group at their disposal. The School District's actions are blatantly unconstitutional and run contrary to America's enduring belief in religious equality."

Of particular concern is the School District's active collaboration with CAIR, which has longstanding, verified ties to radical Islam. For example, several of CAIR's top executives have been convicted of terror-related crimes, the FBI and U.S. Attorney's Office previously named CAIR an unindicted co-conspirator in the Holy Land Foundation terror case (the FBI has terminated any outreach activities with CAIR), and the United Arab Emirates has designated CAIR as a terrorist organization.

LiMandri commented:

"Despite its message of diversity and tolerance, CAIR's ultimate mission is to change American society and advance radical Islam. It is entirely reasonable for parents to question whether CAIR is pushing the School District to indoctrinate students with a favorable, one-sided teaching of Islam. Moreover, it is deeply troubling that School District officials have consistently dismissed parents' genuine concerns as bigoted, anti-Muslim rhetoric. That line of reasoning is akin to saying that the Constitution itself is Islamophobic."

On April 27, LiMandri sent a letter to all members of the Board, warning them that the "Anti-Islamophobia" program raises serious constitutional concerns and would likely result in a "needless, lengthy, and expensive court battle". LiMandri recommended that the Board rescind its authorizing vote and consider an alternative approach. However, the Board has indicated through various statements to the media that it intends to defend the program at all costs for the sake of "standing up to hate". Consequently, the local community began to mobilize an opposition, and parents sought out FCDF to help them challenge the School District's divisive program in court.

According to FCDF's complaint:

"Under the guise of this anti-bullying program, Defendants have fallen in with [Notes:CAIR] to set up a subtle, discriminatory scheme that establishes Muslim students as the privileged religious group within the school community. Consequently, students of other faiths are left on the outside looking in, vulnerable to religiously motivated bullying, while Muslim students enjoy an exclusive right to the School District's benevolent protection."

The School District, with over 125,000 students enrolled in its K-12 schools, received just seven reports of religion-motivated bullying from July 31, 2016, to December 31, 2016. The district did not disclose how many of those incidents were directed at Muslim students.

FCDF filed the complaint in the United States District Court for the Southern District of California. It is asking the court to declare that SDUSD and its officials violated plaintiffs' constitutional and statutory rights and to grant an injunction to preliminarily and permanently stop the implementation and enforcement of the "Anti-Islamophobia" program. In addition, FCDF is asking for nominal damages and an award of their reasonable costs of litigation, including attorneys' fees and expenses.

Godwin and I just spoke; he understands my concern about that, as well.

Thanks again, and SO much looking forward to our meeting Thurs., May 25, 10am-12pm, at the CAIR office on Balboa Ave.

Now, off to do a guitar performance at Rowan Elem. with some of my guitar students (I give free guitar lessons there), and more literacy assessments with fragile readers... then, out of town for 4 days!

Blessings on your day, and weekend!

Hello again, Stan! As per my voicemail, I'm heading out of town today, and would very much like to cover one more base before I do!

As I indicated, I had promised the Hoover Cluster on Mon. 5-15-17 that I would send right away the handouts they had received at the meeting. As per our conversation, and your e-mail below, of course I won't be sending all handouts until after we've met.

However, I'm feeling VERY uncomfortable about making a promise of immediate action on 5-15, and taking no action till after 5-25.

Here's what I'm proposing:

1. Either you (cc-ing me) or I send Fabi and Godwin your message below, so that if/when someone who was at the meeting asks them, they can explain the delay (as per voicemail, not only have they both been in the loop of our Committee work; it's thanks to Fabi that it was on the agenda, and Godwin of course presented with us, and lead the meeting.
2. In addition to the above, I could ask Godwin to send some of the items (e.g., Peace Path, Compassionate Comprehension, Restorative Justice from NEA), now, with a note to principals that other resources will soon follow.

Looking forward to hearing from you today, as I scramble to get on the road! Blessings,

Hello Committee members,

As you can imagine the last few weeks have been extremely difficult and we have experienced some issues around how we need to move forward. Some of these issues are causing us to be very thoughtful on our next steps. I am aware that many of you have moved forward with a few items, and am asking that we pause on any further actions, until we meet. I am setting up a meeting with Hanif for early next week, as well as plan to attend next Thursdays meeting. We have a letter sample being vetted by the SDUSD team, and will have a copy for when we meet. Please know that we are committed to supporting our students and are still messaging and educating the larger community on the intentions and commitment we have to all students. See you next week.

We have a marketing plan/standards that specifies how we market things and also a calendar of what will be marketed when. Sometimes we can slip new things in, though, so I'll check in with our Community Relations manager. I will recommend that we make the booklist available somewhere on the website and either include it in the website's rotating banner and/or promote it on our social media pages. We don't usually hang things up on the walls, so this is our alternative. I'll think on whether or not we can do a similar promotion on our eBook page.

Thanks so much, Jennifer. Glad to hear you already have most in the libraries. Is there a way that they can be highlighted? Ramadan is May 26, but we may wish to steer clear of religious aspect? Not sure if public libraries are under same restrictions as schools when it comes to separation of church/state. Some folks are up at arms re the inclusion of Islam in teaching kids about Muslim culture. Would you be open to having branches hang up small posters of book covers (for books they have in collection, of course) and maybe a few books on display? Thanks so much for your support with this, and the info re out of print books, etc. Val Shields PS If you ever go to the Fletcher Hills branch, the picture on the wall of the male cyclist is my father, Gordy Shields. The bench outside is dedicated to my mom, Olwyn Shields. They lived nearby and loved that library!

Hey Linda,

I completely understand. I am meeting with Fabi today and will address your concern. Let me run the options thru with her and I will get back to you.

Thanks again!

Hello again, Stan! As per my voicemail, I'm heading out of town today, and would very much like to cover one more base before I do!

As I indicated, I had promised the Hoover Cluster on Mon. 5-15-17 that I would send right away the handouts they had received at the meeting. As per our conversation, and your e-mail below, of course I won't be sending all handouts until after we've met.

However, I'm feeling VERY uncomfortable about making a promise of immediate action on 5-15, and taking no action till after 5-25.

Here's what I'm proposing:

1. Either you (cc-ing me) or I send Fabi and Godwin your message below, so that if/when someone who was at the meeting asks them, they can explain the delay (as per voicemail, not only have they both been in the loop of our Committee work; it's thanks to Fabi that it was on the agenda, and Godwin of course presented with us, and lead the meeting.
2. In addition to the above, I could ask Godwin to send some of the items (e.g., Peace Path, Compassionate Comprehension, Restorative Justice from NEA), now, with a note to principals that other resources will soon follow.

Looking forward to hearing from you today, as I scramble to get on the road! Blessings, LKW Redacted

Hello Committee members,

As you can imagine the last few weeks have been extremely difficult and we have experienced some issues around how we need to move forward. Some of these issues are causing us to be very thoughtful on our next steps. I am aware that many of you have moved forward with a few items, and am asking that we pause on any further actions, until we meet. I am setting up a meeting with Hanif for early next week, as well as plan to attend next Thursdays meeting. We have a letter sample being vetted by the SDUSD team, and will have a copy for when we meet. Please know that we are committed to supporting our students and are still messaging and educating the larger community on the intentions and commitment we have to all students. See you next week.

We have a marketing plan/standards that specifies how we market things and also a calendar of what will be marketed when. Sometimes we can slip new things in, though, so I'll check in with

our Community Relations manager. I will recommend that we make the booklist available somewhere on the website and either include it in the website's rotating banner and/or promote it on our social media pages. We don't usually hang things up on the walls, so this is our alternative. I'll think on whether or not we can do a similar promotion on our eBook page.

Thanks so much, Jennifer. Glad to hear you already have most in the libraries. Is there a way that they can be highlighted? Ramadan is May 26, but we may wish to steer clear of religious aspect? Not sure if public libraries are under same restrictions as schools when it comes to separation of church/state. Some folks are up at arms re the inclusion of Islam in teaching kids about Muslim culture. Would you be open to having branches hang up small posters of book covers (for books they have in collection, of course) and maybe a few books on display? Thanks so much for your support with this, and the info re out of print books, etc. Val Shields PS If you ever go to the Fletcher Hills branch, the picture on the wall of the male cyclist is my father, Gordy Shields. The bench outside is dedicated to my mom, Olwyn Shields. They lived nearby and loved that library!

Greetings, Sharon and Stan!

Wonderful to get to see both of you today! In addition to and separate from the School Climate Bill of Rights meeting itself, I was delighted to see Stan with us, since it also gave me an opportunity to touch bases on the extensive work of our committee to address Islamophobia --- one of the other "hats" I enthusiastically wear for the good of our kiddos!

Sharon, before the meeting, I gave you a copy of the "DRAFT LETTER" (first PDF below) and then we didn't get a chance to touch bases after the meeting. I wanted to let you know that Stan and I had a chance to speak briefly after the other meeting ended, and that he indicated that it would be best to not distribute it further at this time-- so, I alerted our core Committee members of that fact (also putting a "hold" on the attachment entitled "Text Kits and Resources to Address Islamophobia"). So, I'm sure that the two of you --- and others --- will be considering how best to move forward with the letter.

Stan, many thanks for your commitment to meet with our Committee to Address Islamophobia next Thurs., May 25, 10am-12pm, so that we can learn where the District's thinking currently is on this topic, and to work together to see how best to address the "Immediate Action Steps" in the Board's plan approved on 4-4-17, as well as planning ahead for 9-11.

Blessings to both of you as you continue to dedicate yourselves creating a safe District for all,  
Linda K. Williams :-)

Greetings, Sharon and Stan!

Wonderful to get to see both of you today! In addition to and separate from the School Climate Bill of Rights meeting itself, I was delighted to see Stan with us, since it also gave me an opportunity to touch bases on the extensive work of our committee to address Islamophobia --- one of the other "hats" I enthusiastically wear for the good of our kiddos!

Sharon, before the meeting, I gave you a copy of the ["DRAFT LETTER" \(first PDF below\)](#) and then we didn't get a chance to touch bases after the meeting. I wanted to let you know that Stan and I had a chance to speak briefly after the other meeting ended, and that he indicated that it would be best to not distribute it further at this time-- so, I alerted our core Committee members of that fact (also putting a "hold" on the attachment entitled "Text Kits and Resources to Address Islamophobia"). So, I'm sure that the two of you --- and others --- will be considering how best to move forward with the letter.

Stan, many thanks for your commitment to meet with our Committee to Address Islamophobia next Thurs., May 25, 10am-12pm, so that we can learn where the District's thinking currently is on this topic, and to work together to see how best to address the "Immediate Action Steps" in the Board's plan approved on 4-4-17, as well as planning ahead for 9-11.

Blessings to both of you as you continue to dedicate yourselves creating a safe District for all,  
Linda K. Williams :-)

We have a marketing plan/standards that specifies how we market things and also a calendar of what will be marketed when. Sometimes we can slip new things in, though, so I'll check in with our Community Relations manager. I will recommend that we make the booklist available somewhere on the website and either include it in the website's rotating banner and/or promote it on our social media pages. We don't usually hang things up on the walls, so this is our alternative. I'll think on whether or not we can do a similar promotion on our eBook page.

Thanks,

Thanks so much, Jennifer. Glad to hear you already have most in the libraries. Is there a way that they can be highlighted? Ramadan is May 26, but we may wish to steer clear of religious aspect? Not sure if public libraries are under same restrictions as schools when it comes to separation of church/state. Some folks are up at arms re the inclusion of Islam in teaching kids about Muslim culture. Would you be open to having branches hang up small posters of book covers (for books they have in collection, of course) and maybe a few books on display? Thanks so much for your support with this, and the info re out of print books, etc. Val Shields PS If you ever go to the Fletcher Hills branch, the picture on the wall of the male cyclist is my father, Gordy Shields. The bench outside is dedicated to my mom, Olwyn Shields. They lived nearby and loved that library!

Stan, here is the quote from the vendors for the sets of books for the IMC. As you can see, it is only \$1236, due to being mostly paperbacks. Can you please send a budget code to Martha or Chris W in the IMC so these books may be ordered and processed, and advertised to teachers as being available for checkout at the IMC? They are still waiting on the budget code for the other books. At this point, we are only talking \$3600, a far cry from the \$8,000 funds Lallia had heard mentioned? Again, we need you to send a communication to staff once these books become available. Thanks so much for your support in this. Val Shields

Hello, Stan and Core Team!

Stan, I'm so sorry you weren't feeling well today, and sincerely hope you'll be back to 100% very soon!! Blessings to you for a speedy and thorough recovery!

I wanted to make sure you all know about our upcoming "Addressing Islamophobia in the SDUSD" presentation at the 5-15-17 Hoover Cluster meeting (in the Hoover High Media Center, 4-6pm); we're about in the middle of the agenda, and have been allotted 10 min., thanks to Dr. Fabiola Bagula, and Godwin Higa, as well! :-). Lallia, Godwin, maybe John, and myself will do a shortened version of what we'll be presenting tomorrow to the Trauma-Informed Guide Team Meeting tomorrow :-)

**Stan, I truly do hope we'll be able to meet with you before that presentation, since of course we're hoping to be able to tell the Cluster what actions FACE has underway, and what the plans are for the future,**

**Looking forward to meeting with you that morning (at least, we heard that 11am on the 15th was a possibility)... or, perhaps some time next week...?**

And, to the rest of our "core team"--- anyone else who wishes to be there, please do join us! Having the Cluster see some representative faces of our group may be very helpful, AND having others there to help answer any questions that may come up would be great, as well!

With appreciation and all best wishes,  
 Linda K. Williams :-). Redacted

I do not know if Amazon is cheaper but this looks convenient and expedient. Makes sense to me.

Valerie, thanks for all your hard work on this. I even mentioned this to children's librarian in University City last evening and told him I would be forwarding titles he might consider. I think that making these suggestions to city and county libraries might also have merit. Just a thought!

Stan, here is the quote from the vendors for the sets of books for the IMC. As you can see, it is only \$1236, due to being mostly paperbacks. Can you please send a budget code to Martha or Chris W in the IMC so these books may be ordered and processed, and advertised to teachers as being available for checkout at the IMC? They are still waiting on the budget code for the other books. At this point, we are only talking \$3600, a far cry from the \$8,000 funds Lallia had heard mentioned? Again, we need you to send a communication to staff once these books become available. Thanks so much for your support in this. Val Shields, on the District Committee to Address Islamophobia (PS, I think this would be a nice step for the Board Members to be made aware of, given their commitment to addressing this issue.)

Thank you Imam Taha and Kevin

I don't think Kevin is looking for answers he just wants us to know what some are saying. However here is a response to those who will need answers.

If any of the conspiracy theories about CAIR and nefarious activity were true, the organization would have been shut down and its staff locked up years ago. It is illegal in the United States to act in support of a designated Foreign Terrorist Organization.

Thank you Dear Kevin for sharing this email.

We are very familiar with these kind of accusations that are often used by islamophobes to scare every individual and organization that cooperated with CAIR. Actually, it's not only CAIR, but almost every Muslim org and well known American Muslim scholars and activists are on the list of the unindicted conspirators. This was part of the Bush administration attacks on American Muslim orgs and activists, mainly those who advocate for the rights of Palestinians. I believe Hanif has some clarifications.

In this trial, the Muslim Brotherhood was found to be using the Holy Land Foundation charity in a massive criminal scheme to funnel millions of dollars worth of material resources to its offshoot Palestinian organization Hamas. Hamas, (as you may be aware), is a designated terrorist group whose charter calls for the destruction of Israel and the genocide of Jews. The Justice Department listed CAIR along with other entities as "individuals/entities who are and/or were members of the US Muslim Brotherhood's Palestine Committee and/or its organizations"<[https://www.investigativeproject.org/documents/case\\_docs/423.pdf](https://www.investigativeproject.org/documents/case_docs/423.pdf)> Based on these court findings, CAIR is effectively an American offshoot of the Muslim Brotherhood, an organization whose charter calls for the destruction all democracies and the establishment of a global Islamic caliphate. One of the Brotherhood's internal records that was seized in an FBI raid of a basement in Virginia titled, "An Explanatory Memorandum: On the General Strategic Goal for the Group"<<http://www.investigativeproject.org/documents/20-an-explanatory-memorandum-on-the-general.pdf>>. Written by one the Brotherhood's board of directors, the document outlines the organization's intentions to implement Sharia (Islamic Law) in the United States as part of its grand objective of establishing a global Islamic caliphate. It outlines this in the following sentences:

>

> “The process of settlement is a ‘Civilization-Jihadist Process’ with all the word means. The Ikhwan must understand that their work in America is a kind of grand jihad in eliminating and destroying the Western civilization from within and “sabotaging” its miserable house by their hands and the hands of the believers so that it is eliminated and God’s religion is made victorious over all other religions.”

Thank you Imam Taha and Kevin

I don't think Kevin is looking for answers he just wants us to know what some are saying. However here is a response to those who will need answers.

If any of the conspiracy theories about CAIR and nefarious activity were true, the organization would have been shut down and its staff locked up years ago. It is illegal in the United States to act in support of a designated Foreign Terrorist Organization.

Thank you Dear Kevin for sharing this email.

We are very familiar with these kind of accusations that are often used by islamophobes to scare every individual and organization that cooperated with CAIR. Actually, it's not only CAIR, but almost every Muslim org and well known American Muslim scholars and activists are on the list of the unindicted conspirators. This was part of the Bush administration attacks on American Muslim orgs and activists, mainly those who advocate for the rights of Palestinians. I believe Hanif has some clarifications.

Dear Kevin Beiser,

I am a lifelong resident of San Diego. I was a student at Granger Jr. High, and I remember seeing you. I have recently been informed about the Board of Education for the San Diego Unified School District's decision on April 4th to move forward in implementing demands made by the Council on American Islamic Relations (CAIR) to institute an anti-bullying and education curriculum giving a positive depiction on Islam, recognizing Islamic holidays on calendars and designating what it describes as "safe places" for Muslim students on campus.

I am writing this to express that I am extremely troubled about this district's decision to accommodate and to teach children content that is demanded by an organization such as CAIR. been declared by federal prosecutors in a 2007 trial to be an [unindicted co-conspirator](#) in the largest terrorism funding trial in American history. In this trial, the Muslim Brotherhood was found to be using the Holy Land Foundation charity in a massive criminal scheme to funnel millions of dollars worth of material resources to its offshoot Palestinian organization Hamas. Hamas, (as you may be aware), is a designated terrorist group whose charter calls for the destruction of Israel and the genocide of Jews. The Justice Department listed CAIR along with other entities as ["individuals/entities who are and/or were members of the US Muslim Brotherhood's Palestine Committee and/or its organizations"](#). Based on these court findings, CAIR is effectively an American offshoot of the Muslim Brotherhood, an organization whose charter calls for the destruction all democracies and the establishment of a global Islamic caliphate. One of the Brotherhood's internal records that was seized in an FBI raid of a basement in Virginia titled, ["An Explanatory Memorandum: On the General Strategic Goal for the Group"](#). Written by one the Brotherhood's board of directors, the document outlines the organization's intentions to implement Sharia (Islamic Law) in the United States as part of its grand objective of establishing a global Islamic caliphate. It outlines this in the following sentences:

*"The process of settlement is a 'Civilization-Jihadist Process' with all the word means. The Ikhwan must understand that their work in America is a kind of grand jihad in eliminating and destroying the Western civilization from within and "sabotaging" its miserable house by their hands and the hands of the believers so that it is eliminated and God's religion is made victorious over all other religions."*

This document was written by a member of the Muslim Brotherhood's board of directors. This document was crucial evidence in delivering a guilty verdict to the Islamic charity. The court's decision has gone through multiple appeals, and the verdict still stands. CAIR has also been designated as a terrorist organization by the United Arab Emirates.

Based on this irrefutable evidence, CAIR is a subversive organization that is attempting to foster a Sharia compliant America under the guise of being a civil rights organization. Mr. Beiser, I know you are a well intentioned man who wants to stop bullying and

discrimination. But using tax payer money accommodate a subversive group like CAIR is absolutely not how it should be done. For the sake of America's safety on for the sake of preserving gender equality and religious equality, I demand that the school district stop consulting with CAIR. It is in fact, a scandal in and of itself that CAIR is even allowed to operate freely on American soil. I hope that you take my words into consideration as a former student of yours and a citizen of San Diego.

Howdy, Stan! I'm sure you're ready for some R&R this weekend --- whoooooeeeee!!!

Just wanted to let you know that, a few months ago, I had a conversation with Area Supt. Fabiola Bagula, and our plan has been to do a presentation on addressing Islamophobia at an upcoming Hoover Cluster Meeting. As you'll see below, I'm reaching out to her to confirm that plan, and to wonder about having such presentations at other cluster meetings.

NOT AN "ACTION ITEM" for you, my friend, just letting you know about other efforts afoot! And, of course, we'll be able to share whatever progress on this already made by FACE by then, face-to-face with the attendees! Blessings, LKW :-)

Greetings, All!

HAPPY FRIDAY to all!! Fabi, if I remember correctly, you were working on getting an agenda item included in the May 15 Hoover Cluster meeting during which Lallia, Godwin, and myself could present about addressing Islamophobia.

Does that still look like it will work out? If so, how many minutes should be plan for? Lallia has a great (and short ;-)) power-point presentation she can share. And, I'm thinking we could offer hard copies of the 4 pages attached below, and then send them --- along with the photo --- to all on the e-list. Sound good?

Many thanks for all your support on this crucial issue for our kids!!

Blessings to all, Linda K. Williams :-)

P.S. And then, perhaps similar presentations can be offered at other Cluster Meetings, as well...? :-)

Hi Stan

It has been a pleasure working with on the English Learners' concern and I am glad that the work has expanded to the Muslim students facing Islamophobia in SDUSD. The Education Committee to Address Islamophobia is very concerned as we didn't hear back from you regarding the immediate step that SDUSD agreed to adopt in regards of the Month of Ramadan.

For your information Ramadan will start on May 27th, we are only few weeks away, the people at IMC shared with our members to act quickly in order to be able to inform all the schools about the new Ramadan book collection.

The list of the books is ready and the books have been vetted by the IMC, all is needed at this moment is to purchase the books, the amount is estimated to be only \$2,500. The committee is also expecting the district to send an email to

the teachers to let them know about the month of Ramadan, encourage them to read a story to the class, make a craft related to Ramadan and/ or create a discussion on the pluralism.( we are willing to help with ideas as well)

Please let me know as soon as you can

Dear Stan,

I wish I could have been there, I had a prior commitment. Is there any way we can help in the aftermath of tonight's meeting?

I read the Union Tribune article that quoted you. I felt happy and hopeful by how you responded to concerns, by how you used our society's best logic, fairness and clarity.

Thank you for your work under these circumstances,

I m unable to speak tonite at such short notice, but m upset at the backlash (tho not surprised.) As per our discussion at the bakery on Friday (between a few comm members), this is exactly WHY we need to steer away from "Celebrating" Ramadan; only use it as way to begin sharing info re Muslim culture. Otherwise we will feed into the propaganda of bigots, & not be able to get our project out there! Other thoughts? And I fully support those who will speak up.

For your information Ramadan will start on May 27th, we are only few weeks away, the people at IMC shared with our members to act quickly in order to be able to inform all the schools about the new Ramadan book collection.

The list of the books is ready and the books have been vetted by the IMC, all is needed at this moment is to purchase the books, the amount is estimated to be only \$2,500. The committee is also expecting the district to send an email to the teachers to let them know about the month of Ramadan, encourage them to read a story to the class, make a craft related to Ramadan and/ or create a discussion on the pluralism.( we are willing to help with ideas as well)

Please let me know as soon as you can

Howdy, Stan! Just FYI --- as per my voicemail just now ---

I just read the UT article today on the backlash of the Islamaphobia school board action: [Anti-Islamophobia effort faces backlash](#)

I just signed up to speak during the "non-agenda" time 5-5:30.

Here's what I wrote in the portion where it asks what I plan to say:

**I plan to thank the Board and Staff for their support of efforts to address Islamaphobia, and to refute some of the misperceptions / untruths that have surfaced since the District's action on April 4. Thank you.**

Onward and upward, as a team with you! Blessings, Linda K. Williams [Redacted](#)

Greetings, Felicia, Stan, and Justine!

--- and, I'm CC'ing those on our **CAIR Educational Committee to Address Islamaphobia in the SDUSD** who have been actively drafting what will be sent to you, Stan, ASAP :-)

Hope each of you is enjoying a great beginning of the week!

We're thrilled that the District's plan for Addressing Islamaphobia includes RP and RJ (as per pages 2 and 10 of the PowerPoint from the 4-4-17 Board Meeting, at which the proposal passed unanimously :-)

**P. 2 Our Commitment**

\* **To ensure that:.....**

- **Restorative Practices and Trauma Informed Practices expand**

**P. 10 Steps Over Multiple Years.....**

\* **Identify areas of prevention, intervention, and restoration**

- **Restorative Practices**

-**Trauma Informed Practices**

... and we're delighted that Stan is working on launching a communication to all SDUSD staff some time in the next few weeks --- thanks so much, Stan!

Our **Committee to Address Islamaphobia** has been meeting since the July 2016 Board Meeting, and has a number of recommendations, since we agree that RP and RJ are integral to our efforts.

Here are the questions regarding what might be the next steps in offering RP and RJ in the efforts to address Islamaphobia --- and, of course, to help support the growth of RP and RJ in our District in general!

Most of these questions are for you, Felicia, but I figured that it would be helpful to include Stan and Justine in this e-mail, so that you all "hear"/ see the same thing at the same time.

**1. TRAININGS**

In one or more District-wide communications, would it be possible to say something like

"If you are interested in learning about opportunities and/or trainings in Restorative Practices and/or Restorative Justice --- including leading Community-Building Classroom Circles --- please contact..."

**2.RESOURCES**

In addition to HOPEFULLY being able to offer trainings, We're thinking it would be great to also offer resources! Justine and I had discussed the following resources a couple of years ago (available below as hyperlinks).

Q: Are these still the best links to offer?

A: Are there better/ more up-to-date/ more concise resources to offer online, as well?

**Classroom Community-Building Circles as a key Restorative Practice:**

**Resources for Introducing and/or Reviewing Classroom Circles:**

1 p. Restorative Dialogue Circles from Justine Darling

PLEASE NOTE: As the title indicates, this 1 p. resource was created for cases when a Classroom Circle is being employed to address harm done; however, it's still a concise description of how a Circle could be employed to build community and/or address CC/CC Key Questions, to facilitate classroom dialogue and debate.

<https://lkwbetterworld.files.wordpress.com/2015/07/restorative-dialogue-circles-from-justine-darling-1-p.pdf>

**Additional Optional Resources for Classroom Circles:**

**Restorative Practices and the Skills of Circle Keeping, 16 p. from Justine Darling**

<https://lkwbetterworld.files.wordpress.com/2015/07/circle-packet-from-justine-darling-16-p.pdf>

Restorative Conferencing Resources, 25 p. from Justine Darling

<https://lkwbetterworld.files.wordpress.com/2015/07/restorative-dialogue-circles-from-justine-darling-1-p.pdf>

**Classroom Circles books Used/Recommended by SDUSD**

<https://lkwbetterworld.files.wordpress.com/2015/07/ws-classroom-circles-books-used-rec-by-sdusd.pdf>

**ADDITIONAL RESOURCES:**

**PEACE PATH FROM CPE**

We're grateful and delighted that Godwin Higa has generously offered to share Cherokee Point Elementary's Peace Path with the District! Please see the attachments with the Directions (1 p., Eng. and Span.), and the 3 pages of the path itself (all 4 of which get taped together edge-to-edge and posted) One of these days, I'll figure out how to get them all into one document! I didn't want to delay this e-mail till that day, however! ;-)

**RJ POSTER FROM NEA (FREE DOWNLOAD FROM INTERNET)** <http://www.otlcampaign.org/sites/default/files/rp-carlos.jpg> which clearly compares/ contrasts a Zero-tolerance education system with a Restorative practices-based education system-- From my perspective, I'd say it's "worth its weight in gold" as far as a PR piece for RJ/RP! Would love to know your thoughts!

**INSTRUCTIONAL RECOMMENDATIONS AND RESOURCES FOR TEACHING ABOUT RESTORATIVE JUSTICE:**

This is from Compassionate Comprehension with the Common Core; if desired, I could revise it to not be integrally tied with CC/CC. Again, would love to know if you think this might be helpful:

**\* Restorative Justice Definitions for Students- Mini-Posters**

**(1st p. for Students' Binders, other pages for mini-posters in the classroom)**

[https://lkwbetterworld.files.wordpress.com/2015/08/restorative-justice-definitions-for-younger-students-mini-posters\\_2.pdf](https://lkwbetterworld.files.wordpress.com/2015/08/restorative-justice-definitions-for-younger-students-mini-posters_2.pdf)

**\* Instructional Recommendations: Restorative Justice**

<https://lkwbetterworld.files.wordpress.com/2015/08/instructional-recommendations-restorative-justice.pdf>

**... AND, DEALING WITH APOLOGIES:**

**\* Powerful Apologies from Justine Darling (5 aspects)**

**(1st p. for Students' Binders, other pages for mini-posters in the classroom)**

<https://lkwbetterworld.files.wordpress.com/2015/08/ws-apology-mini-poster-from-justine-darling.pdf>

**\* Apologies: The 3 R's + Actions speak louder than words.**

**(1st p. for Students' Binders, other pages for mini-posters in the classroom)**

<https://lkwbetterworld.files.wordpress.com/2015/08/apologies-the-3-rs-actions.pdf>

And, Felicia and Justine, I'm thinking there are likely a number of other RP/RJ resources you'll want to have Stan share via the avenue of addressing Islamophobia, as well.

Blessings to all,

Linda K. Williams :-)

**Subject: Addressing**

**Islamaphobia/Bullying in SDUSD**

**Reply-To: Linda Williams**

< **Redacted**

Good morning, Ms. Marten and key players in our District's efforts to eradicate Islamaphobia/ Bullying in the SDUSD, (Please feel free to share with others :-)

Here's what I would have said at the mic at last night's Board Meeting, had there been time:

RECOMMENDATIONS TO THE SCHOOL BOARD/ SUPERINTENDENT  
RE: BULLYING EXPERIENCED BY SOME OF SDUSD'S MUSLIM STUDENTS:

KEY POINTS:

Interweave with our Districts actions to implement **Restorative Practices, Restorative Justice**, and use of a **Trauma-Informed Lens** in the following ways:

1. **Connection on each Campus---**  
Identified "Safe Persons" known by Muslim students
2. **Classroom Community-Building Circles** topics to address Islamaphobia / bullying based upon religion, in each classroom
3. **Restorative Conflict Resolution Processes** implemented on each campus
4. **The use of True Stories** to touch hearts

A few comments about each of the above:

**1. CONNECTION/S ON CAMPUS/ SAFE PERSON/S**

At each site, have at least one readily-accessible adult be identified clearly to the students as a "**safe person**" to whom Muslim students can go (similar to LGBTQ students knowing to whom they can go). This is especially important if the student's teacher has been a source of disrespect (as cited in the CAIR Report). Those identified "safe persons" could wear lanyards similar to those created with the LGBTQ students' needs in mind. Ideally, those "safe persons" could develop a relationship with the students and their parents so that the students truly do feel comfortable approaching them when needed.

USE OF TRAUMA-INFORMED

LENS: ideally, the above person/s would be trained in compassionately using a trauma-informed lens as they address the student's needs.

## 2. In **Classroom Community-Building**

**Circles** (a Restorative Practice recommended as a Tier 1 intervention throughout the District), address specific concerns with **talking topics** such as:

- Have you ever been bullied --- or seen anyone bullied --- as a result of your/ their religion?
- Have you ever been disrespected --- or seen anyone disrespected --- as a result of your/ their religion?
- What happened, and how did you and the others feel about that situation?
- Have you ever stepped in to be known as an ally of someone being bullied because of their religion?

PLEASE NOTE: The Circle Process is also crucial when there is a need to address harm--- it would then be used in a

### **Restorative Healing Circle**

manner. Training and coaching are definitely needed more widely in our District for this to be implemented at each site!

## 3. RESTORATIVE CONFLICT

**RESOLUTION**, bringing victims and offenders together to "make things as right as possible" so that a mutually-respectful, caring relationship can result from the process. In addition to the Restorative Healing Circles mentioned above, two readily-available examples:

### A. Use **Cherokee Point's Peace**

**Path** when conflicts arise--- this was created by teachers at Cherokee Point Elementary, based upon their training in Restorative Justice, and has been graciously offered by Principal Godwin Higa (PLEASE SEE PHOTOS ATTACHED) The Peace Path provides a clear visual, with succinct instructions on how to proceed in bringing victims and offenders together to solve problems in a Restorative manner

B. **Discipline that Restores** is a powerful approach ---by the Claassens, who provided Restorative Practices/ Justice trainings in City Heights--- with rich resources available (I GAVE EACH BOARD MEMBER AND CINDY THE YELLOW CARD WHICH GOES WITH THIS).

Training is available, and has been attended by several SDUSD staff (and one is working on becoming a trainer, herself :-)

There are also two books available ---

**Disciple that Restores**, and **Making Things Right**,

plus **posters**, and the **bright yellow business-card sized reminder** of 4 options for handling conflict.

PLEASE NOTE: Discipline that Restores also provides Restorative Practices which

help create respect, cooperation, and responsibility--- i.e., a school culture which helps prevent harm being done/ the need for Restorative Justice.

**4. Use STORIES to touch hearts--- (ideally, discussing in a Classroom Circle)**

Only a few examples:

\* **The Grand Mosque of Paris:** A Story of How Muslims Rescued Jews During the Holocaust -- this is the book which Lallia gave last night to each Board Member and Superintendent (*Linda T., Lallia gave me a copy for you, too! Looking forward to connecting at your convenience :-)*)

\*\* **Stories from CAIR**-- true stories of the disrespect and bullying that Muslim students have experienced; many heartbreaking stories are included in the documents you've been given--- unfortunately, I'm sure that Muslim students and parents can add even more.

\* 2 Stories from **Chicken Soup for the Soul: Stories for a Better World**, wherein Islamaphobia addressed and dealt with in a positive way (STORIES ATTACHED)

--- "Taxi!" (Please note: This transformative experience was related to me by a parent in our District!)

--- "Labib's Cafe" (Please note: In the post-9-11 anti-Muslim hysteria, the attackers most likely didn't even know if the Egyptian coffee house was run by Muslims; that is not stated in the story)

And, use thought-provoking questions to explore the true stories more deeply --- ideally, in a classroom circle ---

offered in **Compassionate Comprehension with the Common Core -**

-- by Linda K. Williams / (many resources available: **Redacted** ;

new resources include using a **Trauma-Informed Lens**)

with stories involving the experiences of Muslims:

**CC/CC KEY QUESTIONS to be introduced in "Read Aloud/ Think Aloud" sessions**

**Along with each of the 5 Key Questions include the question: "What is your proof/ evidence from the text?"**

|              | <b>5 Key Questions</b> (to use with texts of your choice)                         |
|--------------|---|
| Question # 1 | How did the character/ person feel, and why?                                      |
| Question #2  | What was the harm/ trauma caused? (Who was hurt, and how?)                        |
| Question #3  | What did anyone do to demonstrate Compassion or employ Restorative Justice?       |
| Question #4  | What (else) would you do to demonstrate Compassion or employ Restorative Justice? |
| Question # 5 | What were the character's/ person's unmet needs?                                  |

Blessings to all, as we seek to  
work together to "Protect Our  
Kids!"

Peace, Linda K. Williams :-)

Hello,  
I am asking that you please rescind your new Islamic Sharia  
law-compliant policy--  
drafted by the CAIR to begin indoctrinating our students K -12  
on Islam Ideology.

Unfortunately, many aspects of Islam Ideology directly conflict  
with American Ideology.

Therefore this policy would promote some ideologies not in  
favor of the country we are living in,  
America.

**Subject:** RESCIND NEW ISLAMIC SHARIA LAW COMPLIANT POLICIES

While everyone should indeed protect the innocent against bullying, this is America based on and founded on Judeo/Christian principles. We do not need, nor want to accommodate Sharia law in our schools, e.g., new specified showers, separate PE classes, prayer rugs, foot baths, providing special showers or P.E. clothing, changing the food in our cafeterias at great expense, teaching from new “compliant” and “truthful” text books, etc.

As in France and other countries in Europe, WE DO NOT want to have Sharia law communities where Americans are afraid to go. This is still OUR country, a country full of immigrants and children of immigrants who came here wanting to BE American, receiving all of the freedoms and rights that America offers. If Muslims want to be here, to take part in all the good that we do here, they need to assimilate, make their own accommodations. And CAIR should be preaching to their Muslim brethren to crush the violence perpetrated by Islamic sects around the world. If CAIR’s voice was heard advising an end to the vicious acts of violence, perhaps this bullying would come to an end.

Don’t forget the power of the tax payer. You have a responsibility to the greater majority. Remember and rely on that.

I would like to know what you are trying to expose our American children to!? I am an ex-Muslim, I know what they are doing, you will have more problems other than a few names being called once you all this into our schools. You apparently do not care about American Children or our Culture. They are here to change society, society will not change Muslims.

I demand that you rescind your new Islamic Sharia law-compliant policies, which CAIR (Council on American-Islamic Relations which by the way was on the USA's Terrorist Watch Group until 2005!) drafted for them to indoctrinate our K-12 children in pro-Islam, anti-American ideology What is the matter with you!?.

They call you "useful idiots for Islam," They say "let Americans stick their own necks out for us to cut it" you are wrong to do this.

These people still perform female genitals mutilations! Think about this!

I beg you as a former Muslim who has escaped the bigotry, intolerance and the oppression of Islam and Sharia Law to please respectfully rescind this decision in America. NO!!!

**Subject:** Adressing Islamophobia in SDUSD

Hi Stan

It has been a pleasure working with on the English Learners' concern and I am glad that the work has expanded to the Muslim students facing Islamophobia in SDUSD. The Education Committee to Address Islamophobia is very concerned as we didn't hear back from you regarding the immediate step that SDUSD agreed to adopt in regards of the Month of Ramadan.

For your information Ramadan will start on May 27th, we are only few weeks away, the people at IMC shared with our members to act quickly in order to be able to inform all the schools about the new Ramadan book collection.

The list of the books is ready and the books have been vetted by the IMC, all is needed at this moment is to purchase the books, the amount is estimated to be only \$2,500. The committee is also expecting the district to send an email to the teachers to let them know about the month of Ramadan, encourage them to read a story to the class, make a craft related to Ramadan and/ or create a discussion on the pluralism.( we are willing to help with ideas as well)

Please let me know as soon as you can

To whom it may concern,

I am pleased to recommend Hanif Mohebi for a position on the Human Relations Commission. As the President-Emeritus of the San Diego Unified School District, I have worked directly with Hanif Mohebi on several occasions.

I have personally seen him work tirelessly in the San Diego Community for the past six years to promote religious/cultural tolerance and understanding but also justice and equality for all those who live in the United States. In addition, Hanif has also joined the Office of Race/Human Relations and Advocacy in promoting equitable educational opportunity for all students and preparing them to succeed in a culturally diverse society.

Hanif has also spoken at several of our schools within the district to educate students on Islamophobia and has led workshops for students and teachers to better identify instances of bullying. Finally, Hanif Mohebi has also partnered with the district in mediating situations in schools that involve discrimination and other behavioral issues.

With his experience in dealing with issues of cultural diversity, and dedication to the well-being of all San Diegans, Hanif would make an excellent addition to the Human Relations Commission. There is no doubt in my mind you will be pleased to have him on the Human Relations Commission. If you would like to ask me any questions, please do not hesitate to contact me.

Sincerely, Kevin Bieser

Greetings, Stan and Marco!

Stan, great to see you again last night, and very much looking forward to working with you on implementing the strong start that's already planned with our **CAIR's Education Committee to Address Islamaphobia!**

Marco, thanks so much for your time on the phone --- great to "meet" you :-)

I'm sure that you both are "beyond busy" and wanted to make sure you know there are many of us in the community who are energetically supporting the District's efforts in the areas of

**Addressing Islamaphobia,**

**Restorative Practices,**

**Restorative Justice, and**

**Trauma-Informed Care** --- and to help connect you by e-mail, in case you aren't already!

So that you'll have their e-dresses handy for moving forward with CAIR/ Addressing Islamaphobia, I'm including Hanif Mohebi, Lallia Allali, Dr. Simone Arias, and Dr. Valerie Shields. (There are MANY others who have been very active and supportive, as well, as you saw from our diverse group of speakers last night :-)

I'm attaching the description of **Compassionate Comprehension with the Common Core** (I gave you a hard copy last night), so that you'll have it electronically, as well.

And, since I mentioned that Godwin Higa, Principal of Cherokee Point Elementary, has graciously offered to train staff in the implementation of their powerful **Peace Path** (the green sheets I gave you last night), I'm including his e-dress in this message as well :-)

I wanted to also "put on your radar" the forth-coming **School Climate Bill of Rights** (SCBoR), which includes Restorative Practices, Restorative Justice, and Trauma Informed Care. The SCBoR is being sponsored by Richard Barrera (presentation at Board meeting not yet scheduled). Our Peace Promotion Momentum Team (PPMT) of Mid-City CAN has been working on the SCBoR for many months now. I'm including Sandra Rodriguez, organizer for PPMT, and our two community Co-Chairs, Kindra Green Carson and Larissa Galeana, so that you'll have their e-dresses handy.

Till soon, I'm sure! Blessings,  
 Linda K. Williams :-)

This is a follow up to our phone call on March 28th. We discussed our plans going forward to implement measures ensuring that schools are safe learning spaces for each and every student; that bullying is not tolerated in any form.

Our plans include several steps over multiple years that include data collection, professional development and support resources being provided. While the details for the implementation of these plans are currently being developed, one thing is clear: you, and your organization---CAIR are key partners in any of our next steps. I look forward to continuing to

partner with you in our next steps. We will be adding additional support to our Family, Community and Youth Engagement Department as we move into our next phase of implementation.

Our Power Point for April 4th outlines our Immediate Steps to Action including steps before school starts in August 2017 and our steps over multiple years. We made several changes to the Power Point for tomorrow night after you spoke with Linda. One of the changes was to add on Page 9: "Explore and engage in formal partnerships with the Council on American-Islamic Relations (CAIR)." You will also see that one of our items over multiple years is to provide a series of professional development opportunities for staff related to awareness of advocacy for Muslim culture. We also plan to provide practical tools for educators regarding Islamic religious practices and accommodations in schools. You are a very important partner as we move forward.

Dear Linda  
(copying Cindy, and Stacy)

April 4<sup>th</sup> is coming up really soon, I am concerned that we have not discussed details of an MOU, partnership or any understanding. I gave you my comments on the draft presentation you had, and have not heard anything yet. I understand that its Spring Break, however April 4<sup>th</sup> meeting is coming up and we need to be on the same page before

the meeting. If we don't have time to have a full MOU drafted, we do have time to be on the same page in regards to our partnership and how much we want to invest in this project to serve our students better.

Are we coming on April 4<sup>th</sup> as a partner or as just a community organization?

Please let know. Anyone of you can call me at my cell 858-774-9991. Best wishes and regards.

First, I want to clarify first if the team is still planning to come over tomorrow for a brief conversation. Please let me know if that is still possible. I have held the block of 8:00-10:00 for tomorrow.

Once I know that I will look at other possible options in my schedule.

Given the "Muslim Ban 2.0" and all the activities around it. We have not been able to have any major progress in our planning. I will come to your office just to spend a little time with you and update you on where we are. But I think a full meeting will be a waste of time for us all.

Please give me the exact time and address you would like me to come see you tomorrow. We can have a short meeting. Thanks.

**Subject:** Addressing Islamaphobia Updates for Linda Trousdale and Team, and Art Therapy... Music Therapy?? :-) + UCSD :- ( .....

Dear All --- (I know we have a MUCH larger list of those who have been active in various ways... just wanting to send this out to those who have been to some of our more recent meetings)

Lallia, you and I talked about how it would be great to at least let Linda Trousdale and her team know about what we've been up to since our meeting last week--- Here's my attempt to do so, with no pretense at being comprehensive!

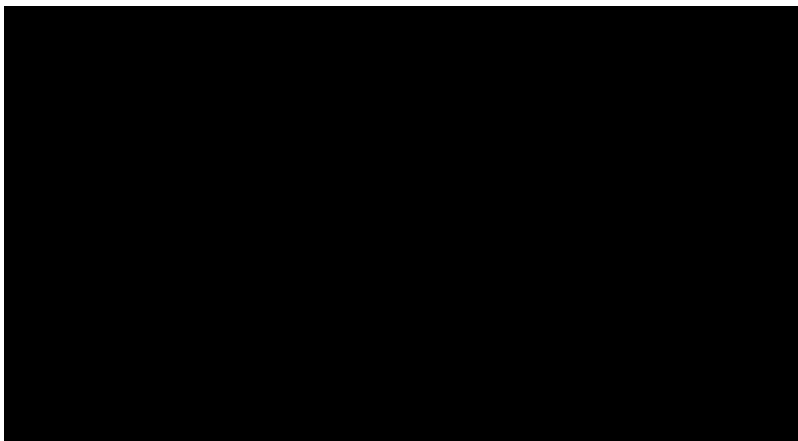

Linda T., do you know when in March the preliminary report needs to be ready? After last night's devastating cuts, I have no idea to what extent District business is "business as usual"... Empathy and prayers for all impacted. Hard to fathom!!

Some good news, though... The past week has been a flurry of e-mails and work on  
\* recommending texts for Teaching Kits at all levels -- we could even have a "show and tell" ready for your team soon, if desired  
\* wonderful groundwork laid for moving toward "Addressing Islamaphobia" classes which could be taken to earn CEU's, and  
\* identifying people who are interested in and available to speak to school staffs upon request.

How exciting that we have such a powerful community team whose members put so many hours into moving these important goals forwards.

Just a few minutes ago, I caught this on the news... it makes my heart ache... and it certainly underlines the crucial need for our efforts to help create a more compassionate, respectful society!!

Last but not least... Lallia, YES, put me down as a helper for your Trauma- Informed Art Therapy event on April 8! And, perhaps you might like to add some Music Therapy, too? ;- ) Just let me know!

This could be a model for what else could be recommended to the District as well!!

Blessings to all,

Thanks Valerie for sharing, I have been thinking on venues to help Muslim children to support them psychologically and finally I settled on art, so I am planning an Art Therapy event at the Mosque where children can release all their negative emotions of fear, anxiety and uncertainty. It's on April 8th, if any would like to help, let me know?

Hanif,

I wanted to reach out to you today to discuss a concern I received from a Muslim family as well as share with you how the FACE team has responded. Below is the email we received from the parent. Since this email, we have met with the parent as well as began the planning of a community forum event I believe you and your team should be a part of. I am hopeful that we are able to connect today.

On another note, I have been reaching out to community partners to dialogue with them about the state of our district under these uncertain and what now seem to be challenging times. Thank you for your commitment to the students and families of San Diego and I look forward to chatting with you again.

Dear Ms. Merino,

My son is a kindergartener at La Jolla Elementary School and I am writing in support of students and families in our community who are impacted by the recent travel ban imposed by the Trump administration. Do San Diego Public Schools have a plan to actively support Muslim, refugee and immigrant children and their families?

I hope the administration has in place some concrete and clearly expressed ways that the most vulnerable in our community will find a safe space in all San Diego Public Schools. Also, are there specific opportunities through the schools for families to provide support to these populations?

I look forward to your response.

The link for the refugee story I shared about at the end of the meeting is here: <https://youtu.be/Eyd9jaZnh4U>

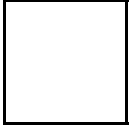

It is the 2/8/17 episode of Vice News Tonight on HBO, and the refugee story begins around 5:50. The interesting direct interview with a refugee begins around 9:00.

SHARING/ USING LALLIA'S GREAT LIST OF BOOKS FOR PROMOTING AMERICAN-ISLAMIC HARMONY

As far as "avenues for action" to suggest to those who want to bring about change for the better,

I'm seeing this great list as a springboard for recommending that

- \* students could read and respond to the books (perhaps for extra credit, if not as a whole class assignment)
- \* teachers/ counselors/ administrators/ parents could use them as read-alouds
- \* the books could be used to develop awareness of emotions, and increase empathy by having students answer some or all of the **Compassionate Comprehension with the Common Core** key questions
- \* this list could be used by parents/ teachers/ administrators/ librarians (both school/ Instructional Media Center, and Public Librarians) to order what they don't have
- \* Book displays could be set up at numerous venues (e.g., in libraries, at events dealing with addressing Islamaphobia, at the Education Center... etc.!).

And, of course, one multi-part way of making a difference would be for concerned people to reach out to everyone in their networks to share this book list and encourage parents/ teachers/ administrators to use the books in as many ways possible. :-)

\*\*\*\*\*

Once we have determined which books are already in the collections at

\*\* IMC

\* school libraries (which are priorities?) ...

With the help of Linda Trousdale and her team, disseminate the lists, with the recommendations that the books be used in a variety of ways (see ideas above.

Share other texts as available:

\* Taxi!

\* Labib's Cafe

Similarly, links for helpful videos addressing Islam/ Islamaphobia can be shared with SDUSD employees and parents, as well.

**Subject:** CAIR at Logan on Thursday

Hi Tony,

A volunteer at the school let me know that a speaker from CAIR is presenting to 7th and 8th graders at Logan on Thursday. Is this something that I would be able to cover on KPBS? It would be for both radio and television.

Thank you,

Megan

Hello Hanif,

Thank you so much for volunteering to present this very important information. If you, Aamna, and Mariam are available to meet for 30-40 minutes on Thursday, January 12th (Wiggin) in the afternoon to review the entire presentation, that would be very helpful. Also, the powerpoint presentations can be sent to me so we can upload them for all of the conference participants before the Jan. 18th conference. Of course, Kamal is always welcome!

Hi Brian,

I hope you are well. I was wondering if you had a chance to touch base with Kamal again to see if he still showed interest in the presentation. I did call and leave a message prior to Thanksgiving break but never heard back. On another note, I work with a Muslim school counselor at Kumeyaay who is interested in presenting. She could also talk about interventions and counseling. I also found out through her that Imam Taha's wife has done presentations at schools in the district. She said one of the principals at her site heard her speak and said she was great but she didn't know what the topic of her presentation was. I believe she is the chair of DELAC.

Hello Kamal and Aamna,

Our SDUSD school psychology department will host a Mid-Year Conference on Wed. January 18th. from 8:00am to 4:00pm at the Scripps Mesa Conference Center. The senior psychologists are working on scheduling various topics and speakers for the Conference. One topic we would like to cover is the CAIR report. We would like to have a speaker who can address the information, issues, concerns, recommendations, etc. in the CAIR report to the school psychologists. We would also like you, Aamna, and/or another school psychologist-counselor to also present information on relevant bullying programs and interventions that specifically address the concerns addressed in the CAIR report. In other words, we would like our school psychologists to first learn about the specific challenges our Muslim students face AND second what our school psychologists can specifically do about these challenges in their schools. We are looking at roughly around 90-120 minutes for this particular professional development presentation. If you have any questions, please contact me. I look forward to hearing from you soon. Thanks.

Thank you so much for volunteering to present this very important information. If you, Aamna, and Mariam are available to meet for 30-40 minutes on Thursday, January 12th (Wiggin) in the afternoon to review the entire presentation, that would be very helpful. Also, the powerpoint presentations can be sent to me so we can upload them for all of the conference participants before the Jan. 18th conference. Of course, Kamal is always welcome!

Hello Kamal and Aamna,

Our SDUSD school psychology department will host a Mid-Year Conference on Wed. January 18th. from 8:00am to 4:00pm at the Scripps Mesa Conference Center. The senior psychologists are working on scheduling various topics and speakers for the Conference. One topic we would like to cover is the CAIR report. We would like to have a speaker who can address the information, issues, concerns, recommendations, etc. in the CAIR report to the school psychologists. We would also like you, Aamna, and/or another school psychologist-counselor to also present information on relevant bullying programs and interventions that specifically address the concerns addressed in the CAIR report. In other words, we would like our school psychologists to first learn about the specific challenges our Muslim students face AND second what our school psychologists can specifically do about these challenges in their schools. San Diego Unified School District Community Members and Partners,

Our 3rd Equity Coalition Meeting is scheduled for:

Time: 4:30 pm

Date: Monday, January 23, 2017

During our upcoming meeting our Equity Ambassadors will share with us their experiences in our schools and will challenge our community members to develop an action plan on ways we will collectively support the needs of ALL of our children during this contentious time.

Please join senior leaders from across the city, district leaders, and student leaders as we come together to bring our collective voices forward in an effort to work collectively on this Equity Coalition Topic: Post-Election Climate in Schools.

Please call me directly at 619-381-0779 if you would like to talk in more detail before the meeting. Please respond with an RSVP email to mbeltran@sandi.net.

Time: 4:30 pm

San Diego Unified School District Community Members and Partners,

Our 3rd Equity Coalition Meeting is scheduled for:

Time: 4:30 pm  
Date: Monday, January 23, 2017  
Site: Mission Bay High School

As you are aware, these are difficult and uncertain times in our schools. Following the Presidential Election SDUSD responded to students in a loving and caring way by reminding everyone that our school communities will continue to be spaces of safety and security. During our upcoming meeting our Equity Ambassadors will share with us their experiences in our schools and will challenge our community members to develop an action plan on ways we will collectively support the needs of ALL of our children during this contentious time.

Please join senior leaders from across the city, district leaders, and student leaders as we come together to bring our collective voices forward in an effort to work collectively on this Equity Coalition Topic: Post-Election Climate in Schools.

Please call me directly at 619-381-0779 if you would like to talk in more detail before the meeting. Please respond with an RSVP email to [mbeltran@sandi.net](mailto:mbeltran@sandi.net).

Time: 4:30 pm  
Date: Monday, January 23, 2017  
Site: Mission Bay High School

We will e-mail out the finalized version of the agenda on Wednesday January 18th. Thank you for all you do to serve San Diego's children and families.

Hi Stanley,

Thank you for your e-mail; I will do my best to attend...I'm waiting to find out about a presentation that I may be offering that day. If I'm not offering it, then I will come to the meeting.

In the meanwhile, you may already be familiar with this free, community event (which will take place tomorrow evening here in North Park)...yet, could you please look the event flyer/press release over and consider sending it to your community stakeholders, please?

Right now, online registration for this event has desisted; this is because we're, technically, sold out. However, if you or one of your colleagues wishes to attend, let me know via e-mail and I'll place them on a special guest list to ensure that they can get in.

Thank you, Stanley. Best wishes\*

Sincerely,

Hi Brian,

I hope you are well. I was wondering if you had a chance to touch base with Kamal again to see if he still showed interest in the presentation. I did call and leave a message prior to Thanksgiving break but never heard back. On another note, I work with a Muslim school counselor at Kumeyaay who is interested in presenting. She could also talk about interventions and counseling. I also found out through her that Imam Taha's wife has done presentations at schools in the district. She said one of the principals at her site heard her speak and said she was great but she didn't know what the topic of her presentation was. I believe she is the chair of DELAC.

Hanif Mohebi from CAIR has confirmed this date for a presentation to middle school students.

All agreed?

This is for Feb. 2. . .NOT January 19, as originally suggested.

We can do this in the cafeteria.

Hanif would like a microphone & projector.

Thanks.

Mick Rabin, Youth Advocate from the school district who did the diversity training last year, would like to attend.

- Muslim Student Supports
- And any other information as it pertains to our unique and diverse students and family community

2. What are the Logistics?

One part of the event is a resource fair, and each participating organization or department will have one table, which will be provided for you.

Participants will need to arrive in advance of the event (no later than 2:30 pm) due to limited parking, and be prepared to stay through the event, which will be from 4:00-6:00pm. Dress warmly!

3. How DO I RSVP my attendance and resources I can provide for the Event? And By When?

If you or your department plans to attend the resource fair and provide information, resources and/or tools that the community will need, please email [FACESDUSD@GMAIL.com](mailto:FACESDUSD@GMAIL.com)<mailto:FACESDUSD@GMAIL.com> with the following information no later than Friday, December 9th:

Hi Brian,

I hope you are well. I was wondering if you had a chance to touch base with Kamal again to see if he still showed interest in the presentation. I did call and leave a message prior to Thanksgiving break but never heard back. On another note, I work with a Muslim school counselor at Kumeyaay who is interested in presenting. She could also talk about interventions and counseling. I also found out through her that Imam Taha's wife has done presentations at schools in the district. She said one of the principals at her site heard her speak and said she was great but she didn't know what the topic of her presentation was. I believe she is the chair of DELAC.

Hello Kamal and Aamna,

Our SDUSD school psychology department will host a Mid-Year Conference on Wed. January 18th. from 8:00am to 4:00pm at the Scripps Mesa Conference Center. The senior psychologists are working on scheduling various topics and speakers for the Conference. One topic we would like to cover is the CAIR report. We would like to have a speaker who can address the information, issues, concerns, recommendations, etc. in the CAIR report to the school psychologists. We would also like you, Aamna, and/or another school psychologist-counselor to also present information on relevant bullying programs and interventions that specifically address the concerns addressed in the CAIR report. In other words, we would like our school psychologists to first learn about the specific challenges our Muslim students face AND second what our school psychologists can specifically do about these challenges in their schools. We are looking at roughly around 90-120 minutes for this particular professional development presentation. If you have any questions, please contact me. I look forward to hearing from you soon. Thanks.

Hi Brian,

I hope you are well. I was wondering if you had a chance to touch base with Kamal again to see if he still showed interest in the presentation. I did call and leave a message prior to Thanksgiving break but never heard back. On another note, I work with a Muslim school counselor at Kumeyaay who is interested in presenting. She could also talk about interventions and counseling. I also found out through her that Imam Taha's wife has done presentations at schools in the district. She said one of the principals at her site heard her speak and said she was great but she didn't know what the topic of her presentation was. I believe she is the chair of DELAC.

Hello Kamal and Aamna,

Our SDUSD school psychology department will host a Mid-Year Conference on Wed. January 18th. from 8:00am to 4:00pm at the Scripps Mesa Conference Center. The senior psychologists are working on scheduling various topics and speakers for the Conference. One topic we would like to cover is the CAIR report. We would like to have a speaker who can address the information, issues, concerns, recommendations, etc. in the CAIR report to the school psychologists. We would also like you, Aamna, and/or another school psychologist-counselor to also present information on relevant bullying programs and interventions that specifically address the concerns addressed in the CAIR report. In other words, we would like our school psychologists to first learn about the specific challenges our Muslim students face AND second what our school psychologists can specifically do about these challenges in their schools. We are looking at roughly around 90-120 minutes for this particular professional development presentation. If you have any questions, please contact me. I look forward to hearing from you soon. Thanks.

Hello Br. Hanif,

I will be sending you information about a mid-year conference of School Psychologists at San Diego Unified School district.

The conference is on January 18, 2017. I spoke to Sister Lalia and thought to touch base with you as well.

They would like a presenter, who will go over the CAIR Report, Sr Lallia will present the work that she has been doing with her team and a school psych and a counselor will go over the intervention piece.

I hope you can make it.

Subject: Presentation-CAIR Report on Muslim Students

Hello Kamal and Aamna,

Our SDUSD school psychology department will host a Mid-Year Conference on Wed. January 18th. from 8:00am to 4:00pm at the Scripps Mesa Conference Center. The senior psychologists are working on scheduling various topics and speakers for the Conference. One topic we would like to cover is the CAIR report. We would like to have a speaker who can address the information, issues, concerns, recommendations, etc. in the CAIR report to the school psychologists. We would also like you, Aamna, and/or another school psychologist-counselor to also present information on relevant bullying programs and interventions that specifically address the concerns addressed in the CAIR report. In other words, we would like our school psychologists to first learn about the specific challenges our Muslim students face AND second what our school psychologists can specifically do about these challenges in their schools. We are looking at roughly around 90-120 minutes for this particular professional development presentation. If you have any questions, please contact me. I look forward to hearing from you soon. Thanks.

I will not be there and will need to check with staff. Our programs don't directly address a lot of concerns that this event is focused on. We do a lot of social emotional in a general sense and I think you need to get key services that address immigrant rights, LGBTQ concerns, etc... I'll check around. I think where you will find our support is mobilizing resources through our community collaborative work and the mobilizing of parents and families in Crawford Cluster (if we get the transportation from the district). I'll follow up with Lucia on the latter.

Hi Brian,

I hope you are well. I was wondering if you had a chance to touch base with Kamal again to see if he still showed interest in the presentation. I did call and leave a message prior to Thanksgiving break but never heard back. On another note, I work with a Muslim school counselor at Kumeyaay who is interested in presenting. She could also talk about interventions and counseling. I also found out through her that Imam Taha's wife has done presentations at schools in the district. She said one of the principals at her site heard her speak and said she was great but she didn't know what the topic of her presentation was. I believe she is the chair of DELAC.

Hello Kamal and Aamna,

Our SDUSD school psychology department will host a Mid-Year Conference on Wed. January 18th. from 8:00am to 4:00pm at the Scripps Mesa Conference Center. The senior psychologists are working on scheduling various topics and speakers for the Conference. One topic we would like to cover is the CAIR

report. We would like to have a speaker who can address the information, issues, concerns, recommendations, etc. in the CAIR report to the school psychologists. We would also like you, Aamna, and/or another school psychologist-counselor to also present information on relevant bullying programs and interventions that specifically address the concerns addressed in the CAIR report. In other words, we would like our school psychologists to first learn about the specific challenges our Muslim students face AND second what our school psychologists can specifically do about these challenges in their schools. We are looking at roughly around 90-120 minutes for this particular professional development presentation. If you have any questions, please contact me. I look forward to hearing from you soon. Thanks.

I will be sending you information about a mid-year conference of School Psychologists at San Diego Unified School district.  
The conference is on January 18, 2017. I spoke to Sister Lalia and thought to touch base with you as well.  
They would like a presenter, who will go over the CAIR Report, Sr Lallia will present the work that she has been doing with her team and a school psych and a counselor will go over the intervention piece.  
I hope you can make it.

Thanks,

**Subject: Addressing Islamophobia/Bullying in SDUSD**

**Reply-To:** Linda Williams

< Redacted >

Good morning, Ms. Marten and key players in our District's efforts to eradicate Islamophobia/ Bullying in the SDUSD, (Please feel free to share with others :-)

Here's what I would have said at the mic at last night's Board Meeting, had there been time:

RECOMMENDATIONS TO THE SCHOOL BOARD/  
SUPERINTENDENT  
RE: BULLYING EXPERIENCED BY SOME OF SDUSD'S  
MUSLIM STUDENTS:

**KEY POINTS:**

Interweave with our District's actions to implement **Restorative Practices, Restorative Justice**, and use of a **Trauma-Informed Lens** in the following ways:

- 1. Connection on each Campus---** Identified "Safe Persons" known by Muslim students
- 2. Classroom Community-Building Circles** topics to address Islamophobia / bullying based upon religion, in each classroom
- 3. Restorative Conflict Resolution Processes** implemented on each campus
- 4. The use of True Stories** to touch hearts

A few comments about each of the above:

**1. CONNECTION/S ON CAMPUS/ SAFE PERSON/S**

At each site, have at least one readily-accessible adult be identified clearly to the students as a "**safe person**" to whom Muslim students can go (similar to LGBTQ students knowing to whom they can go). This is especially important if the student's teacher has been a source of disrespect (as cited in the CAIR Report). Those identified "safe persons" could wear lanyards similar to those created with the LGBTQ students' needs in mind. Ideally, those "safe persons" could develop a relationship with the students and their parents so that the students truly do feel comfortable approaching them when needed.

USE OF TRAUMA-INFORMED LENS: ideally, the above person/s would be trained in compassionately using a trauma-informed lens as they address the student's needs.

**2. In Classroom Community-Building Circles** (a Restorative Practice recommended as a Tier 1 intervention throughout the District), address specific concerns with **talking topics** such as:

- Have you ever been bullied --- or seen anyone bullied --- as a result of your/ their religion?
- Have you ever been disrespected --- or seen anyone disrespected --- as a result of your/ their religion?
- What happened, and how did you and the others feel about that situation?
- Have you ever stepped in to be known as an ally of someone being bullied because of their religion?

PLEASE NOTE: The Circle Process is also crucial when there is a need to address harm--- it would then be used in a **Restorative Healing Circle** manner. Training and coaching are definitely needed more widely in our District for this to be implemented at each site!

**3. RESTORATIVE CONFLICT RESOLUTION**, bringing victims and offenders together to "make things as right as possible" so that a mutually-respectful, caring relationship can result from the process. In addition to the Restorative Healing Circles mentioned above, two readily-available examples:

A. Use **Cherokee Point's Peace Path** when conflicts arise-- this was created by teachers at Cherokee Point Elementary, based upon their training in Restorative Justice, and has been graciously offered by Principal Godwin Higa (PLEASE SEE PHOTOS ATTACHED) The Peace Path provides a clear visual, with succinct instructions on how to proceed in bringing victims and offenders together to solve problems in a Restorative manner

B. **Discipline that Restores** is a powerful approach ---by the Claassens, who provided Restorative Practices/ Justice trainings in City Heights--- with rich resources available (I GAVE EACH BOARD MEMBER AND CINDY THE YELLOW CARD WHICH GOES WITH THIS).

Training is available, and has been attended by several SDUSD staff (and one is working on becoming a trainer, herself :-)

There are also two books available --- **Disciple that Restores**, and **Making Things Right**, plus **posters**, and the **bright yellow business-card sized reminder** of 4 options for handling conflict.

PLEASE NOTE: Discipline that Restores also provides Restorative Practices which help create respect, cooperation, and responsibility--- i.e., a school culture which helps prevent harm being done/ the need for Restorative Justice.

#### **4. Use STORIES to touch hearts--- (ideally, discussing in a Classroom Circle)**

Only a few examples:

\* **The Grand Mosque of Paris: A Story of How Muslims Rescued Jews During the Holocaust** -- this is the book which Lallia gave last night to each Board Member and Superintendent (*Linda T., Lallia gave me a copy for you, too! Looking forward to connecting at your convenience :-)*

\*\* **Stories from CAIR**-- true stories of the disrespect and bullying that Muslim students have experienced; many heartbreaking stories are included in the documents you've been given--- unfortunately, I'm sure that Muslim students and parents can add even more.

\* 2 Stories from **Chicken Soup for the Soul: Stories for a Better World**, wherein Islamophobia addressed and dealt with in a positive way (STORIES ATTACHED)

--- "Taxi!" (Please note: This transformative experience was related to me by a parent in our District!)

--- "Labib's Cafe" (Please note: In the post-9-11 anti-Muslim hysteria, the attackers most likely didn't even know if the Egyptian coffee house was run by Muslims; that is not stated in the story)

And, use thought-provoking questions to explore the true stories more deeply --- ideally, in a classroom circle ---

offered in **Compassionate Comprehension with the Common Core** --- by Linda K. Williams / (many resources available: **Redacted** ; new resources include using a **Trauma-Informed Lens**) with stories involving the experiences of Muslims:

**CC/CC KEY QUESTIONS to be introduced in "Read Aloud/ Think Aloud" sessions**

**Along with each of the 5 Key Questions include the question: "What is your proof/ evidence from the text?"**

|              | <b>5 Key Questions</b> (to use with texts of your choice)                         |
|--------------|---|
| Question # 1 | How did the character/ person feel, and why?                                      |
| Question #2  | What was the harm/ trauma caused? (Who was hurt, and how?)                        |
| Question #3  | What did anyone do to demonstrate Compassion or employ Restorative Justice?       |
| Question #4  | What (else) would you do to demonstrate Compassion or employ Restorative Justice? |
| Question # 5 | What were the character's/ person's unmet needs?                                  |

Blessings to all, as we seek to work together to

"Protect Our Kids!"

Peace, Linda K. Williams :-)

Hello dear ladies

Thank you so much for showing an interest to join the subcommittee on countering bullying of Muslim students in public schools. The study done by the Council on American Islamic Relations( CAIR) reveals alarming findings, 55% of Muslim students are either verbally, socially, physically or cyber bullied just because they are "Muslims". As teachers, principals and counsellors, your knowledge and experience can surely help us create efficient ideas and measures to foster a safe environment for all students including the Muslims. Our team will help provide practical steps to the superintendent to counter bullying of Muslim students.

On Wednesday August 31st @ 10:30 am we will hold our first meeting at the Islamic Center of San Diego.( 7050 Eckstrom Ave, San Diego CA 92111)  
Thanks, your help is highly appreciated and looking forward to see all of you.

Want to ask Cindy about the following?

Congratulations to CAIR San Diego!

On behalf of the thousands of Muslim students and families we serve in the San Diego Unified School District, thank you for the important work done by the Council on American-Islamic Relations in San Diego. I also want to extend my personal congratulations on reaching this milestone celebration — your 11th annual banquet. May the Council continue to grow and prosper for many years to come.

As the largest non-profit, grassroots civil rights organization for the Muslim community in America, CAIR serves a vital role in the national life of our country. Locally, we value your strong advocacy for the rights of our Muslim students. We appreciate your commitment to our shared goal of helping our Muslim students — and all students — find their unique voice in our society.

San Diego Unified School District is an amazing network of students, parents, teachers and administrators working together for quality schools in every neighborhood. We are also called on to be San Diego unifiers, bringing our city together to accomplish what is in the best interest of our children. In that shared spirit of peace and understanding, we say thank you to CAIR San Diego for your partnership. We look forward to many years of strong work together to advance justice and challenge hate. Thank you!

Sincerely,

###

Hello dear ladies

Thank you so much for showing an interest to join the subcommittee on countering bullying of Muslim students in public schools. The study done by the Council on American Islamic Relations( CAIR) reveals alarming findings, 55% of Muslim students are either verbally, socially, physically or cyber bullied just because they are "Muslims". As teachers, principals and counsellors, your knowledge and experience can surely help us create efficient ideas and measures to foster a safe environment for all students including the Muslims. Our team will help provide practical steps to the superintendent to counter bullying of Muslim students.

On Wednesday August 31st @ 10:30 am we will hold our first meeting at the Islamic Center of San Diego.( 7050 Eckstrom Ave, San Diego CA 92111)

Thanks, your help is highly appreciated and looking forward to see all of you.

Hey Marty, I know we are still working on the LCAP reporting plan for the coming year, but Cindy mentioned we might respond to the Islamic bullying issue as part of the safe climate discussion. Can you discuss with Staci and see if we want to add it to our list of items we want to report on at the appropriate time?

Let me know if you want to discuss. Thank you!

***INVITATION TO BE OUR SPECIAL GUEST***  
**for the 9th Annual**  
**Council on American Islamic Relations-San Diego Banquet**

On behalf of the Council on American-Islamic Relations San Diego Chapter (CAIR-San Diego), I have the pleasure of extending you an invitation to attend our 9th Annual Banquet in the Serra Mesa area of San Diego, California. This exciting program will be held on Saturday, November 22, 2014 from 6:00PM to 8:00PM at the Four Points Sheraton. We are proud to say that last year, our banquet attracted over 450 attendees.

*CAIR is the largest non-profit, grassroots organization serving the Muslim community in America, and is dedicated to presenting an Islamic perspective on issues of importance to the American public. In offering that perspective, we seek to empower the Muslim community in America through political and social activism. While based in Washington, D.C., CAIR has 30 chapters in 20 states across America.*

This year, the theme of our banquet is “Rooted in Faith, Growing Through Service”. We are pleased to announce our keynote speakers will be Dr. Yasir Qadhi, who in addition to being the Dean of The AlMaghrib Institute, also teaches Religious Studies at Rhodes College in Memphis, Tennessee; along with Linda Sarsour, and Corey Saylor (for more details check the poster below). Invited guests include various local public officials, interfaith leaders, and community activists.

As the American Muslim population in San Diego County, numbering over 120,000, becomes more politically and socially involved, it is important that we have the support of individuals like yourself. We humbly request your presence at our Banquet. Please accept my highest regards and I look forward to seeing you there.

Please RSVP as soon as possible by contacting CAIR-San Diego at (858) 278-4547 or email Terri Smith, [tsmith@cair.com](mailto:tsmith@cair.com).

If you have any questions, do not hesitate to contact our office.

We request all awards, proclamations, recognitions, greetings, sponsorships, and advertisements to be send to our office no later than November 12, 2014 so we can publish it in our Souvenir Program Booklet. Last year, CAIR-San Diego received nine (9) awards for its outstanding work from Congress, the State of California, and the City of San Diego.

**Note:** You can purchase your [tickets online](#) for \$35 per peron or a table of 10 for \$350. However if that is not possible, just inform us and we will honor your attendance with no required tickets (let us know what option works for you). Representatives from law enforcement agencies are encouraged to attend uniform.

I look forward to attending, and plan on bringing a PROCLAMATION recognizing CAIR for your work supporting students in San Diego Unified Schools.

As an elected official, we usually have our meals for such events complementary from the host or a sponsor who has a table at the event.

Since I attend such events several times a week it is cost prohibitive for me to attend with out being comped—as I have in the past few years at the CAIR banquet.

Who do I need to contact to get 2 tickets?

P.S. I added my district email, please add it to your personal contacts and email me via this email to reach me directly. It is easier to reach me on my work email, it does contain mostly work and related emails. My Yahoo email receives a lot of spam and junk mail that I missed many of your previous emails.

DRAFT MEDIA ADVISORY

CAIR-CA: Calif. Muslim Group to Release Report on Bullying

(ANAHEIM, CA, 12/17/13) – On Wednesday, December 18, the California chapter of the Council on American-Islamic Relations (CAIR-CA) will hold simultaneous news conferences in \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_ to release a first-of-its-kind report documenting bias-based bullying of American Muslim students in that state's schools.

The new report, "Growing in Faith: California Muslim Youth Experiences with Bullying, Harassment and Religious Accommodation in Schools," is based on a statewide survey of almost 500 Muslim students, ages 11 to 18. They were asked questions about their relationships with peers and teachers, as well as their comfort levels participating in discussions about Islam and Muslims.

WHAT: CAIR-CA to Release Report on Bullying of Muslim Students

WHEN: Wednesday, December 18, Noon

WHERE: CAIR Offices in \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_

CONTACT: CAIR-SFBA Executive Director Zahra Billoo, 408.986.9874, E-Mail: [zbilloo@cair.com](mailto:zbilloo@cair.com); CAIR-LA Communications Coordinator Yasmin Nouh, 714.776.1847, E-Mail: [ynouh@cair.com](mailto:ynouh@cair.com); CAIR Executive Director Hanif Mohebi, 858.278.4547, E-Mail: [hmohebi@cair.com](mailto:hmohebi@cair.com); CAIR Executive Director Basim Elkarra, 916.441.6269, E-Mail: [belkarra@cair.com](mailto:belkarra@cair.com)

"Being called 'terrorist' or 'Bin laden' is still a reality for many American Muslim students," said CAIR-LA Civil Rights Manager Fatima Dadabhoy, one of the authors of the report. "Throughout the course of this study, we were alarmed to find that many Muslim students didn't even deem this as a form of bullying. Through this report, we hope to show that a decision to dismiss mistreatment as a natural consequence of being Muslim in America, or simply part of growing up, is unacceptable and normalizes a toxic school environment."

"Too often we find that parents and teachers don't know how to adequately address bias-based bullying of American Muslim students," said Rachel Roberts, civil rights coordinator for CAIR's Northern California offices. "We hope this report will shed light on the resources available to parents, teachers, and students in order to effectively and proactively address school bullying."

The report also shares anecdotes from CAIR-CA's case files to highlight the problems reported to the civil rights organization's offices and includes information about recent changes to the law because of high-profile cases of extreme school bullying.

Additionally, the report provides information for parents about how to request religious accommodation for their child and a list of resources that parents can use to learn more about the issues children face at school.

CAIR-CA is a chapter of CAIR, America's largest Muslim civil liberties and advocacy organization. Its mission is to enhance the understanding of Islam, encourage dialogue, protect civil liberties, empower American Muslims, and build coalitions that promote justice and mutual understanding.

-----  
Dear Agin Shaheed

On behalf of the Council on American-Islamic Relations San Diego Chapter (CAIR-San Diego), I have the pleasure of extending you an invitation to attend our 8th Annual Banquet in the Serra Mesa area of San Diego, California. The program will be held on Sunday, December 8, 2013 from 6:00PM to 9:30 PM at the Four Points Sheraton. Our banquet attracted over 400 persons last year.

CAIR is the largest non-profit, grassroots organization serving the Muslim community in America. CAIR is dedicated to presenting an Islamic perspective on issues of importance to the American public. In offering that perspective, we seek to empower the Muslim community in America through political and social activism. While based in Washington, D.C., CAIR has chapters in major cities across America.

This year, the theme of our banquet is "Faith in Freedom". Our keynote speakers will be Sheikh Yassir Fazaga and Max Blumenthal (for more details check below for the poster). Invited guests also include various local public officials, interfaith leaders, and other community activists.

As the American Muslim population in San Diego County, numbering almost 100,000 becomes more politically and socially involved, it is very important that we have the support of individuals like you. We humbly request your presence at our Banquet. Please accept my highest regards and I look forward to seeing you there.

Please RSVP as soon as possible by contacting CAIR-San Diego at (858) 278-4547 or email me at [hmohebi@cair.com](mailto:hmohebi@cair.com). If you have any questions, do not hesitate to contact me at the same number or email me.

**Note:** There is no requirement for special guests to buy tickets, however if that is what your office feels comfortable with, you can purchase [tickets online for \\$35 per person](#) (kindly let us know if you choose this option). Furthermore we request all greetings, proclamations, recognitions, awards, sponsorships, and advertisements to be send to our office no later than November 25, 2013 so we can publish it in our Souvenir Program Booklet.

Subject: Please RSVP for our VIP Sharing Ramadan with our Neighbors

Dear Agin Shaheed,

(Agin you feel free to invite anyone from the Unified School Board as well, this is a special event only for public officials, inftraith, and leaders only) As Muslims, we are currently observing the holy month of Ramadan, in which we fast from food and drink from dawn to sunset. It is a joyous time for us to reflect on life and spend quality time with friends and family.

In an effort to increase positive relationships amongst the community, CAIR-San Diego and MAS PACE San Diego have started their first "Sharing Ramadan Iftar with Neighbors" Campaign. In reaching out to the San Diego Muslim community, we asked the following questions: "Do you know the names of your neighbors? Do you think they'd consider you to be a great neighbor? And do you think they have a better view of Islam and Muslims because of you?" Ramadan is the perfect time to reach out to your neighbors and tell them a little about yourself. A simple act of kindness, like inviting your neighbor to eat dinner with you, can go a long way, and it shows your neighbors that you care about them and those around you.

To support our Sharing Ramadan Campaign, we would like to jointly extend a special invitation to you to share a Ramadan Iftar with us on Tuesday, July 23, 2013 at 6:00 p.m. This event is a way for us to show our appreciation to the special community members and public officials that have made a positive impact in San Diego. Your work has not gone unnoticed, and we would like to take this opportunity to break fast and share a meal with you during the holy month of Ramadan.

The Iftar event will be held at the Four Points Sheraton, at 8110 Aero Drive, San Diego, CA 92123. Please RSVP by July 15th by respond to this email with full name and contact of individuals that would like to attend. Great article...just a few more changes.

Please refer to: Second page, first paragraph - please insert the following after "Agin transitioned into atheism." Agin was the director of the U.S. Naval Pacific Fleet Minority Affairs Human Relations Program when this transition occurred."

Second page, please re-type the second paragraph to read as follows:..."He was the first black man to serve in such a powerful role in the school district, especially in a time and place where race relations were rocky to say the least. To boot, he worked on issues relating to African American males in the school system, which was an area that in Agin's school career he identified with and believed important enough to get out of his comfort zone and get involved with...

Third paragraph: Delete sentence starting with..."To boot, he worked on issues relating to African American males in the school system, which was an area that in Agin's school career he identified with and believed important enough to get out of his comfort zone and get involved with."

NOTE: The "To boot"...sentence was just in the wrong paragraph.

Thanks Sadaf! Let me know if it makes sense.

Subject: RE: Article for Black History Month

Shaheed needs to be corrected throughout the article -correct spelling is AGIN SHAHEED.

Third paragraph - "His great grandfather James Nelson Ervin was a co-founder and first dean for 25 years of Jarvis Christian College in the early 1900's."

Sixth paragraph - The Nation of Islam (NOI) in San Diego although a very educated and prestigious group of people was inclusive of the nationalistic concerns felt so strongly by many of its followers, Agin included. Eventually, Agin shifted away from some of the philosophy of NOI and accepted the leadership of Imam Warith Deen Muhammad who renamed the community - The World Community of Islam in the West. Currently Agin has been a member of the Tabligh Community for the last 18 years. Agin admits that he is a combination of all his Islamic historical experience.

Seventh paragraph - Agin's grandfather, James MacFarlan, was the Assistant Superintendent of Attendance in the Los Angeles School District in the late 1940's.

Eighth paragraph - A unique opportunity presented itself when an advocacy program was introduced into the district and Agin applied as a Pupil Advocate for the Improvement and Achievement of African American males" ..

Eighth paragraph - ...To boot, he worked on issues relating to African American males in the school system, which was an area that in Agin's school career he identified with and believed important enough to get out of his comfort zone and get involved with.

Eighth paragraph - Agin started out as a marriage and family counselor intern.

Ninth paragraph - After years of hard work and dedication, Agin was selected to be the Program Manager for the Race Human Relations and Advocacy Program which he has headed for the last 13 years.

Ninth paragraph - The mission of the program is to "provide meaningful integration of the adult and student population of the school district through training of senior management, school sites, around the area of diversity and culture and looking at topics like 'isms,' - racism, sexism, gender bias, etc."

Hello! I'm glad you like it. Oh, I can't believe that! I looked over the article, and I'm not sure how that got in there. I'll correct it right away. Is there anything that Agin does not like or would prefer for us to not include? I want to make sure he is comfortable with it before anything goes out.

Thanks again!

Dear Agin,

Salaam. Edgar and I both went through the article, and tried our best to keep it true to your answers. The photo is just one that we pulled, so we can send a few for you to review. Can you take a look at this and see if its okay to send out. If there are any parts that you would not like to publish, just cross those parts out.

If you could get this back to me by the end of the day, that would be fantastic. If not, just get it back to me as soon as possible.

Dear Mr. Shaheed:

Despite your busy schedule, we hope that you will speak to the Rotary Club of Poway on Safe Schools and Anti-Bullying efforts in the San Diego Unified School District. Many of our members' children are enrolled in San Diego schools.

Unfortunately, I was not able to attend today's workshop on that subject, at which you presented opening remarks, but know that this is your area of expertise at SDUSD.

We meet at the Brigantine Restaurant every Wednesday, from 12:30 - 1:30, and have speaker openings on April 4, 18 and 25, and May 9, 16 and 23, 2012. Of course, we'd like you to be our guest for lunch, before speaking from 1:00 - 1:30.

Sincerely,

Salaam! In honor of Black History Month, I would like to do a special feature in each of our weekly e-newsletters for the month of February on valued members of our community. I would like to feature you in one of our articles, and I hope you say "yes"!

The feature will include a photo, a brief background on you and your work, and I would like you to answer the question: "What does being a Black Muslim in America mean to you?" I may have a few more questions or topics that I may ask you to discuss, but that is the basic premise of this project. I would like our readers and members to become aware of the value in hearing from individual communities within our larger San Diego Muslim population.

I am very excited, and I hope you agree to work with us! Please let me know, and we can begin the process.

**Subject:** Addressing Anti-Muslim Bullying in Schools

San Diego Chapter

October 11, 2012

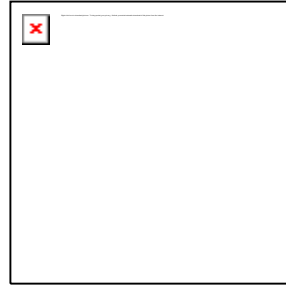

CAIR-SD

## ***From the Civil Rights Desk***

Dear Community,

Did you know that October is National Bullying Prevention Month? All around the nation, groups are coming together this month to raise awareness on the important issue of bullying in schools. CAIR-San Diego has been working on the issue of school bullying of American Muslim students throughout the year. Below, we are sharing some of our work around this issue and ways in which you can join the fight against bullying.

### **What CAIR-San Diego Is Doing To Address Bullying of American Muslim Students:**

- We are currently conducting a survey of American Muslim students between the ages of 11-18 to better understand the issues they face in public schools. The survey is available [here](#).
- CAIR-San Diego was invited by the San Diego Unified School District's Race, Human Relations, and Advocacy Department to train staff members on Islamophobia and anti-Muslim bullying.
- We are available to provide individualized workshops to the community on training parents and students on how to address bullying at their schools and educate them about the protects available to them under state and federal laws.

### **What Can Parents Do To Prevent Bullying?**

- Build a relationship of trust with your children so they feel comfortable telling you about their problems.
- Look for signs that your child is being bullied: bruises, scrapes, anxiety about attending school, etc.
- Notify the school [in writing](#) if your child is being bullied.
- Keep a record of complaints and always follow up.
- Let your child know it is not his or her fault and they have nothing to be ashamed of.
- California has laws against bullying. Keep schools accountable: Report to CAIR-San Diego at 858.278.4547.

### **What Can Students Do To Prevent Bullying?**

- If you are being bullied, tell the bully to stop and walk away.
- Do not fight back.
- You have the power to stop a bully - if you see someone being bullied, speak out.
- Telling someone is not the same as tattling - report it to a teacher and to your parents.

I cc'ed our new civil rights director Sadaf Tajzoy Hane, since she will be handling any civil rights cases.

Good Morning Ms. Brigham,

It was a pleasure finally meeting you person last week. As requested by Mr. Shaheed. I would like to set up with him and his associates the next phase of our discussion and partnership by scheduling a training session on Islamophobia. Please let me know what dates are most appropriate for Mr. Shaheed and his staff. This will be a powerpoint presentation and if two hours can be allotted that would be great. All I would need is a projector and screen. I can provide the laptop.

**Subject:** Arranging training presentations with Race/Human Relations Program Staff

Good Morning Ms. Brigham,

As per Mr. Agin Shaheed's request, I wanted to arrange a date and time that you want CAIR-San Diego to give training to the Race/Human Relations staff on the following areas:

1. Introduction to the Council on American-Islamic Relations work (1 hour power point presentation)
2. Teaching Against Islamophobia (2 hour power point presentation) – this presentation is based on the book that I gave to Mr. Shaheed.

The approximate times for the presentations does not include question and answers session. Q & A usually lasts about 30 minutes. Because they are two separate presentations, I was hoping to have one day to address the work of CAIR and the other to deal specifically with Teaching Against Islamophobia.

Please let me know which dates and times that most convenient for your office.

As Salamu Alaykum Brother Agin,

Alhamdulillah hope all is well with you and your family. A parent **Redacted** reported to us two incidents involving her son being called a terrorist and another more serious one. She has approached the VP of the school (Muirlands Middle School). I gave her your office number to arrange a meeting with her. We would also like to be involved in this meeting. I think this could potentially be a case for bullying.

Dear Mr Shaheed,

On behalf of the Council on American-Islamic Relations San Diego Chapter (CAIR-San Diego), I have the pleasure of extending you an invitation to attend our 5th Annual Banquet in the Serra Mesa area of San Diego, California. The program will be held on Saturday, February 26, 2011 from 6 PM to 10 PM at the Four Points Sheraton. Our banquet attracted over 400 persons last year.

CAIR is the largest non-profit, grassroots organization serving the Muslim community in America. CAIR is dedicated to presenting an Islamic perspective on issues of importance to the American public. In offering that perspective, we seek to empower the Muslim community in America through political and social activism. While based in Washington, D.C., CAIR has chapters in major cities across America.

This year, the theme of our banquet is "Carrying the Legacy, Advancing With Confidence". Our keynote speaker will be Dr. Jack Shaheen, author of the best-selling book *Reel Bad Arabs: How Hollywood Vilifies a People* and former CBS News consultant on Middle East Affairs. Invited guests also include various local public officials, interfaith leaders, and other community activists.

As the American Muslim population in San Diego County, numbering almost 100,000, becomes more politically and socially involved, it is very important that we have the support of community activists like you. We humbly request your presence at our Banquet. Please accept my highest regards and I look forward to seeing you there.

Please RSVP as soon as possible by contacting CAIR-San Diego at [ehopida@cair.com](mailto:ehopida@cair.com) or (858) 278-4547 and your complimentary ticket will be available to you at the registration table on the night of the event. If you have any questions, do not hesitate to contact me at the same number or email.
